WEST BEAVER.

Milton G. Reitz, expects to quit farming in the spring, providing he is awarded the contract for carrying the mails from Millintown to Selingsgrove. W. H. Knepp sold his family horse to Wilson Ulsh last week. It has been reported that West Beaver will have four applicants for carrying the mails between Millintown and Selingsgrove. Mrs. J. H. Herbst is still confined to her bed with rheumatism. F. Gaudrum, administrator of J. O. Goss, dec'd estate, expects to saw out the balance of a timber tract left at the death of J. O. Goss. W. F. Howell seems to be the busiest man at McClure as he has on the road, almost every day from five to eight teams hauling props. Our different Sunday schools are making preparations to hold an exercise on Christmas day. It has been reported that Isaac Middlewarth's son will take charge of the Baker House at McClure in the spring. Brose Peter moved to Millin where he has accepted a job as teamster for Lawrence Goss.

WORKINGMEN FOR WANAMAKER.

Glassblowers of Bradford Adopt Strong Resolutions of Indorsement.
 BRADFORD, Dec. 22.—The glassblowers of Bradford have indorsed the candidacy of John Wanamaker for the United States senate in the most enthusiastic manner.
 After the passing of the resolutions every man constituting the Bradford branch of the Glass Bottle Blowers' association of the United States and Canada signed a petition addressed to the Hon. Walter T. Merrick, the Hon. H. H. North and the Hon. R. A. Dempsey praying them as representatives in the senate and house to vote for John Wanamaker for United States senator.

The resolutions are as follows: "Resolved, That organized labor owes to John Wanamaker a debt of gratitude for the fidelity and firmness with which he stood for the interest of the street car men in Philadelphia as an arbitrator of their difficulties last winter.

"Resolved, That Mr. Wanamaker is a man who knows for himself what it is to work for wages; that from youth to manhood his interests have been joined with the interests of wage earners; that he now gives employment at fair wages to thousands of men, women and children in Philadelphia; that in the employment of labor it is true that he does not discriminate against any nationality, but that he gives preference to the laborers of this country of whatever race or whatever they may have been born; that if he has in a single instance been found to have imported labor engaged abroad it was only so adjudged through technical construction; that this organization has no knowledge that he has ever imported labor in any instance where similar labor could be obtained in this country; and that he, therefore, deserves the high confidence of all the citizens of Pennsylvania who earn a living by the sweat of their brow.

"Resolved, That the working people of this country would have a faithful, earnest and efficient representative if John Wanamaker should be elected to the United States senate, and we, therefore, the Bradford branch of the Glass Bottle Blowers' association of the United States and Canada, hereby respectfully appeal to the legislature of Pennsylvania, and especially to our immediate representatives in the house and senate, Hon. H. H. North, Hon. R. A. Dempsey and Hon. Walter T. Merrick, to support the election of Mr. Wanamaker by their votes and influence."

NERVOUS Troubles are due to impoverished blood. Hood's Sarsaparilla is the One True Blood Purifier and NERVE TONIC.

IN FAVOR OF WANAMAKER.
 Lock Haven Business Men Organize by Electing Officers.

LOCK HAVEN, Dec. 8.—The Lock Haven branch of the National League of Business Men has been permanently organized and the following officers have been elected: President, Wilson Kistler; vice president, C. M. O'Connor, J. A. Wilson, G. T. Michaels, T. H. Harmon, J. B. Furst and W. H. Mann; secretary, E. E. Adams; treasurer, H. C. Evans. The following resolution was adopted:
 "Resolved, That we earnestly and urgently request our representatives in the senate, M. L. McQuown, and assembly, James W. Fredericks, to use all honorable means to secure the election of John Wanamaker to the United States senate, believing that in so doing they will represent a great preponderance of the sentiment of our people and will reflect credit upon themselves and upon the county."

