If You Have a Sick Child This is Surely a Message of Hope.

This is the best of news for parents of weakly or sickly children. It is a fact that our people have heretofore not had the same opportunity for having their children who suffer from chronic or lingering complaints treated and cured by eminent specialists in children's diseases as do the residents of the great cities where such skilled physicians reside. In other words our people have been debarred from seeking a cure for their children by the great physicians, owing to the cost of travel to the large city and the high fees charged by such physicians.

Here, therefore is a chance for the cure of the children of our community which should not be lost. Dr. Greene of 35 West 14th St., New York City, who is beyond doubt the most successful specialist in curing diseases of children, offers to give free consultation by mail in all cases of children's complaints. Parents have the privilege of consulting Dr. Greene by letter, describing their children's diseases and he will, after carefully considering the symptoms, write a letter fully explaining the trouble, telling everything about their complaint so plainly that you will understand exactly what ails your children. He will also give his advice, founded upon his vast experience and wonderful success in treating such cases, as to just what to do to effect a cure. All this will cost you nothing and you can thus have consultation with the best known physician and acknowledged most successful specialist in the world without leaving home and at no expense whatever. The Doctor is the discoverer of that greatest of medicines, Dr. Greene's Nervura blood and nerve remedy and has discovered many other most valuable remedies. Write to him now about your child, for this is a chance of cure which you may never have again.

ALINE.

The terrific storm of last Tuesday night did considerable damage through this locality, tearing trees out of the roots, uncovering several buildings partly and doing other damage to property. Portzline, and Treas., Eugene Markley. The Communion services held in the Grace's United Evangelical church on Sunday evening were well attended and Rev. A. Stapleton, P. E., delivered an excellent sermon.

An Honest Dollar.

We can't get along with one kind of a dollar worth 100 cents and another kind worth only 53 cents. The unit of value must be equal, just as it is in weights and measures, or else the people will be cheated. When you buy a bushel of wheat or potatoes the persons buying and selling know that it means four pecks; no more, no less. Not three pecks or two pecks, but four pecks, and that same certainty must apply to our money—every dollar must be worth exactly 100 cents, without the shadow of variance. "We want no 53-cent dollars in this town" is a good motto everywhere. A 53-cent dollar cheats everybody. Vote against it. Vote for sound currency and an honest dollar by voting for McKinley & Hobart and the whole Republican ticket.
