At 5.30 in the morning of the first of July I began march toward Marianajo, and at 7 s'clock I had already occupied the positions allotted to me.

"At 7 o'clock the American batteries fired on the fortifications of the hill of San Juan, the Spanlards answering with their artillery, and shortly afterward fire also commenced from the bat-teries against El Caney, the garrison of the place answering with heavy fire. At 4 p. m., after a gallant assault, the Americans took San Juan, its garrison being either killed or made prisoners. except a few who had escaped to Santiago de Cuba. At 6, after repeated assaults in which the Cuban forces under

The enemy attempted to make a sortle from Santiago, and was repulsed. This day General Linares, commanding the garrison, was wounded in the trenches of Santiago, and turned his command over to General Toral.

"The Americans advanced to the suburbs of the city by the road leading from Caney, the vanquished being the Cuban forces under Colonel Gonzales. Our losses the first day of July were about 100, all our forces being under the enemy's fire.

VANOUISMED EXTOL VIOTORS. Eleven Thousand of the Prisoners Taken at Santiago Unite in an Ad-

dress of Thanks and Praise to General Shafter and His Heroes Washington, Aug. 23 .- A document

entirely unique in the annals of warfare was cabled last night to the war department by General Shafter. It is in the form of a congratulatory farewell address issued to the soldiers of the American army by Pedro Lopes De Castillo, a private Spanish soldier, on behalf of 11,000 Spanish soldiers, No similar document perhaps was ever before issued to a victorious army by a vanguished enemy. The president was most impressed by the address, and after reading it carefully authorized its publication. Following is the text of the address, which is addressed to General Shafter:

"Sir: The Spanish soldiers who capitulated in this place on the 16th of July last, recognizing your high and just position, pray that through you all the courageous and noble soldiers under your command may receive our good wishes and farewell which we send them on embarking for our beloved Spain. For this favor, which we have no doubt you will grant, you will gain the everlasting gratitude and consideration of 11,000 Spanish soldiers who are your most humble servants."

Also the following letter addressed to the soldiers of the American army:

"We would not be fulfilling our duty as well born men, in whose breast there live gratitude and courtesy, should we embark for our beloved Spain without sending to you our most cordial and sincere good wishes and farewell. We fought you with ardor, with all our strength, endeavoring to main the victory, but without the slightest rancor or hate towards the American nation. We have been vanchiefs judged in signing the capitulation), but our surrender and the bloody battles preceding it have left in our souls no place for resentment against the men who fought us nobly and valiantly. You fought and acted in compliance with the same call of duty as we, for we all but represent the power of our respective states.

"You fought us as men, face to face,

and with great courage, as before stated, a quality which we had not met with during the three years we have carried on this war against a people without religion, without morals, without conscience and of doubtful origin, who could not confront the enemy, but hidden, shot their noble victims from ambush and then immediately fled. This was the kind of warfare we had to sustain in this unfortunate land. You have complied exactly with all the laws and usuages of war as recognized by the armies of the most civilized nations of the world; have given honorable burial to the dead of the vanquished; thave cured their wounded with great humanity; have respected and cared for your prisoners and their comfort, and, lastly, to us, whose condition was terrible. you have given freely of food, of your stock of medicines and you have honored us with distinction and courtesy, for after the fighting the two armies mingled with the utmost har-

## AN ONO SENSATION.

Seport That John R. MeLean Will Enter McKinley's Cabinet.

Dayton, O., Aug. 22.-A special from the Cincinnati Times-Star was repro-duced in the papers here that John R. McLean would not be represented by Chairman Dan McConville, Lewis G. Bernard or any other of his former leutenets of the former licutenants who are in the Democratic state convention, and the reason for him not taking part was said to be due to the report that John R. McLean is to succeed General R. A. Alger as secretary of war in McKinley's cabinet. This caused more stir.among the delegates than anything that has been

sprung for years at Ohio conventions. Although McLean was prominently before the last Democratic convention for the presidential nomination, and would have been elected senator in place of Hanna if the Democrats had carried the legislature last November, and although his paper, the Cincinnati Enquirer, was considered a leading advocate of Bryan and free silver, the story about McLean probably becoming the successor of Alger was believed by many of the delegates. They cited the case of Hayes appointing Keys, a southern Democrat, as his postmaster general, and later of Cleveland making Gresham his secretary of state. and said that McKinley had appointed Lee, Wheeler and other Democrats to leading places and that greater surprises in politics than this had happened. It was conceded if McLean should become McKinley's secretary of war, and the Cincinnati Enquirer an administration paper, that it would cause a political revolution, as McLean and his paper have been the most potential factors in this state, as well as in Kentucky, Indiana and other states for free silver.

While some delegates are busy denouncing the story as an ante-convention sensation, and ridiculously absurd, it is certainly commanding more attention than other matters which are not disputed.

Hot Springs, Ark., Aug. 22.-Six per-sons lost their lives here Saturday by the burning of the National and Windsor hotels. The catastrophe occurred at 2 o'clock, a. m., when the guests were sleeping soundly in the frame structures. The Windsor was only two stories high and the National three stories, but, owing to the inflammable character of the material of which they were constructed, they quickly fell a prey to the fast spreading flames, and escape was cut off.

