L. DUNKELBERGER, Milliner.

The startling news was received Tuesday morning that a bill had passed the Delaware Legislature last week divorcing Mrs. Mary Shrom from her husband, the editor of the Ledger. He declares the first intimation he had that his wife contemplated applying for a divorce came through a Dover newspaper, sent to him on Saturday, in which it was stated that the bill had passed the Senate on Wednesday, although the necessary newspaper advertising, in conformity with the laws of Delaware, had doubtless been done prior to making an application to the Legislature for a divorce.—Newport News.

Last Friday and Saturday evenings an amateur company rendered the drama, "Hickory Farm" at Beavertown. Dr. L. E. Wolfe has favored us with a lengthy article going into detail of the merits of the rendition of the play which our space, we regret, will not permit us to publish in full. The Doctor praises in the highest and most complete manner the excellent way in which each performer acted his or her part. We congratulate our sister town on its excellent array of dramatic talent and above all the fact that the people know how to appreciate such marked ability.

Bills Presented.

Senator Quay re-introduced the following Pennsylvania bills, which failed in the last Congress: For a public building at Wilkesbarre, to cost \$225,000; at Washington, to cost \$75,000; at McKeesport, to cost \$200,000, and at Altoona to cost \$125,000.

Representative Kulp introduced the following bills, which failed to pass in the last Congress: For a public building at Shamokin, to cost \$75,000; to pension Francis M. Lott and W. J. Friender of Shamokin; Eliza Koons of Danville; P. Schroub of Sunbury; Christian Heinz of Pratt; Eugene Dowling of Centralia; William D. Campbell of Espy; Alf. George Towers of Centralia; M. A. All the above wheels are guaranteed. POST, Middleburgh, Pa.

The Penn's Chautauqua

A meeting of the Board of Managers of the Pennsylvania Chautauqua was held in Lebanon last week. The time fixed for the Assembly was from July 1 to 31 inclusive. The Chancellor, the Rev. H. A. Gerdson, of New York, submitted the program which provides for about 125 public entertainments of a popular and instructive character. There will be Lectures, many of them illustrated, Concerts, Piano Recitals, Grand Choruses, Lectures in History, Literature, Natural History, the Sciences, Botany, together with excursions across the fields, besides Class Studies of the Languages and Sciences, the whole forming a month's entertainment and instruction, combined with recreation, in one of the most delightful summer resorts in Pennsylvania.

The expense of a month's stay at Chautauqua is not more than that of a week at the seashore. The Pennsylvania Chautauqua is less than 100 miles from Philadelphia, 25 miles from Lancaster, 25 miles from Harrisburg and is easily reached from all points, being on the line of the Cornwall & Lebanon Railroad which connects with the Pennsylvania at Conewago, and with the Reading R. R. at Lebanon. Special excursion tickets, good during the season, can be had at all Stations. Among some of the lecturers and instructors there will be such eminent specialists as the Rev. Dr. Weidner, Prof. Schmucker, Prof. J. Fred. Wolfe, Capt. McIlvaine, Lieut. Paary, Alexander Black, Prof. McCormick, Dr. Leon Vincent, Rev. Dr. Richards, Percy Reese, Mrs. Sarah T. Rorer, Dr. W. H. Harrison, Misses Lippincott and Mussay, Prof. Verrier Prof. Arof. Averagnet, etc., etc.

Catalogue of the Chautauqua will be ready about May 1st. For copy of advance program and other information, address the Rev. I. Calvin Fisher, Corresponding Secretary, Lebanon, Pa.

Repairing Tire Punctures.

Some American bicycle riders do not know that European riders long ago discarded all but double-tube pneumatic bicycle tires. This was done after years of experience with single-tube tires, during which time every known remedy was tried to permanently repair a puncture, but without avail. In this country, the Morgan & Wright (double-tube) tire being patented, other tire makers have tried to force single-tube tires into favor, notwithstanding their proved failure in Europe. Many schemes have been employed by the single-tube makers to stop leaks and permanently repair punctures, but without success.

A repair in the Morgan & Wright double-tube tire is easy to make, and is permanent. Inside the inner tube, all the way around, is a thin strip of patching rubber. To make a repair pump up the tire; then inject some quick-repair cement inside the inner tube. By pressing down on the casing with the thumb at the puncture this cement will pick up the patching strip and close the puncture.

Dr. Crafts, Chairman of the National Reform Bureau, has been successful in securing legislation prohibiting the exhibition through kinetoscope or other means of brutal exhibitions like prize fights. As chairman of the Reform Bureau he was instrumental in preparing a bill which was introduced in the Senate by Mr. Hoar, and is known as Senate Bill, No. 1187, and will soon come before the attention of the house. We would suggest to all who read this to write personal letters to our senator and congressman, urging them to lend their assistance to support this worthy bill.
