## HOW TO PREVENT CROUP.

SOME READING THAT WILL PROVE IN TERESTING TO YOUNG MOTHERS. HOW TO GUARD AGAINST THE DISEASE Cropp is a terror to young mothers

and to post them concerning the cause, first symptoms and treatment is the object of this item. The origin of croup is a common cold. Children who are subject to it take cold very easily and croup is almost sure to follow. The first symptom is hoarseness; this is soon followed by a peculiar rough cough, which is easily recognized and will never be forgot ten by one who has heard it. The time to act is when the child first be-comes hoarse. If Chamberlain's Cough Remedy is freely given all tendency to croup will soon disappear, Even after the croupy cough has developed it will prevent the attack. There is no danger in giving this remedy for it contains nothing injurious. For sale by all druggists.

Good advice: Neverleave home on a journey without a bottle of Cham-berlain's Colic, Cholera and Diarrhoea Remedy. For sale by all druggists.

Houtz's School, Oct. 8, 1896.

There is a building old and small, Which we Houtz's school house call; Engaged at studies and also plays. It is here we learned that golden rule,

"Learn your lessous well at school." But oh ! our minds so oft did roam And we had to study well at home.

Many a teacher here we had, Some were good and some were mad; Some suited the people and some

did not. But than such is the teacher's lot.

The beys did run and had many a

As on the play gound they would And we sle had just as good a time

As any school along the line, But soon our select lays will be past

Such good times do not always last Perhaps many miles from our beloved home.

But of all the things that we hold dear

It is the days that we spent here; And may God's blessing always rest, On Houtz's school, which we love

HOOD'S Sarsaparilla has over and over again proved by its cures when all other preparations failed, that it is the One True BLOOD Purific.

At the Reformed Parsonage, New Berlin, Oct. 29th, by the Rev. S. Sid-ney Kohler, Adam Ripple of New Berlin and Miss Jennie Bruner of Paxtonville.

I furnish all sizes from a hand cutter to a cutter that will cut and split from S to 9 tons per hour. Farmers will get twice the value out of their corn fodder by cutting it. The Tornado Feed Cutter prepares the fodder in such an elegant style that your cattle will not get sore months. It will pay for itself twice in one season. Fellow farmers, who are especially short in feed, give it a thought. Call or write for catalogue giving full information.
