"The Press" maintains regularly at Washington a special bureau in charge of one of the best known writers on national affairs. The working force of this bureau has been increased so as to leave no doubt of its ability to adequately and promptly report every item of Washington news. As Congress will meet next week it will be well to begin reading "The Press" Washington reports at once. Turnpike Vacated. The viewers appointed to pass on the petition to vacate the turnpike between Millinburg and Hartleton, reported in favor of vacating that part of the road, and award the turnpike company \$250 damages.

Snyder County Historical Society. A meeting will be held in the Lodge Room, Middleburgh Bank Building, Saturday, December 18th next, for the purpose of formulating plans to organize an Historical Society in Snyder County. It is to be hoped that there will be a full turnout of all citizens generally who are interested in the preservation of the early history of this section of Pennsylvania. Efforts will be made to have representatives from every township in the county present to participate in the preliminary steps of the organization. Application will be made to Courts of the county for a Charter at the first regular term succeeding the lawful notice for same. In making this announcement it is proper to say that Snyder county is rich in historical associations and that steps should be taken to rescue from impending oblivion facts now rapidly passing out of the minds of men. COMMITTEE. Another Shot Accidentally. While out hunting last Thursday, Sylvester Bowen, proprietor of the Summit House, accidentally shot Amon Glace, while under the impression that he was shooting at a rabbit. Glace and Bowen were out hunting together and each moved around in opposite directions to get a rabbit. Glace went among bushes in the opposite direction from that agreed upon. The movement in the bushes invited the charge. Glace was hit with 27 shot, number 5. Glace is very sick and the result of his case is still uncertain. Teachers' Institute. The program for Teachers' Institute came too late to publish in this issue. The lecturers are all able speakers. Judge Ellison needs no recommendation having won his reputation last year. Hon. Henry Houck also is well known here. Howard Saxby comes so well recommended that all can rest assured that nothing has been spared to make the Institute a grand success. Watch Repairing. I. Bernstein, of New York, a thoroughly perfect old county Watchmaker, will remain here a few weeks at the Washington House to repair Watches, Clocks, Jewelry, Etc. All work warranted first-class. All kinds of Watches and Jewelry sold at the Lowest Prices. I. BERNSTEIN. Christmas Presents. I desire to announce to the public that those who wish to buy Pianos, Organs or Sewing Machines for Christmas and New Year presents can buy cheaper of me now than ever. Full line of samples on hand. F. S. REIGLE, Middleburgh, Pa. Judge Alfred Ellison, of Anderson, Ind., is a very entertaining taker. His address was marked by frequent and hearty applause. He mingles in a very happy way, logic, wit and pathos, and he kept his hearers last night vibrating between a laugh and a tear. He was at times quite eloquent, at others humorous, and then tender and pathetic.—Lexington (Ky.) Daily Press. The teachers at the county Institute had another interesting day yesterday, which ended by a splendid lecture by Judge Alfred Ellison, the Indiana poet-jurist, who spoke from the theme, "Does the World Move?" The lecture was the best of the course and drew a very large audience which heard with deep interest the strong and entertaining lecture.—Harrisburg (Pa.) Daily Patriot.
