At a little before sun down on Monday evening of this week Mr. Philip Shuck, with suicidal intent, aimed a revolver at his head, pulled the hammer and sent a bullet crashing into his brain, the ball entering dumped Reno had disappeared, but shold be read by every voter. Any Junior Exhibition. A pleasing drams has head above the left eye—this in when Klose brought the third load of our readers can obtain a copy for will be presented by members of the a field near his home at Mazeppa, Buffalo Twp., this county, causing his death on Tuesday morning at 3 o'clock. He leaves a wife and five children-2 girls and 3 boys.

> The motive for the awful deed is said to arise from his fear of prosecution and trial in the U. S. Court for alledged mailing of scandalous letters to Mr. Andrew J. Shirk or his family, who reside in that neighborhood. During the day he had been to Lewisburg to see Judge Bucher, who was in Sunbury. Returning home, he was seen wandering about near the creek, possibly then thinking of ending his life by drowning. Subsequently he went to a field and fatally shot himself, at stated; being lett-handed, pulling the hammer with that hand, which accounts for his being shot above the left eye.

His age was about 50 years. The funeral takes place at his late home on Thursday, at 1.30 p. m. He was a member of the Evangelical church.

The sad affair has created intense excitement and sorrow in that community, much sympathy being expressed for the bereaved family .-Miflinburg Telegraph.

Shirk's Side of It. Mr. Andrew Shirk, of Mazeppa, Union county, attends market in this place, and on Saturday morning was interviewed by a representative of The Standard. He is very much distressed over the sad death of Mr. Shuck, but if the facts are as Mr. Shirk related them, he only did what any reputable man would have done under the circumstances. The epistle that caused the troubie was an anonymous letter full of the gravest charges against Shirk, couched in the vilest language. It was not addressed to Shirk, but to his family

and was opened and read by them. Attacking the reputation of a man or woman by innundo or by an anonymous letter is about the meanest most cowardly act that the devil prompts a human cur to do, and if Mr. Shuck did what he is alleged to have done-and the letter itself ought to be in evidence-he was guilty of a most reprehensible act. and no blame should be attached to Mr. Shirk, who only did his duty to himself and his family in trying to find out the offender and have him punished-Milton Standard.

Killoran's Pal in the Lewisburg Bank Robbery Caught.

O'Connor is the great bank thief, who, with Joe Killoran, robbed the Lewisburg National bank of \$13,500 several years ago. Killoran was caught, taken to Lewisburg, tried, convicted and sentenced to three years in the eastern apprehended until now.

The Yonkers robbery took place on April 12 and was an unusually bold affair, the cashier being intimidated by one man with a revolver while a second gathered up the money in sight. O'Connor is alleged to have been associated with Allen. Klose then came to town and swore out a warrant for their arrest, charging assault and battery with intent to kill.

The warrant was placed in Constable Sechler's hands, who arrested father and son. They were given a hearing before Esquire Eaton, who held them both for Court in the sum of \$1,000

A Good Record.

Jas. G. Crouse, Esq., just returned from a ten days' business and pleas. preme Court in Philadelphia this ure trip to Philadelphia, Wahington week arguing the case of Ed. M. and Delaware. It has been rumored Hummel et. al., vs. Mrs. Annie C. that he was also looking after political matters. If this be true, let us say for him, that as attorney, he enjoys a large practice, which by honesty, industry and a strict adherence to business principles, he justly merits.

As a citizen he is sober, moral, energetic, and "up to the times." Politically, he is always found at his those qualifications which gave his father, Hon. How to Tell a Girl's Age.

Girls of marriageable age do not like to tell how old they are; but you can find out by following the subjoined instruction, the young lady doing the figuring: Tell her to put down the number of the month in which she was born, then to multiply it by 2, then to add 5, then to multiply it by 50, then to add her age, then to subtract 365, then to add 115, then tell her to tell you the amount she has left. The 2 figures to the right is her age, and the remainder the month of her birth. For example, the sum of 822; she is 22 years old and was born in the 8th month, (August.) Try it. .
