State Officers to be Elected.

The State officers to be elected at the coming election in Nov. are an Auditor General and a State Treasurer. The Auditor General chose every third year and serves from the first Tuesday of May succeeding his election. His duties are generally to examine and settle all accounts between the commonwealth and any person, officer, department, association or corporation. He also examines, annually, the condition of State Treasury. He gives bond in the sum of \$50,000. He appoints a deputy who gives bond in the sum of \$10,000. The salary of the Auditor General is \$4,000 yearly. The Deputy Auditor General receives \$3,000.

The candidates for Republican nomination for Auditor General before the Convention to be held in August next, are Gen. J. P. S. Gobin, State Senator from Lebanon county, Major Levi P. McCauley, of Chester | coal region to transact business... county, State Senator, E. B. Hard | Sheriff Fagely of Shamokin is makenberg, of Wayne county.

The State Treasurer is selected every second year and serves for two years from the first Monday of May succeeding his election. He John Bickle's. The latter was 85 gives bond with ten or more sureties | years old Sunday. He was sick but to be approved by the Governor in the sum of \$50,000 The salary is \$5,000 annually. He also receives and disburses each year, about 111 million dollars,

The candiates for the Republican nomination this year, are: The Hon. James S. Beacon, of Westmoreland county, and R. Hathway Shindle, of York county.

Good Roads Indefinitely Postponed.

The Hamilton good roads bill has passed the house on the third reading with an amendment that will certainly postpone its usefulness as means of constructing good roads says the Times. The amendment provides that the bill shall not go into effect untill the legislature shall appropriate one million of dollars to be applied in road construction under its provisions. As there is not money enough in the treasury to maintain existing institutions and defray the necessary expenditures of the state in other directions the Hamilton road bill, if passed, will lie on the shelf indefinitely. As the amendment was evidently offered for the purpose of killing the bill, even its friends will hardly vote for it in its present form on final pas-

This is to be deplored, for Penn sylvania is surely in need of a law that will provide for and compel the construction of some good roads. Under the existing law good roads are the exception rather than the rule, and the good roads that are constructed by progessive citizens in spite of its defects, and not because the law in any way provides for their construction or mainte-

The secret of the opposition to any sensible and effective road law is that good roads cost money, and while everybody wants good roads nobody wanted to pay for them. The present slipshod law permits the

road taxes to be worked out under slipshod direction and the work is largely wasted. An effective law would require the payment of road taxes in money to be laid out under expert direction, a condition that country taxpayers are slow to accept. New York, New Jersey and some other state have laws under which some really good roads are being constructed, but Pennsylvania still lags in the rear on this important subject, and there is little prospect that it is going to be a good road law this year.

No one is injured more even in a financial sense by the failure to adopt a sensible road system than the taxpayers themselves, for transportation of farm and other products to markets or railway stations costs a great deal in time, which is money at the best. This cost would be greatly reduced if the roads were good, but while they continue as bad ? as at present this cost will continue at the Maximum. It would be mon ey in the pocket of the people of Pennsylvania if the legislature would pass the Hamiton good roads bill in its original form without the amendment that postpones its operation indefinitely but for the present they don't see it that way and the legislature is carrying out what its members suppose to be their constituents' whishes.

Mahon for Governor.

Last September the Post suggested the name of our popular Congressman, Hon. Thad. Mahon, to be placed on the list of candidates for the gubernatorial prize. We made the suggestion in good faith knowing and realizing that the gentleman is highly qualified for the position. We are assured that Congressman Mahon would not make such a tool of a governor that he would appoint a democrat to the position of Superintendent of Publie Instruction. By appointing a democrat Governor Hastings says there is not a republical, in the State of Pennsylvania who is fit to hold the position. Such incongruous monstrosities we must avoid in the future. We look to Congressman Mahon as the popular standard bearer of the Republican party for the gubernatorial prize. The movement is destined to become popular throughout the state as we learn that Secator Quay will probably be for our congressman.

HOW TO FIND OUT.

Fill a bottle or common water glass with urine and let it stand twenty four hours; a sediment or settling indicates a diseased condition of the kidneys.
When urine stains linen it is positive
evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of WHAT TO DO.

There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp Root, the great kidney rem-edy fulfills every wish in relieving pain in the back, kidneys, liver, blad-der and every part of the urinary passages. It corrects inability to hold urin and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compell ed to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp Root is soon realized. It stands the high-est for its wonderful cures of the most distressing cases; If you need a med-icine you should have the best. Sold by druggists price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention Post and send your full post-office address to Dr. Kilmer & Co., Bing-hamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.
