YELLOWSTONE PARK.
 Complete Tour via the Pennsylvania Railroad.

The Yellowstone National Park is unquestionably the most interesting region on the globe, for it displays the greatest collection of natural wonders. Indeed, this mountainous plateau, high up on the summit of the world's giant forces. To stand and gaze upon them in all their marvellous manifestation, is a revelation, an experience to be treasured in the memory of the earth.

The personally conducted tour of the Pennsylvania Railroad Company, which leaves New York September 2, affords the most satisfactory means of visiting this wonderful and exciting region. Tourists will travel by special trains of Pullman smoking, dining, sleeping and observation cars in each direction, and days will be spent in the Park. Stops will be made returning at St. Paul and Chicago. Round-trip rates, \$25 from New York, Philadelphia, Baltimore, and Washington, \$23 from St. Paul, and \$21 from Chicago. For full particulars, apply to the detailed itineraries and full information, to the ticket agents, Tourist Agent, 19th Broadway, New York, or address Geo. W. Boyd, Assistant General Passenger Agent, Broad Street Station, Philadelphia.

A Letter to Aunt Rachel.

CAIRO, Ill., August 19, 1907.
 To Aunt Rachel Speer at Passaic, N. J.

DEAR MAMMA—We have used your Malarial Bitters for several months past and find it the very best tonic we have ever used to effectually wipe out all traces of malarial fever.

My wife has been sickly, feverish, weak and languid for the past four seasons, and tried almost everything. We had so much of your bitters that I concluded to try it; my wife's appetite has returned and she is strong, well and sprightly again and all owing to your Peruvian Malarial Bitters.

G. H. Woodward

The shrewd business men of other nations are not likely to sustain the assertion which the free traders are now making that there will be retaliation against the United States on account of our new tariff by an exclusion of our goods from foreign countries. Japan, which has been especially pointed out as likely to take a step of this kind, has sold us \$13,000,000 yens' worth of goods in the last ten years, and bought from us only 78,000,000 yens' worth. Her financiers and statesmen are not likely to take a step which would close the markets of this country to the products of her own people, when those markets are four times as great as those which our own goods supply in that country.

Scrap-books and newspaper files are inconvenient things to politicians who make reckless assertions. Candidate Bryan last fall paraded in his speeches in various parts of the country the fact that Senator Sherman had asserted that the growth of population and business in the United States required an increase of \$42,000,000 a year in currency, and said that the cessation of the coinage of silver had cut off the opportunity to add this amount to our money.

Mr. Bryan finds this statement particularly embarrassing just now in view of the announcement that the coinage of the mints of the United States this fiscal year will be in round numbers a hundred million dollars, and that in the calendar year 1896 ninety-nine million dollars, which is 2 and a half times as much as he last fall asserted was necessary to keep pace with our growth of population and business. When it is further considered that the money circulation of the United States to-day is 138 million greater than a year ago, it will be seen that his distress over what he assumed was a lack of ability to increase our own currency 43 million a year was not only unfounded, but evidently intended to mislead.

State Your Bowels With Cascarets.
 Cascarets, cure constipation forever. If C. C. C. fail, druggists refund money.

The silver forces, it is said, are looking for a new leader. The idiosyncrasies of those who led the silver cause to defeat last fall are growing so rapidly that the people who are spending money to keep the silver cause before the country have concluded to make a change in leadership. It is understood that this was the real cause of the Chicago gathering, in which a "silver Republican" party was organized, and that the work of this organization will be to push a new man to the front to displace Bryan as the leader of the silver movement.

Bishop McCabe, of New York,
 on Dr. James' Headache Powders.

"With regard to Dr. James' Headache Powders, I have no hesitation in commending them to sufferers from headache. They relieve the pain speedily, and I have never known anyone to be harmed by their use. I have been a great sufferer from headache in my life, but have almost gotten rid of it by the constant use of hot water and fruit and by doing without coffee. The Dr. James Headache Powders have, however, greatly relieved me at times and I never allow myself to be without them, and have recommended to others freely. C. C. McCABE."

"The Foot of a Fly"

says an eminent English doctor, "will carry enough poison to infect a household." In summer-time, more especially, disease germs fill the air, multitudes are infected, fall ill, die; multitudes escape. These messengers of mischief do not exist for millions. Why not? Because they are healthy and strong—protected as a crocodile is against gunshot. It is the weak, the wasted, the thin-blooded who fall; those who have no resistive power so that a sudden cough or cold develops into graver disease. We hear of catching disease! Why not catch health? We can do it by always maintaining our healthy weight.

Scott's Emulsion

of Cod-liver Oil, is condensed nourishment; food for the building up of the system to resist the attacks of disease. It should be taken in reasonable doses all summer long by all those whose weight is below the standard of health. If you are losing ground, try a bottle now.
