Bishop McCabe, of New York,
on Dr. James' Headache Powders.

"With regard to Dr. James' Headache Powders, I have no hesitation in commending them to sufferers from headache. They relieve the pain speedily, and I have never known anyone to be harmed by their use. I have been a great sufferer from headache in my life, but have almost gotten rid of it by the constant use of hot water and fruit and by doing without coffee. The Dr. James Headache Powders have, however, greatly relieved me at times and I never allow myself to be without them, and have recommended to others freely. C. C. McCABE."

DIED.

Aug. 18, near Richfield, Mrs. Catherine Landis, aged 83 years and 25 days. Interment at Richfield, Rev. H. H. Spain officiated, assisted by Rev. Thomas Graybill.

If the predictions of Director Preston of the United State Mint about the increase in gold production prove true, the silver cause will have difficulty in getting recognition by the great political powers in 1900. It is now in order for the calamity howlers and fraud criers to charge that the farmer is now receiving the reward for his treachery in voting for McKinley and refusing to support Bryan, the farmers' friends, in that the trusts and plutocrats have raised the prices of wheat and other farm products in order to pay him for his vote.

The farmers of the country have been the first to feel the improved conditions of business. The products which they have had for sale have steadily risen in value all along the line, and the increased volume of money has come directly into their pockets. "Bradstreet's," in speaking of the present condition of the American farmer, says: "The American agriculturist has had no such opportunity to reap so large a share of the rewards of labor for years as is now promised him."

The daily parallel could be drawn with good effect on some of the free-silver papers which were asserting last year that the only hope of prosperity lay in the opening of the mints to the free and unlimited coinage of silver, but which are now forced to publish columns of matter showing highly satisfactory and improving business conditions and arriving prosperity.

The growth of protection sentiment has been evidenced in many ways during the past special session of Congress in the discussion of the tariff bill, but no more clearly than in the reception accorded to Senator McEnery upon his arrival in New Orleans after a long fight on tariff principles, in which he stood shoulder to shoulder with the great protection leaders of the country.

The July earnings of the railroads of the country show a marked improvement over July of last year or of the year preceding. This will be encouraging to the thousands of railroad men through the country whose attitude in favor of sound money last fall was an extremely important issue of the campaign, and whose votes did much to turn the tide of battle in favor of McKinley and sound currency.

The quarterly meeting of the Juniata Valley Editorial Association will be held in Port Royal on Friday, August 27th. The special train will leave Port Royal at 10 o'clock a. m., on arrival of seashore express on the P. R. R., arriving at Blair's Mills in time for an early dinner at Hotel Blair, where the members of the Association are assured of securing an elegant repast. The special will return to Port Royal in time to make connection with the evening trains east and west on the P. R. R.

Elder Wm. Tennison

OF BUFKIN, IND.,
Tells of the Great Benefits Derived From Dr. Miles' Heart Cure.

HEART DISEASE of long standing is not easily cured, but it is curable. Elder Wm. Tennison writes: "I was afflicted for thirty-five years with heart disease, in fact, troubled with it nearly all my life. I think it hereditary as my father was afflicted with it. I have suffered great distress, my heart palpitated to such an extent as to shake my whole body. So distressing was it I could only with great difficulty compose myself to sleep. About two years ago I began taking Dr. Miles' Heart Cure. The first bottle gave me no perceptible benefit, but after taking the third I began to feel much relief and I continued for some months. I have good reason to believe the cure is permanent. Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on Heart and nerves sent free to all applicants. DR. MILES MEDICAL CO., Elkhart, Ind."

Depression of Spirits

so common in summer-time, accompanied by loss of energy, lack of thought-power, means a deficient supply of nourishment. The vital force is lost. It isn't a question of muscle and sinew, but of resistance and endurance. At any age, but especially in youth, it involves the risk of lung disease. Loss of flesh and a cough are threatening signs.

Scott's Emulsion

of Cod-liver Oil, with the hypophosphites, meets these cases perfectly. It tones up, fattens and strengthens. In Scott's Emulsion the taste of the oil is fully disguised, making it almost as palatable as milk.
