Reduced Rates to the Seashore.
 No other coast can compare with that of Southern New Jersey in Summer resorts. Atlantic City is the most popular seaside resort in America, and Cape May, Sea Isle City, Ocean City, Avalon, Anglesea, Wildwood, and Holly Beach do not fall far short of Atlantic City's high standard.
 The Pennsylvania Railroad Company has arranged on excursions to the seashore from Erie, Pottsville, Shenandoah, Dauphin, and intermediate stations (including stations on branch roads), on August 5 and 19.
 Excursion tickets, good for 10 days, will be sold at extremely low rates.
 Passengers may, if they so desire, go to Atlantic City via the New Delaware Bridge route, the only all-rail line from points in Pennsylvania to Atlantic City.
 For information regarding rates, time of train seasons, small bills or apply to nearest agent. 7-29-13.

A NEW TRIUMPH.
The Dreaded Consumption Can be Cured.
 A. Slocum, the Great Chemist and Scientist, will send to sufferers, Three Free Bottles of his Newly Discovered Remedies to Cure Consumption and all Lung Troubles.
 Nothing could be fairer, more philanthropic or try more joy to the afflicted, than the generous offer of the honored and distinguished chemist, T. A. Slocum, M. C., of New York City.
 He has discovered a reliable and absolute cure for consumption, and all bronchial, throat, lung and chest diseases, catarrhal affections, general decline and weakness, loss of flesh and all conditions of wasting away, and to make its great benefits known, will send three free bottles of his newly discovered remedies to any afflicted reader of the Post.
 Already his "new scientific system of medicine" has permanently cured thousands of apparently hopeless cases.
 The doctor considers it not only his professional, but his religious duty—a duty which he owes to suffering humanity—to donate his invaluable cure.
 He has provided the "dreaded consumption" to be a curable disease beyond a doubt, in any climate, and has on file in his American and European laboratories thousands of heartfelt testimonials of gratefulness from those benefitted and cured, in all parts of the world.
 Catarrhal and pulmonary troubles had to consumption, and consumption, uninterrupted, chronic cough, and chest pain. Don't delay until it is too late. Simply write T. A. Slocum, M. C., 98 Pine Street, New York, giving express and postage address, and the free medicine will be promptly sent. Please tell the Doctor you saw his offer in the Post.

More Big Expense Bills.
 Not in many years have the people of Snyder county been given such a genuine surprise and disappointment as they had last week when the Post published a portion of Representative Herman's record in the recent Legislature. It was a surprise to know that one heretofore held in high esteem should transgress and make such a bold attempt to take money illegally from the State Treasury.

Thanks to Governor Hastings who vetoed these unreasonable and illegal bills.
 The constitution of Pennsylvania allows a representative \$1500 salary and 20 cents a mile for one trip from their home to Harrisburg and return and it specifically states that he is not entitled to any more whether serving on committee or not. These seven trips to Philadelphia and return at 20 cents a mile (\$294) was charged not to cover actual expense, but to give extra compensation that the constitution expressly forbids. One bill like this amounts to very little in itself, but when a representative has a bill of this kind he is very careful to vote for every other fellow's bill in order that no other fellow will be induced to vote against his bill. It is a case of "you tickle me under the chin and I will tickle you." We do not know the exact amount that Representative Herman vetoed by the Governor, but it will reach at least \$200,000. Of this amount the Governor is withholding \$65,000 from the Normal schools, but the most of the balance of the vetoes represent money that should not have been voted out. Such as \$9450 for illegal pay for Senate employees and \$14,534 for padding the pay roll to the House, \$5000 for New York and Philadelphia Junkets, \$2150 to H. I. Goodman, \$1650 for keeping bath room in order (\$5 a day) and so on. A complete list will be made in order to determine the exact number of thousands of dollars Herman voted for to get his bill of \$304 approved by the house.

