Another Scheme.

A clever scheme is being worked by a pair of smart fellows in nearby towns. One goes through the country on a good bicycle. When he strikes a town he claims to be hard Rev. S. W. After a few days the other sharper turns up and claims to be twp. to Tillie Hornberger of Perry looking for a man who stole his wheel. He describes it well, giving the number and the owner has to part with it. The sharpers raise from \$20 to \$40 a trip, and start for greener fields.
