

Pennsylvania Deutsches
Schiffelstown, Daitzenber 9, 1890.

Mrs. Robert Cornelius died on Sunday morning. She was about 84 years old. She was a devoted Christian and a kind mother. Samu'el Wolf is wearing a smile since a bouncing boy came to his house to stay. Rumor has it that there are going to be a number of weddings over Christmas. I. E. Bilger and Nelson Albert drove to Krutzeville on Sunday. C. Aurand, Maurer's obliging clerk, who was sick for a long time, is so well that he is able to walk to the store and back but is unable to do any work. On Saturday morning Harry Seebold's barn had caught fire by Harry upsetting his lantern, but fortunately the fire was extinguished before it spread. A few minutes more and half of the town would have been on fire. The two schools have closed for a two weeks' vacation. The drama rendered by the college boys was a success. Paul Reitmeyer is sick with pneumonia. J. Maize's daughters, who had been sick, are better again.

NEW BERLIN.

The Discovery Saved His Life.
Mr. G. Gailouette, Druggist, Beaver ville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with LaGrippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at Graybill, Garman & Co.'s store, Richfield, Pa. and all druggists.

Art Calendars for 1897 Free.
The publishers of "The Philadelphia Press" announce that they will give free to every reader of "The Sunday Press" art calendars for 1897, worth easily \$1.00. The calendars will be in four parts, one of which will be given free with "The Sunday Press" on each of the next four Sundays—December 20, December 27, January 3 and January 10. The first part will be supplied with a silken cord, which will serve to fasten all the parts together. Each part is a work of art which will beautify any room. The supply of these calendars is limited, so that all who want them had better order "The Sunday Press" in advance.

COLUMBIA CALENDAR FOR 1897.
The twelfth annual issue of the Columbia Pad Calendar has made its appearance in more pleasing form than ever before, having scattered throughout its daily leaves many charming illustrations, with an appropriate thought or verse for each day in the year. Among the topics are bicycling, outdoor life, and good roads. The cycling fraternity, to say nothing of the general public, has acquired a decidedly friendly feeling for the Columbia Calendar, and its annual advent is always looked forward to with interest and pleasure. The 1897 calendar contains a unique arrangement of dates that will prove very helpful and convenient to busy men, and plenty of space is allowed for memoranda, so that the block may be used as a diary, or in any event will become a storehouse of the many little things one desires to be reminded of day by day.

TIRED SALESWOMEN.
EMPLOYERS SHOULD BE MORE CONSIDERATE.

Interesting Statement by a Young Lady in Brooklyn.
In the vast retail establishments of large cities, many women are employed as saleswomen. Men formerly held the positions that women now hold, and while women's organization is less strong than men's they are expected to do the same work. Their duties compel them to be on their feet from morning to night, and many of them, in a short time, contract these distressing complaints called "female diseases."

Then occur irregularities, suppressed or painful menstruation, weakness, indigestion, leucorrhoea, general debility and nervous prostration. They are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues and hopelessness. In such cases there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound, at once removes such troubles. The following is a sample: "My dear Mrs. Pinkham—After writing you, and before your answer came, I was too miserable to go to the store, and so lost my position. That was five weeks ago. I am now back again in my old place, and never felt so well in all my life. The bearing-down pains and whites have left me, and I am not a bit nervous or blue. Life looks brighter to me. I don't get tired, my temper is real sweet, and I could scream right out sometimes for joy. Your Vegetable Compound is my stand-by. You don't know how thankful I am to you for saving me from suffering. Every woman in my position should know of your wonderful remedy. I never saw you, but I love you for being so good to me." —EORR—W. 6th Ave., Brooklyn, N. Y.

The BURCAM Concave Lock and Positive Drop Weather Strips. (Pat. Feb. 14, 1888.)
Applicable to Doors and Windows of Dwelling Houses, School Houses, Churches and all Public Buildings. NONE SO DURABLE, NONE SO EFFECTIVE. Doors and windows will shrink, but there is a way to render them air tight, by laying a sensible weather strip. It must not have any rubber, for that becomes hard in a season when exposed. Neither any felt, as that also becomes hard. The strip to buy is made of all wood, which is as durable as your doors or windows. When in need of a weather strip, buy the best, which is BURCAM CONCAVE AND DROP, without any rubber or felt to become hard by out of door exposure. NOW AS TO COST. I will apply my weather strip to windows and doors at 5 cents per foot. Bottom strips 75 each. Hard wood strips, C. & D. at 6 1/2 cents per foot. Hard wood bottom strips at 90 cents each, allowing a discount according to amount applied to a building. TERMS: Cash when job is completed and satisfaction guaranteed. Yours at command, GEO. M. NOLL, Agent, Veridia, Pa. N. B.—I will call with working model and estimate what is needed, if desired. 12-17-11.
