Yellow Kid Schottische.

We have just received a copy of the aboved-named Schottische com posed by Charlie Baker, the popular music writer. This piece of music is without doubt destined to have an unprecedented run of popularity. Most of our readers are aware that the character of the "Yellow Kid" is now the reigning fad throughout the East, being the feature of the illustrated weeklies and newspapers. It is very easy, remarkably pretty, and can be played on piano or organ.

Price 40 cents per copy. All readers of our paper will receive a copy by sending 25 cents in silver or postage stamps to The Union Mutual Music Co., 265 Sixth Avenue, New York.

This Man Ate Sand and Rocks. The following, by Rev. R. C. Barr, a reputable writer, is from The North British Monthly Register for March, 1760: Early this year (1760) there was brought to Avignon a true lithophagus, or stone eater. He remedy is S. S. S. (Swift's Specific). not only swallowed flints an inch long and a half an inch thick, but such other stones as he could reduce to powder with his teeth, such as common pebbles, gravel, sand, etc. The softer stones he chewed with his teeth until they were reduced to a sort of paste, which seemed very agreeable to this queer creature's digestive apparatus. . . . His saliva was very corrosive, so much so that scrubbing compounds would not clean the spots which were made by his spitting on the iron floor.

Two Weeks in Florida.

To see Florida is a pleasure; to visit it is privilege; but to spend a fortaight within its borders is an epoch. There is a great satisfaction in witnessing the ripening of tropical fruits in their own native land, and a peculiar joy in wrestling with old ocean's waves when lakes and rivers at home are all teebound. One an prectates the wonders of modern invention and railroad development upon leaving the neighberhood of good skating one day and finding hinself in the vicinity of good bathing the next. Yet this can be done, and the man who prefers hunding or fishing will take his accourrements along with him, for Florida extends a cordia invitation to all sportsmen.

Whoever would exchange for two weeks the uncertain climate of the North for the delightful and Spring-like sunshine of Florida should take the personally-conducted Jacksonville tour of the Pennsylvania Railroad which leaves New York by special train January 26. Excursion tickets for this tour, including rallway trans portation, Pullman accommodations (one berth) and meals en route in both directions while travefling on the special train, will be sold at the tollowing rates : New York, \$50.00; Phila delphia, \$10.00; Canandaigua, \$52.85; Erie. \$51. 00; Wilkesbarre, \$50.35; Pittsburg, -53.09 and at proportionate rates from other points.

Abominable Catarrh.

cured of any disease, no matter how constant and persevering the treat-ment, when that treatment is altogether misdirected, and can not possi-bly reach the trouble.

This explains why those afflicted with catarrh meet with so much discouragement. Though they faithfully take the usual treatment consisting of sprays, washes, etc., and pass through the summer without much discomfort, as soon as cold weather returns, they find themselves more firmly in the grip of the disease than ever. Such results could hardly be expected if the proper treatment had been given.

Any one who has had experience with cafarrh will readily admit that it is one of the most obstinate of diseases; it is easy to see, therefore, that it is deep-seated, and that no remedy which merely reaches the surface can have the slightest effect upon it. The only known cure for catarrh is a real blood remedy, one which gets at the seat of the disease—the cause of the trouble and forces it from the system. Such :

Mr. H. P. Cook.

Mr. H. P. Cook, of 32 Walker street, Atlanta, Ga., suffered intensely from

catarrh. He says: "I at first thought I had only a bad cold, and didn't give much attention to the obstructions in my nose and throat. This soon became noticeable, and began to so inconvenience me, that I applied for treatment and was given the usual local applications of sprays, washes, etc. The immediate effect of the treatment was to relieve me, but only for a short time after application, and I could easily see that the disease was growing worse stead-ily, and seemed to grow deeper toward my lungs; my nose and throat were constantly choked up, so that I was all the time hawking and spitting, and to add to it all, the disease became very offensive. I was unable to obtain much sleep, being compelled to get up constantly during the night to clear

my throat and keep from choking. ()
"I tried various treatments without relief, as none of the medicines seemed to reach the disease. Finally, some one recommended S. S. S., and before I had finished one bottle, I felt better. I continued the medicine, and it cured me permanently. I truly believe S.S.S. is the only cure for catarrh, the most

abominable of all diseases. S. S. S. is unlike all other blood remedies, because it is more than a mere tonic, and goes directly to the seat of all blood diseases, and cures the most aggravated cases of Cancer, Catarrh, Rheumatism, Eczema, Scrofula Contagious Blood Poison, etc. S. S. S.

A certain amount of fat, burned daily, would keep your body warm and healthy. But your digestion is bad, and you don't get it from ordinary fatfood. Hence you are chilly, you catch cold easily, you have coughs and shivers; while pneumonia, bronchitis, or consumption finds you with no re-

Do this. Burn better fuel. Use SCOTT'S EMULSION of Cod-liver Oil. Appetite and digestive power will revive; and soon a warm coating of good flesh will protect the vital organs against the cold and the body against disease.
