If she enters with a glide; if she moseys in on one leg, nay if she even sasheys forward on her sursingle, or waltzes gently forward on her ears; we'll welcome her and push the dust off the best seat in the house for her to sit on. It don't make one bit of difference how she comes, but the whenness of her coming is a matter of much interest."

More Girls Wanted at the Northumberland Cap Factory.
The proprietors have large orders on hand that will require additional help at once. Forty girls and women wanted now. The work is clean, light and easily learned, and operatives can in a very short time earn from \$2.50 to \$5 per week, and more if apt in learning. Pay in cash every two weeks. These orders must be filled and if we cannot get enough help here a large part of the work must be done elsewhere. Northumberland has vacant houses that can be rented cheap. Families wanting to locate can secure work for their daughters at once, as the Cap factory firm are increasing their business so that they can give girls permanent employment. They have 60 girls employed now and can give employment to 150. Persons desiring employment will please apply to foreman of factory, or to W. H. Morgan, H. W. Hummel or Rev. A. N. Warner for information. 7-15-2t
