America's Share in the Cuban Shame,

During the forty years that have

since elapsed all the interested powers have recognized expressly or implicitly the position that was then publicly assumed by our government. So, however unpleasant it may be, we must admit that when the consular representatives of France and of England in Cuba say as I have heard Irvin Kinney has sold the old many of them say, in commenting upon the unparalleled horror of the situation, that the government and to intends to rebuild on the property which will make a much needed people of our county are directly provement in that part of the war. John Wood has again re that are committed in the name warour share of responsibility for all this b'ood guiltiness is a heavy one. DANIEL MYERS, OF PENNSYLVANIA.

A Living Object Lesson for Dr. Miles' New Heart Cure.

EART DISEASE is curable. "For ove forty years," writes Daniel Myers of Two Taverns, Pa., on Aug. 10, 1896. "I suffered with heart disease. First a slight palpitation, gradually growing worse. Then shortness of breath, sleeplessness, smothering sensations and much pain in the region of the heart alarmed me and I consulted a physician. Receiving no benefit I tried others and a number

of remedies, spending a large amount of money, but finally beunsafe for me to leave nome. I commenced using Dr. Miles' Heart Cure two years ago

For eighteen months I have been well. Although 72 years of age I can go where I wish and I sleep all night and wake up as cheerful as a babe and completely rested."

Dr. Miles Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on Heart and Nerves sent free to all applicants.

Little Men

We call them little men and little women, but they are neither. They have ideas and ways all their own. Fortunately they soon become fond of cod-liver oil, when it is given to them in the form of SCOTT'S EMULSION. This is the most valuable remedy in existence for all the wasting diseases of early life. The poorly nourished, scrofulous child; the thin, weak, fretting child; the young child who does not grow; all take Scott's Emulsion without force or bribe. It seems as if they knew that this meant nourishment and growth for bones, muscles and nerves.

Book telling more about it, free.

It won't pay to try a substitute for Scott's Emulsion with the children. They will relish the real thing. For sale at 50c. and \$1.00, by all druggists.