Plymouth Business Men.
 PLYMOUTH, Dec. 22.—The business men of this place have organized a branch of the National League of Business Men, and the membership includes nearly all of the prominent men of the neighborhood. It is formed with the idea of permanency, and while it has jumped into the senatorial fight as the first important issue that is not by any means the only aim. The resolutions indorsing Wanamaker for the Cameron succession were adopted with every manifestation of enthusiasm, and they clearly express the sentiment of the people in this part of the state.

Harper's Weekly
 IN 1897
 With the end of 1896 HARPER'S WEEKLY will have lived forty years. In that time it has participated with all the great power of its command in the great political events of the most interesting and important period in the history of the country, and it has spread before the readers the accomplishments of science, arts and letters for the instruction of the human mind and the amelioration of human conditions and of manners.

What the WEEKLY has been in its spirit, and purpose, as they have been manifested principally in its editorial pages, it will continue to be.

It is impossible to announce with precision all that the WEEKLY will contain during the year 1897. It were as easy to announce what is to happen in the world, what triumphs of good government are to be won, what advances of the people are to be made, what is to be the outcome of the continuous struggle between the spirits of war and peace, what is to happen in the far East, what is to be the state of Europe twelve months hence, what new marvels of science are to be revealed, or what are to be the achievements of arts and letters, or the WEEKLY is to be a pictorial record of all this.

Cancer Can be Cured.

It is very often that the most insignificant symptoms are forerunners of the most violent disease. There is not a more destructive disease than Cancer, and in a majority of cases it is first indicated by a very small pimple or sore, to which no attention is attracted, until it before long develops into the most alarming conditions.

Here is another case where the first symptoms of a most violent Cancer were too small to receive much notice until the disease had fully developed. Mrs. Laura E. Mims has resided at Smithville, Georgia, for years, and is well known throughout the adjoining country. In a recent letter she tells of a wonderful case.

She says: "A small pimple of a strawberry color appeared on my cheek; it soon changed to purple, and began to grow rapidly, notwithstanding all efforts to check it, until it was the size of a partridge egg. My eye became terribly inflamed, and was so swollen, that for quite a while I could not see. The doctors said I had Can-

cer of the most malignant type, and after exhausting their efforts without doing me any good, they gave up the case as hopeless. When informed that my father had died from the same disease, they said I must die, as hereditary Cancer was incurable. I was terribly reduced in health, and felt as if my life was wasting away.

"At this crisis, I was advised by a friend to try S. S., and in a short while the Cancer seemed more inflamed than before. I was informed that that was favorable, however, as the medicine acts by forcing out the poison through the pores of the skin. Before long the Cancer began to discharge and continued to do so for three months; then it began to heal. I continued the medicine a while longer, until the Cancer disappeared entirely, and I enjoyed better health than ever before. This has been several years ago and there has not been a sign of a return of the disease."

Cancer is becoming alarmingly prevalent, and manifests itself in such a variety of forms, that any sore or scab, it matters not how small, which does not readily heal up and disappear may well be regarded with suspicion.

The fact that S. S. (guaranteed purely vegetable) cures hereditary Cancer, which is considered incurable, places it without an equal as a sure cure for all manner of real blood diseases, such as Scrofula, Eczema, Contagious Blood Poison, or any other form of bad blood. Our treatise on Cancer and Blood Diseases will be mailed free to any address by Swift Specific Company, Atlanta, Georgia.

Little Men and Women
 We call them little men and little women, but they are neither. They have ideas and ways all their own. Fortunately they soon become fond of cod-liver oil, when it is given to them in the form of SCOTT'S EMULSION. This is the most valuable remedy in existence for all the wasting diseases of early life. The poorly nourished, scrofulous child; the thin, weak, fretting child; the young child who does not grow; all take Scott's Emulsion without force or bribe. It seems as if they knew that this meant nourishment and growth for bones, muscles and nerves.

Book telling more about it, free. It won't pay to try a substitute for Scott's Emulsion with the children. They will relish the real thing. For sale at 50c. and \$1.00, by all druggists.
