It is said that the Keating Wheel Co., Middletown, Conn., desire a good agent in Middleburgh. Commissioners' Office.

The Commissioners have made the rate of tax for county purposes at 3 mills which will make a total tax of about $14,500. The total valuation last year was $4,847,354. The average valuation last year for horses was $27 each; cows, $15. It has been decided that the assessors shall assess horses so that the average shall be $22.50; cows, $17.25. This action of the commissioners was due to the fact that the average last year varied from $30 to $18 in the averages of the valuation of horses from different districts.

Conductor Wolfkiel's Narrow Escape.

Andy Wolfkiel, the veteran and efficient conductor on S. & L. mail, made a narrow escape from serious injury if not death, near Beavertown, last Wednesday afternoon. Andy's train had run onto the siding to allow a double-header to pass, and while standing on the lower steps of the smoking car an individual who had been indulging excessively in strong dring staggered out of the car and down the steps, bumping Mr. Wolfkiel with such force as to almost knock him off the car against the fast-running freight. Fortunately he succeeded in grasping the guard railing and thus saving himself from what might have been sure death. It is unnecessary to state that Mr. W. hustled the inebriate back in to the car with more speed than he had emerged from it. —*Lewistown Free Press.*

Good Suggestions.

People shouldn't growl because a newspaper fails to have every scrap of news so long as you take no trouble to give the information. We have heard of readers who have been awfully put out because no note is made of the arrival or departure of friends visiting them, or of social affairs of Heaven sent babies that visit their home during the night. The average newspaper man isn't medium nor a mind reader, but must depend upon those who have a scrap of information to give to him.—*Ridgway Star.*

Silver is down very near the lowest point which it ever touched, while wheat is at a high level, and is likely to go higher. Nobody hears the parrot talk now of silver and wheat being yoked together, but this is because the silver issue is dead, temporarily or eternally. If the issue should be resuscitated in 1900 the follies and falsehoods of 1896 would be repeated.

AN ELOPEMENT.

Mifflinburg Lovers Skip Out for Parts Unknown.

Lewisburg News.

The Mifflinburg *Telegraph* gives the following account of a sensational elopement that has set all Mifflinburg to talking:

"Wm. E. Wise and Mrs. Benjamin Hackenburg, both of this place, left for parts unknown on the morning train east on Tuesday last. The former deserts a feeble wife with three children, the eldest not over 11 years, and the latter a husband and the same number of children. We have been informed that each left written messages to the effect that they would prefer death to capture. We might fill a column with the gossip afloat concerning them, but the above tells the whole story.

Mr. Hackenburg is a fine young man and industrious; and Mr. Wise is a true lady and mother."

[This (Friday) morning Mr. A. D. Miller, father of Mrs. Wise, called at the *News* office on business. He informed us that he had just returned from Danville where he had taken his daughter for treatment. Soon after her husband had deserted her she became despondent, followed by violent outbreaks until it became clear to her physician that she had, temporarly at least, lost her reason, and for her own comfort and safety was taken to the Danville Hospital. The whole affair is most unfortunate, involving as it does the family names of some of the most highly esteemed people in and near Mifflinburg. Mr. Miller said that Wise had made love to his daughter when she was a girl of seventeen attending his school in West Buffalo Township. He objected to the marriage at first, but Wise pressed his suit, professing the deepest affection for her. In an evil moment the father yielded to the entreaties of the young lovers and they were married. All went well until the husband became enamored of Mrs. Hackenberg. His love was passionate, in fact her charms seemed to hypnotize him, and that he might more freely devote himself to her, the elopement was planned and consumated. We predict, however, that the "novelty" and romance of this sort of a mix-up will be very quickly dissipated, *and then the remorse, the hell of a condemned and guilty conscience!* There will be two very mournful and penitent eloping sinners coming back to Mifflinburg in a few months seeking shelter and reconciliation.—ED.]

Postmasters to Hold Four Years.

WASHINGTON, March 15.—Postmaster-General Gary made the definite announcement to-day that the administration, after due deliberation, has decided to adhere to the four-year tenure of office, policy for all postmasters. He stated that except in a few cases where removal for cause was required on account of delinquency, incompetency, or other instances of unsatisfactory conduct or administration of the office all postmasters, fourth-class as well as those of Presidential appointment, would be allowed to serve out a term of four years. This official statement of policy, one of the most important so far determined upon by the administration, has been awaited with great interest by the entire corps of postmasters, and by the patrons of 70,675 postoffices throughout the country.

Something to Consider.

You are weak, sick, out of health. You have tried local doctors. Did you ever stop to think that it is the great specialists in your disease who can cure you, the physician who can cure you, the physician who treats and cures thousands of cases like yours? Dr. Greene, 35 West 14th St., New York City, is the most successful of all specialists and has the largest practice in the world. You can consult him free. Write to him without delay and he will explain by letter your case fully. This will cost you nothing and doubtless lead to your cure.

BOODLE VICTORY.

The Triumph of Promises, Whiskey and Boodle of no Significance.

Beavertown, Pa., March 22, 1897.

ED. POST:—

By a letter from Middleburgh published in last week's issue of the *Weekly Herald* I learn that some of our political friends are still groping alone in the dark.

By stating that the "Combine is dead" by the rejection of a few and the election of another as chairman of the Republican Standing Committee of the County of Snyder does not in the least substantiate the idea that there existed a "Combine," much less that it has been killed.

I wish to state, however, that there existed a combine some time ago who had the recognition by State leaders as leaders of this county in politics when they never were able to secure the majority ballot at a single election. This combine died a natural death. It died at the voice of the general population of Snyder county, but it is still trying to survive defeat as does the rooster when deprived of its head. The combine met its fate by the execution of true and honest convictions of right of at least a majority of voters as you all know; and when the majority of a common people give their decision a free and unrestricted ballot, they cannot be called a combine. A combine is just what Mr. Middleburgh wishes to lift out of the mire and hold up to us as Moses did the snake in the wilderness. O no, we saw it before it went into the mud. It is true we have our leaders in the different departments and they aren't little boys either as he tries to intimate. They have not bought us much less sold us. They are men who are neither very likely to betray us, but if they do; woe be upon their heads politically. I think they are doing as well or better than any other men in Snyder county could; at least we thought so when we voted. We have also elected candidates heretofore who paid their canvassing expenses out of their own pockets with their own silver and gold, and we can do so hereafter. I do not think that the right man in the right place need have a large amount of money from higher sources outside of the county to spend lavishly to be successful. History does not justify that fact.

As for the cry "The Combine is dead;" they have let the cat out of the bag and we are very glad of it. We know just exactly who belong to their gang and there are no excuses accepted from men who cry "no gang." Men don't stand alone in these days. I am not going to become specific in menticning names. You all know. I pity the man who thinks that the rising generation should be kept in the dark and old worn out men remain in office until they sail safely into the celestial worlds, and then give our government into the hands of the inexperienced boy. And furthermore he is badly fooled if he thinks that we are boys. We are young, middle-aged and old men. We have in this common populace, which the man from the centre calls a combine, men whom we measure intellectually, morally and politically with any man in his rotten combine.

Those men will meet with the same fate, under the auspices they are marching, as they met with heretofore. Our motto and issue will be "No Combine." "No Corporation." You understand?

And we don't care either what the Committee does on this point, as it is very often of late composed of men whose names are smuggled on the ticket and are in no wise a proper choice.

TRUE BLUE.

Requests to Fulfill Their Promises.

Adamsburg Herald.

Dr. Smith's mail for the last few days consisted largely of congratulations on his election to the chairmanship of the Republican Standing Committee.