In addition to this Mr. Herman voted for \$500 to Mr. Roberts and \$500 to Mr. Saunders for their attorney fees. He also voted for Mr. Shiffer's counsel fee and a like amount to Mr. Leh for counsel fee. The Elections' committee was the court of inquiry sitting in judgment in the contest between Saunders and Roberts just the same as two persons coming into our courts to settle any differences between them. Would a man, having a suit in our court expect the court to pay his attorney? This case is exactly similar yet Mr. Herman voted for \$1000 attorney fees in the Saunders-Roberts case and \$500 in the Shiffer-Leh contest. In the first place the state should not pay such a bill and in the second place it is excessive.

The complete file of the Legislative Record has not yet reached this office, and so we can not yet learn whether Mr. Herman voted for the \$5000 to pay the expenses of the Legislature to go to New York and Philadelphia. The Governor vetoed it. This shall have our attention later.

Will Discharge Aliens.
 While contractors at Pittsburg are worrying over the extra book-keeping that the new law taxing alien laborers three cents a day will entail on them, the railroads will act in a drastic way. It has been decided that, rather than bother with the work of keeping track of the tax on the unnaturalized foreigners, the railroads will discharge them and employ citizens in their place.

The Scalp Bill.
 The Governor has signed the bill placing a premium of \$2 on wild cats, \$1 on red or grey foxes and 50 cents on minks. In order to secure this premium the animal itself or its entire pelt from tip to nose must be presented to a justice or alderman and make affidavit where and by whom the animal was killed. The officer will then cut off the ears and burn them, giving the person a certificate of the amount due him, who upon presentation of the same to the county commissioners will receive an order for the amount upon the county treasury. The officer who gives the certificate is to receive 25 cents for his services out of the county treasury. Any person who shall willfully and fraudulently collect any premiums shall upon conviction thereof pay a fine not exceeding \$500 or undergo an imprisonment in the county jail not exceeding one year or both. This law is now in effect.

New Principal For Bucknell Institute.

Miss Eveline Stanton will take charge of the Bucknell Ladies' Institute as Principal and of the College Women as Dean, at the opening of the school year, September 16.

Miss Stanton graduated from Bucknell College with the class of 1890, taking high rank in her class, and receiving the prize in mathematics. She then became Lady Principal of Keystone Academy, achieving great success as a teacher and as an executive.

After three years of service she resigned to pursue graduate work in the University of Chicago. Her specialty was in English and Philosophy and her standing was the highest possible. It may be added that while in the University, she was collaborator in preparing a critical edition of Browning for publication.

In 1895 Miss Stanton became Preceptress of the Northwestern State Normal, which position she held when elected Principal of Bucknell Institute.

Bishop McCabe, of New York,
 on Dr. James' Headache Powders.

"With regard to Dr. James' Headache Powders, I have no hesitation in commending them to sufferers from headache. They relieve the pain speedily, and I have never known anyone to be harmed by their use. I have been a great sufferer from headache in my life, but have almost gotten rid of it by the constant use of hot water and fruit and by doing without coffee. The Dr. James Headache Powders have, however, greatly relieved me at times and I never allow myself to be without them, and have recommended to others freely. C. C. McCABE."

W. H. PALMER,
 WATERLOO, IOWA.
 "Saved From the Horrors of Nervous Prostration" by Dr. Miles' Nerve.

A COUGH does not always indicate consumption. Mr. W. H. Palmer, of Waterloo, Iowa, writes: "I was taken with a nervous stricture of the bronchial tubes, which developed into nervous prostration. I was so weak I could not sit up. I got no sleep for days except when under the influence of opiates. For four months I suffered agonies and prayed that I might die and be at rest. One physician said I had consumption, for I had a cough that gave me no rest. But a good old physician whose medicine had failed, advised me to use Dr. Miles' Restorative Nerve and I thank God that it has brought me my days, lengthened my life and saved me from the horrors of nervous prostration."
 Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on Heart and Nerves sent free to all applicants.

Twenty Years....

For more than twenty years we have been telling how Scott's Emulsion overcomes the excessive waste of the system, puts on flesh, nourishes and builds up the body, making it the remedy for all wasting diseases of adults and children, but it isn't possible for us to tell the story in a mere stickful of newspaper type.

We have had prepared for us by a physician a little book, telling in easy words how and why Scott's Emulsion benefits, and a postal card request will be enough to have it sent to you free. To-day would be a good time to send for it.