#### Run Down by Steamer.

Philadelphia, Aug. 22 .- Steaming up the Delaware river Saturday night at a speed of 16 miles an hour the passenger boat Brandywine, of the Wilmington line, crashed into a yawl in which five young men were crossing the Delaware river at the mouth of the Schuytkill. Two of the men were saved by lines thrown from the steamer, but the other three were drowned. They were Harry Smith, James Lynch and James Barr, all of Philadelphia.

in that part, and at 8 p. m. a force of 530 men belonging to the division of Bayamo, and commanded by Brigadier General Demetrio Catillo, was shipped on board an American transport to go to the reinforcement of the brigade of Ramon to protect the landing of the American army and advance on Santiago by the east. These forces landed in Sigua, and they advanced at once on Dalqueri, with their commander, Colonel Carlos Gonzalez, and with 500 men of the brigade of Ramon, under Brigadier General Catillo. The Spanlards, in a great hurry, abandoned Dalqueri which Catillo occupied as the American navy began to bombard it, but firing was suspended as soon as our flag was hoisted.

"The Americans landed their first regiments at Daiquiri and advanced on Firmeza and Siboney, with the Cuban forces always in the vanguard, they being the first to occupy said village. In Siboney the landing of American troops was continued, while the Cuban forces under Colonel Carlos Gorzalez, advancing on Santiago, sustained a severe encounter with the enemy in Las Quasimas, suffering some losses, but inflicting greater on the Spaniards.

"In my conference with Admiral Sampson and Major General Shafter we decided that I should embark with 3,000 men at Aserraderos and land east of Santiago. With this object I sent for the forces at Aguacate (near Pal-ma), and on the 25th, at 7 a. m., we began to embark, which operation was finished in the evening. These forces, forming three distinct columns, were respectively under the command of Major General Capote, Generals of Divisions Cebreco and Lora and Brigadler General Sanchez Hecheverria, the entire force being under the im-mediate command of Major General Jesus Rabi.

"I was on board the Alame with my staff and some officers invited by General Ludlow, who had superintended the embarkation. Brigadier General Sanchez, with a force of 800 men, who embarked first in the steamer Leona, landed at 5 o'clock p. m. in Siboney. There were already camped the other Cuban forces which had arrived before, as well as many thousands of the American army.

"Perfect fraternity reigned among the Cuban and American soldiers, who vied with each other in good feel. On account of the scarcity of food in the territory in which we were, from the first the Americans supplied us with the necessary rations for the sub-

sistence of our forces. "On the 29th General Shafter and my "On the 29th General Shafter and my-self had completed the plan of an at-tack, and I received from him the order to march on the morrow with my forces toward Santiago, which he him-self would do that same day, some regiments an - cannon having already advanced. to surrender to Colonel them to the Amercina navy."

Then follows a detailed report of the doings of "our forces" up to the surrender of Santiago, and the statement concludes:

"The American government has decided to occupy the city of Santiago at present with two regiments, and as General Miles has not given me orders to co-operate in any further operations I retire with my forces to their respective territories."

## MILES HOMEWARD BOUND.

He Leaves General Brooke as Military Commander of Porto Rico.

Ponce, Porto Rico, Aug. 23 .- General Miles and his staff left for home on the steamer Aranzas last night. General Miles yesterday held a final conference with General Brooke, who arrived from Arroyo on the Stillwater in the morning, and General Wilson, whose headquarters have been moved here.

Senor Lopez, editor of the San Juan Correspondencia, is here. He reports that Governor General Macias is pushing preparations for the evacuation of the island. The obstacles in the harbor of San Juan are being cleared away

and a ship loaded with dynamite has been removed. General Macias, Senor Lopez says, will return to Spain in a few days, leaving the details of the evacuation to his subordinates.

General Henry's men are badly in need of provisions. The garrison here says it is impossible to transport supplies over the mountain trail, and it has been arranged to send them to Arecelbo, an open port. The Sixth Massachusetts and the Sixth Illinois regiments are without shoes.

General Brooke, who is to be in command of the island, may leave General Wilson in direct command of the troops while he (General Brooke) is attending the sessions of the commission for Porto Rico.

communities."

Santiago de Cuba, Aug. 23 .- On the breaking up of General Wheeler's camp on the Caney road on Friday the tents and general equipment of the division headquarters were left in charge of the quartermaster's 'department. Buring the night the Cubans stealthily confiscated all the tents, stores, arms and personal effects of the soldiers. There is no clew to the robbers. On Saturday General Lawton ordered the ammunition and arms to be brought into town, but it was too late. Everything was gone.

General Kent's brigade, stationed three miles from Santiago, also lost their tents, and the soldiers marched into town barefooted, their shoes and everything portable having been stolen. the Cubans equipping themselves with the arms, tents and provisions of the Americans. They are continually stalking about the camps, and constant vigilance is necessary.

There are 488 patients in the hospital at Siboney, and the authorities urge their immediate removal. Climatic debility is as bad as the fever. The doctors say that delay in moving the patients will menace their lives. The death rate is high.

## What Everybody Says about Brandy

That the Wines and Brandy of the Speer N. J. Wine Co., Passaic, N. J., are leading all others in public favor. Their Wines are unexcelled for delicacy of flavor, and are pronounced by the most capable judges to be the very best in the market. For pure grape Brandy their Old Climax, vintage of 1876, is admittedly the best to be had and more reliable than French Bran-dies. Druggists sell it.

Wine for the Communion Table:

Speer's unfermented grape juice preserved absolutely pure as it runs from the press withous cooking or the addition of spirits or any sub-stance in any form whatever. It is preserved by precipitating and extracting the ferment or yeast principal by fungation and electricity.
