PENNSYLVANIA LEGISLATURE.

April 6-The calendar was filled with bills on third reading, and several bills passed this stage, A bill specifically applying to state ap-propriations for schools to cities of the first-

explosion occurred in the bank and the de-tonation was so load that it arroused aimost the entire population. Three men were im-plicated in the robbery. The explosion was evidently heavier than they intended it stoud be. As soon as they realized what a noise they had created the men field. The survey of the bank offer a reward of \$600 for the apprehension of the robbers. The burgiars inserted nitro-giverine in the lock and it went of with a noise that a timeted propriations for schools to eities of the first-class passed finally without objection. These bills passed finally: Authorizing and requiring jurists to dispose of the costs in criminal prosecutions for larceny where the value of the goods alleged to be stolen as less than §6 and in like prosecutions for as-sault and battery where felony, is charged and where the prosecutor has no responsible ground for making the charge: to prohibit any person from falsely representing himand it went off with a noise that attracted people for a great distance. The burglars fied without leaving any clue, leaving behind a kit of burglar's tools. They would have made a rich haul, as there was about \$5,000 any person from faisely representing him-self to be or faisely assuming to act as a detective or any elective or appointive office within the commonwealth; authorizing the recording of all releases, contracts, letters of attorney and other instruments of writing which a married woman is or shall be author-ized by law to execute without the jointure of her humand waiting the second these of the A new industrial home for Binir county's our children was opened Monday at Marpoor children was opened Monday at Mar-tinsburg, about twenty-three miles from Ai-toona. The new home is the project of the county commissioners, Judge Martin Bell and a number of the prominent Bialr county citizens and will, it is hoped, prove a saving to taxpayers by reducing the county aims-house expenses. The old Juniata college, built in 1858, and used until 1886 as a pri-vale seminary and then for there coars her husband making the record thereof of the same force and effect for all purposes in all respects as if unmarried and validating

prior records. April 7. Among the bills passed finally were the following: Providing for the pay-ment of bounties for the destruction of wild ats, foxes, minks, hawks, owls and wea-els; providing for levying school and school rats, sels; providing for levying school and school building taxes on the city valuation in third class either where the school district com-prises the same territory as the city vali-dating conveyances and instruments of writing executed by attorneys in fact; sup-plement to the act of May 23, 1889, to pro-plement to the act and collection of vide for the assessment and collection of special taxes upon properties abutting for ireet sprinkling and street cleaning. Senator Waiton had called up his bill cre-

sting a new expited commission and appro-priating \$559,000 for creeting a new build-ing. It passed the Senate finally without amendments and will be placed on the calendar in the House.

April 8 -- In the absence of Lieutenant-overnor Lyon, President Pro Tem Met'arrell presided over the senate to-day. Very little work was done, as the members in-sisted on calling up bills that were not on Very the calendar. Several lively tilts occurred among the senators over the calling up of bills out of place.

Among the hills reported was one to make as proceedings of the Grand Army of the

Republic a matter of public record and one to define liber and its publishment. Among the bills introduced was "An act to restrain and regulate the sale of liquors." It was presented by Mr. Mitcheil and fixes the license fees as follows: Retail licenses, ±500: boroughs, \$250; townships, \$150. The whole-sale licenses fixes the following rates: Cajes,

Son Denough, \$200; townships, \$150. A resolution was passed to the effect that when the senate adjourn it be until next Monday. No bills were passed finally by the senate. A number of bills were passed on second reading, and at 12:30 the senate ad-ournet. journed. The Walton capitol bili, aggregating \$550,-

100 for a new capitol, to be created on the site of the old building by a commission composed of the governor, auditor general, state treasurer, speaker of the House and president pro tem, of the Senate, was reported in the House, for the appropriations ommittee. The revenue blike framed by State Chairman Elkin, and the bill taxing foreign and domestic building and loan associations for

state purposes, were reported from the ways nd means committee, April 9.—Only the house was in session to and day. About 100 bills passed first reading, including that requiring mayors of cities of the second class to adverise official notices in one afternoon and one morning English newspaper having at least 10,000 circulation and one German paper having at least 5,000

circulation. Bills were reported favorably giving street railway companies the right to carry freight and conferring on them the power to emi-nent domain; regulating the height of buildings in cities of the first class. The Billss revenue bills were reported for printing in order that a thorough examination may be given them. A bill fixing the minimum school term at each months was not

WAY TO SEAL ENVELOPES

Use Any Convenient Moistener Instead of the Tongue.

For people who have heavy mails to put up this novel idea will be appreciated. It consists of a small piece of felt slipped into a nickel tinger halfring, which fits the first finger automat. feally, to be used in connection with a nickel-top glass water receiver which will hold enough water to last two weeks or more, requiring no more at tention than an automatic inkstand. It is a simple little device, much

neater than a wet sponge, and is by far the most rapid way of scaling envel

opes. The most common way of moist ening the mucilage by the tongue is an exceedingly unpleasant one, besides be ing unhealthy and unclean

FIBROID TUMOR

Expolled by Lydia E. Pinkham's Vegetable Compound.

Interview With Mrs. B. A. Lombard,

I have reason to think that I would not be here now if it had not been for Lydia E. Flakham's Vegetable Compound. It cured me of a fibroid tumor in mewomb.

Dectors could do nothing for me, and they could not cure meat the hospital. I will tell you about it:

I bid been in my usual health, but had worked quite hard. When my monthly period came on. I flowed very hadly. The doctor gave me modicine, but it did me no good. He said the flow must be stopped if possible, and he must find the cauce of my trouble.

Upon examination, he found there was a Fibroid Tumor in my womb, and gave me treatment without any benefit whatever. About that time a lady called on me, and recommended Lydia E. Pinkham's Vegetable Compound,

stild she oved her life to it. said I would try it, and did. Soon after the flow became more natural and regular, I still continued taking the Compound for some time. Then the doctor made an examination again, and found everything all right. The tumor had passed away and that dull ache was gone - MRs. B. A. LOMBARD, Box 71, Westdale, Mass.
