

Growing Children

One-third of all the children die before they are five years old. Most of them die of some wasting disease. They grow very slowly; keep thin in flesh; are fretful; food does not do them much good. You can't say they have any disease, yet they never prosper. A slight cold, or some stomach and bowel trouble takes them away easily.

SCOTT'S EMULSION of Cod-liver Oil with Hypophosphites is just the remedy for growing children. It makes hard flesh; sound flesh; not soft, flabby fat. It makes strong bones, healthy nerves. It changes poor children to children rich in prosperity.

Book about it free for the asking. (2) No substitute for Scott's Emulsion will do for the children what we know Scott's Emulsion will do. Get the genuine. For sale by all druggists at 50c. and \$1.00. SCOTT & BOWNE, New York.

MARRIED.

Feb. 22, in Middleburgh, by Rev. D. D. Buddinger, M. S. Wanda of Hamokin Dam and Miss Elida J. Bause of New Berlin.

Feb. 18th, in New Berlin, by the Rev. S. Sidney Kohler, Elmer H. Maurer of Dry Valley Cross Roads and Miss Florence E. Ritter of Winfield.

Too Much Knife!

The use of the surgeon's knife is becoming so general, resulting fatally in such a large number of cases, as to occasion general alarm.

Mr. William Walpole, of Walshtown, South Dakota, writes: "About three years ago, there came under my left eye a little blotch about the size of a small pea. It grew rapidly, and shooting pains ran in every direction. I became alarmed and consulted a good doctor, who pronounced it cancer, and said that it must be cut out. This I would not consent to, having little faith in the indiscriminate use of the knife. Reading of the many cures made by S. S. S., I determined to give that medicine a trial, and after I had taken it a few days, the cancer became irritated and began to discharge. This after awhile ceased, leaving a small scab, which finally dropped off, and only a healthy little scar remained to mark the place where the destroyer had held full sway."

A Real Blood Remedy.

Cancer is in the blood and it is folly to expect an operation to cure it. S. S. S. (guaranteed purely vegetable) is a real remedy for every disease of the blood.

Your Boy Won't Live a Month.

So Mr. Gilman Brown, of 34 Mill St., South Gardner, Mass., was told by the doctors. His son had Lung trouble, following Typhoid Malaria, and he spent three hundred and seventy-five dollars on doctors, who finally gave him up, saying: "Your boy won't live a month." He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go to work a perfectly well man. He says he owes his present good health to use of Dr. King's New Discovery, and knows it to be the best in the world for Lung trouble. Trial Bottles Free at Graybill, Garman & Co.'s Store, Richfield, Pa. and all druggists.

Dr. Greene's Nervura blood and nerve remedy is indeed "The World's Great Spring Medicine." It has come to be recognized as the best possible spring medicine to take, and the people everywhere use it during the trying spring months to tone up anew the relaxed nerves and reinvigorate and enrich the blood. A spring medicine is a necessity if one wishes to keep in perfect health and vigor during the changes from winter to summer. This perfect spring medicine, Dr. Greene's Nervura blood and nerve remedy, is

exactly what the system needs at this season. It not only purifies, but makes rich, red blood; it not only strengthens and invigorates the nervous system, but re-energizes and revitalizes the nerves by feeding them with renewed nerve force and power; it is not only an aid to digestion, but it creates a regular, natural, and healthful action of the bowels, liver, and kidneys, which in the spring are always sluggish and inactive. By all means use Dr. Greene's Nervura blood and nerve remedy this spring.

At once a Dictionary and an Encyclopedia. Cost \$700,000 to make it.

Four massive volumes. Weight about 40 pounds. 50,000 Encyclopaedic Topics. 350,000 words defined. About 6,000 Royal Quarto Pages.

3 1/2 CENTS A DAY BUYS IT.

WE GUARANTEE that these volumes, except for slight rubs or abrasions on the binding, are precisely the same as those sold at full prices. Yet we cannot offer them as perfect stock and our loss shall be your gain. This is positively the Greatest Bargain ever offered in a strictly high-class standard publication. For those who are trying to "get along" with older and inferior reference works, this is a really wonderful opportunity.

WHAT THE ENCYCLOPAEDIA DICTIONARY IS

It contains over 250,000 defined words—110,000 more than Webster, 135,000 more than the Concise—2,000 the history, derivation, spelling, pronunciation, and correct meanings of each legitimate English word. It is now accepted as an unquestioned authority wherever the English language is spoken. It is one of the best of all encyclopaedias, because practically useful as well as the latest and most scholarly. \$6,000 on cyclopaedic subjects—the Britannica has about \$7,000. Just think of it! The whole range of human knowledge condensed for your instant use by such world-famous scientists as Huxley, Proctor, and a hundred other educators of hardly less renown. It is a time-saver for busy men; a college education for plodding students; a brain developer for ambitious mechanics; an inexhaustible treasure-house of information for each member of every family. It easily takes the place of any half-dozen other reference books that could be named. It is truly a family necessity.

It is an ornament to any library; beautifully printed and substantially bound; four great volumes, profusely illustrated, costing more than \$700,000 to produce, and never before offered (except during our recent introductory sale) for less than \$42.00 to \$70.00 a set.

Over One Thousand Testimonials have been voluntarily accorded this work by College Presidents and Professors, Literary Celebrities, Senators, Judges, Scientists, etc., etc.
