### WEST BEAVER.

At this writing there is still a lot of corn to husk at this end.... Jas. Erb and family of Lewistown were visitors here last week attending the funeral of Sylvester Ush, who died in South Carolina and was buried at the brick church.... John I. Erb is improving from the severe attack of rheumatism caused by the medicine sent him from South Bend, Ind. The notice of his disease was read in the Middleburgh Post by a Dr. living in South Bend, and the above result followed. That is one reason a person should always advertise in a reliable paper with a big circulation, such as the Post is and has. The medicine was sent free of charge. Erb thanks the reporter and also the doctor for their kindness.... Jacob Erb is on the sick list and not able to be about.... P. W. Treaster expects to pay his boys a visit in a week or so, at Penna. furnace, where they have been working for the past few months.... Prof. Bowersox paid our schools a visit last week and no doubt found them all improving.

Romig has placed a Specialty Hot-Air Furnace in the millinery store of Mrs. Hettie Smith of this place, in the Lutheran church at Centreville and in the residence of Co. Supt., G. T. Cooper, at Lewistown.

### HUMMELS WHARF.

At first life was despaired of, but he is now slowly improving.... Jacob Haupt and family, of Selingsgrove, visited Amon Trutt's on Sunday.... We are glad to state that R. C. nie and Katie Trutt.... Misses Katie Seesholtz and Mabel Shippe, of Sunbury, spent Sunday with Mrs. Seesholtz.... Quite a number of our young folks attended protracted meeting at Shamokin Dam.... Marie Snyder, of Selingsgrove, spent Sunday with Martha Schoch.

### KREAMER.

Wellie Heintzelman was visiting his brother, Amon, at Lewistown, last week.... John Fields is confined to his bed with a severe attack of sickness.... A. C. ### Map of Middleburgh.

C. Stetler, who does an extensive and successful insurance business, has drawn a map of Middleburgh, showing every building fronting on the several streets of town. It is drawn to a true scale, both building and space between, of 50 feet to the inch, making a map 2 feet and 6 inches by 5 feet. The Map is in colors indicating the materials of which the buildings are constructed. The completion of this map has taken close work and skill but Mr. Stetler has done it ably and well, and has forwarded the map to Philadelphia where copies will be taken. This may when printed will be a great convenience to him as well as the insurance companies. News Rem.
