Druggist Spangler has moved his drug store into the Post Office room of the Bank building and has arranged the room and the contents very tastily. The Penn Telephone line will probably be extended to McClure this fall yet if the proper encouragement is given. Frank Thomas, the genial landlord at Kreamer, had a shooting match Saturday last of over 100 birds. The marksmen reported by phone are C. L. Middleswarth, F. W. Thomas, A. C. Smith, C. O. Lenig and Ralph Mitchell. Mrs. Reuben Kreamer died at her home in Beaver township on Friday at the good old age of 77 years. Her husband preceded her to the eternal world 23 years ago. She was buried Sunday in the old cemetery at Zion's church. Revs. Hertz and Boughter officiated. The November number of McClure's Magazine will contain the first of three papers by Ferdinand Brunetiere, the French critic and the editor of the Revue des deux Mondes, giving his impressions of America. America found not a little to say of M. Brunetiere during his recent visit, and it will now be interesting to see what he, in his turn, has to say of America. C. O. Moyer, of Selinsgrove, was a county seat visitor on Tuesday. Mr. Moyer is putting in the electric light plant for H. D. Schnure's mill and residence and was at Middleburgh interviewing some citizens about Market square in regard to erecting a small electric light plant—large enough to light several buildings about the square. Mr. Moyer is a good workman and we trust he will succeed. Some of the subscribers to the biographical history of the Juniata Valley, published by J. M. Runk & Co., of Chambersburg, contend they have been imposed upon, claiming that they subscribed for only one volume, whereas the publishers insist upon them taking the two volumes, price \$15. Eleven suits have been brought before a Bloomfield justice of the peace by J. M. Runk & Co., to compel payment of the above amount for the two books. Judgment was rendered in favor of the plaintiffs in all but one case, in which judgment was given in favor of the defendant. Two of the defendants against whom were rendered have taken appeals —Newport News.

John Stuck, the efficient clerk at the Central Hotel, spent Saturday and Sunday with his parents at McClure. A smooth, easy shave, genteel haircut, or other tonsorial work, is always obtained at Soles' Barber Shop, in Wittenmyer's building, opposite Post office. Go to Soles and you will make no mistake, shaving soap, face cream, hair oil and egg-salmon-pool for sale. A. E. SOLES. The Ocker School, under the instruction of J. C. Bowersox, registered 21 pupils for the first month —16 of which have attended every day during the month. They had Arbor Day Exercises on Friday, consisting of speeches, songs and recitations suitable for the occasion. Dr. H. S. Braucht of Milesburg, who practiced so successfully a year ago at this place, on the 17th inst. was married to Miss Madge Allison of Spring Mills. They were married at high noon. The doctor is a most successful practitioner and his many friends here join the Post in wishing the Doctor and his bride a happy future. "That the richest and largest deposits of gold that the earth has ever produced up to the present time have been found in the Alaska Klondyke country is now an established fact. We call your attention to the advertisement of the Alaska Klondyke Gold Mining Co. in another column." 10-7-6m. On and after Oct. 21st, E. B. Weidman will be ready for all her many customers, with a full and well selected stock of Winter Millinery Goods. Also the best line of Ladies' and Children's Jackets and Caps that you will find anywhere all come and see. No trouble to show goods whether you buy or not. 10-21-4t. Beaver Springs, Pa. Why not start a knitting factory in Middleburgh? The room we will vacate is larger than the room now used by the New Berlin Knitting factory, which employs 30 people. A knitting factory, a cap factory and a hundred and one other little industries can be started. A few thousand dollars is all the capital needed. There is always plenty demand for such articles.

At Private Sale. The farm of the late Dr. T. B. Bibighaus, dec'd, situate East of Middleburgh about one mile is offered at private sale. For further particulars inquire of Mrs. Emma Bibighaus, Executrix, Mifflinburg, Penn'a. 8-26-tf. New Store! New Goods!! I have bought the hardware store of Mr. Minium at Mt. Pleasant Mills and have renovated it and am placing new goods upon the shelves and putting everything in shape to suit my customers. My Goods are right and my prices are low. J. L. VARNER, Mt. Pleasant Mills, Pa. Thousands for a Church. Lewisburg, Oct. 29.—The public bequests of William D. Himmelreich, who was buried here this week, have just been announced. They are as follows: \$15,000 for a library building for the Presbyterian Sunday School of this place, \$15,000 for the endowment of the same, \$2,000 to fresco and repair the Presbyterian church, Lewisburg; \$1,000 to the Lutheran Sunday School, Lewisburg, and \$500 to the Christian Sunday School, Lewisburg. Several years ago Mr. Himmelreich donated about \$3000 worth of books to the Presbyterian Sunday School as a nucleus for the library which will be established here by the above generous gift. Long Distance Telephone for Middleburgh. The Central Penn'a Telephone and Supply Co., of Williamsport, have just written the Post that during the coming season the Long Distance Telephone will be run from Lewistown to Sunbury by way of Middleburgh. As Lewistown and Sunbury have Long Distance Phones, Middleburgh will be placed in talking distance with every important city and town between the Atlantic to the Pacific, from Gulf of Mexico to the Great Lakes. We should say here that the Sunbury and Lewistown connection of the Long Distance line will not interfere with the local line as the latter accommodates only the local needs while the other extends to foreign territory.

A NEW BUILDING. To Be Erected at Once for the "Post" Printing Establishment. Last week the directors of the First National Bank met and decided to erect a large two-story structure in the rear of the bank building for the use of the Post printing office. It will be built entirely in harmony with designs suggested by the writer as the needs of the office require. The building will be 33 feet by 18 feet. On the first floor will be a room for business and editorial purposes 12x18 feet. The balance of first floor will be used for cylinder press, folder, large job press and an extra division for the engine. The second floor will be used for type cases, stands, imposing stones, the small jobber, type cabinets, etc. The contract for erecting the structure has been awarded to Benneville Smith. Work will soon commence in order to get the building completed before extreme cold weather sets in. By April 1st we will occupy our new quarters, or perhaps sooner if some one will take the room we now occupy off our hands. When completed and occupied it will be the only building in this section of the state that is used exclusively for printing purposes and newspaper business. The edifice will be placed facing Sugar street on the corner of the lot next to the county jail. BURTIN A RUNAWAY. Philip Zong Had His Right Arm Broken. Philip Zong, of Second street, was knocked down and quite seriously hurt by a runaway team about half-past twelve o'clock this afternoon. Mr. Zong was assisting in removing his household goods from his late home on Second street to his new place of residence on Hepburn street. He was standing between the wheels of a wagon with the lines in his hands and was about to get on when a box of glass ware fell from the rear of the wagon and frightened the horse. The horse dashed suddenly forward throwing Mr. Zong down and the rear wheels passed over his right arm breaking it above the elbow. The horses were stopped near Clinger's planing mill and no damage was done to the vehicle or contents. Milton Record. Prosperity in Kansas Herington, Kans., Oct. 23, '97. Ed. Post.—Enclosed please find \$1.50 for another year's subscription. We have the finest kind of weather, no frost yet. Best times for years, work for everybody, plenty money, and good prices for everything, especially stock and grain. All feel good and happy. From yours truly, J. W. DREESE. Snyder county is now forty-two years old; Union county was forty-two years old when a division of its territory took place, hence it is eighty-four years since the portion now called Union and Snyder counties were severed from Northumberland. The latter was forty years in existence before that portion of it lying west of the Susquehanna was named Union county.
