The New Game Law

Governor Hasting signed the new game law drafted by the state sportsnem's association. It deals with the protection of song and insectivorous birds, and provides that persons who desire to collect birds, their nests or eggs for strictly scientific purposes snall obtain a certificate from the a period of depression and business board of game commissioners at a stagration it would be looked upon cost of \$6. The money derived from these permits, heretofore issued by prothonotaries at a cost of \$1 per year will be devoted to the use of the game commission. From this source a revenue of perhaps from \$200 to \$300 annually will be obtained. The law has been so framed that the game commission cannot give a permit which will enable any person to collect game birds or their nests must command not only respect but and eggs out of season.

HOW TO FIND OUT.

Fill a bottle or common water glass with urine and let it stand twenty four nours; a sediment or settling indicates a diseased condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to uriuate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp Root, the great kidney remedy fulfills every wish in relieving pain in the back, kidneys, liver, blad-der and every part of the urinary passages. It corrects inability to hold urin and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compell ed to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp Root is soon realized. It stands the high-est for its wonderful cures of the most distressing cases: If you need a med-icine you should have the best.
