School Family Re-union.

Upwards of three hundred m bers of the School Family gathered County, Pa., on Wednesday, August 24, 1898, to hold their first family Re-union. Representatives from eight different states of the Union were present, viz: Pennsylvania, Ohio, Michigan, Illinois, Missouri; Kansas, Nebraska and Texas.-A permanent organization was effected with the following officers:

Jacob Schoch, of Philadelphia, Pres.; Ira C. Schoch, Selin's Grove, Secretary; Henry Schoch, Selin's Grove, Treas.; Allen Boyer, of Chicago, Ill., and Ira C. Schoch, His-

An executive committee was elected consisting of the President, Secretary and Treasurer, together with Mr. Floyd Schoch of St. Louis, Mo. and Mr. Leonard Schoch of East Leesport, Pa. It was decided to been of the Tulpehocken district, Berks Co., Ps. hold next Reunion some time in 1899.

The meeting was called to order by Ira C. Schoch, of Selin's Grove, the Secretary of "The Matthias Schoch Family Association." Rev. Nov. 10, by Rev. S. P. Orwig, W. H. Schoch, of New Berlin, then Secretary Schoch spoke substantially Nov. 12, by Rev. S. E. Ochsen- as follows, giving as near as it was It is not our purpose to-day to give you a conected history of the Schoch Family as it is rep. resented in America. To do this would require more time and research than we have been able do the best we could. Have no doubt there are many errors. If there are any persons in this Nov. 28, by Dr. J. R. Dimm, gathering who are able to correct such we hope they will do so before leaving here. For some years the question of a family association and the making of research into family history in some systematic and connected way has been discussed by different members of the direct line definite form

In the beginning of the year 1897 the officers and members of the Lutheran and Reformed congregations of Salem, Snyder Co., Pa., determined to build a new church edifice upon the site of the old brick church. As our blessings only become valuab e when they be given to disappear, so this old church building grew in value Dec. 1, by Rev. Wampole, Geo. in the eyes and minds of the congregation when they realized that its historic walls were doomed to destruction. Many interesting events had occurred within its walls, and much that was Dec. 1, by same, Geo. W. Diehl dear to the hearts of the people of that locality clustered around that spot. I say to the people and Ella J. Yerger, both of Middleof this locality, but I realize that in this I am too narrow, as many have gone from here and are located all over the land, whose eyes and minds will often return to the place that gave them birth, with tender recollections, the younger generations have grown up who refer with untold interest to the land of their fathers. Surely Dec. 3, by Rev. J. A. Ernest, no couplet of the poet's creation has ever borne

more truth in its rhythm than "Lives there a man with soul so dead. Who never to himself hath said." This is my own, my native land." Upon research being made into the origin of the church it was found that John Schoch, with others, was instrumental in securing the original patent for the land in 1776; that Matthias Dec. 12, by Rev. Wampole, Amon Schoch, together with his family, were members of the congregation and contributors toward the erection of the original log church which was built soon after, and that when early in the Dec. 15, by M. P. Arnold, J. P., Inneteenth century this log charts because, Janineteenth century this log church became twp. to Amanda Rebecca Derr of John S. Stauffer and Martha Rein- cob schoch was appointed and served as one of the building committee, himself and wife being members of the congregation. His family, with Dec. 17, by Rev. D. M. Stetler, a numerous contingent or the same name, being also members of the congregation, while up to the present time there always been descendants of the line active in all the work of the church, The members of the building committee, who have put up the present handsome edifice, suggested that it would be a proper and fitting trib. ute to the Schoch family, in its local and church connection, to have some memorial placed in the new edifice. The idea was a good one and

caught the feeling of some of the name in and about the vicinity. Accordingly, at the suggestion of Messrs, Franklin J. and Henry Schoch, a preliminary meeling was called at the office of Ira C. Schoch, in Selin's Grove, Pa., June 31, 1897. when the following persons were present Messis, F. J., Henry, Geo. J. and Ira C. Schoch Mrs. L. E. Pawing and Mrs. B. F. Wagenseller A temporary organization was formed and circulars ordered printed and sent out to all of the name in the immediate neighborhood to call a meeting Aug. 14, 1897. Pursuant to the call a permanent organization was formed to be known as "The Matthias Schoch Pamily Association," edifice being erected at Salem, Smyder Co., Pa. " Schoch Memorial Window." The following committee was appointed, viz Henry Schoch, Selin's Grove : Michael and G. Alfred Schoch, Middleburg ; James Schoch, New Berlin: Henry Cook, Vicksburg, and Ira C. Schoch, Selin's Grove. This committee was au-Dec. 25, by W. W. Wittenmyer, thorized to select a design, contract for the win dow and attend to all necessary business con-nected therewith. The Matthias Schoch Association, feeling that as the name was scattered over so many districts of the Keystone State, as well as throughout the whole Union, it would be a commend able project to gather together as many as possible in a family reunion, in order that the gene alogical connection of the various repres tives might be compiled and be preserved, and that the bond of the brotherhood, though pro-verbially strong, might by such a union be more thoroughly camented. They accordingly, be resolution, resolved to hold a family reunion on August 54, 1888. A circular letter was prepared nd sent wherever one of the name of tion was found. Your Secretary and the com-mittee made every effort to reach all represen-tatives of the name, but we realize that we have failed in a large measure, as daily up to the present date we have received names from all por-tions of our own and many other States of the

Aug. 5, 1776, surveyed in pursuance of his rants dated June 4 1762, and April 23, 1778, just 136 years ago, that we give them son facts such as we have been able to gather, th we hope to add much which is still want direct, we hope, bear with us a little wh Matthias Schoch was born in Alsace Lorain

that much-disputed corner of Switzerland, De 16 18:8. He came to smerica in the ship "Albany," Robert Brown, master, landing in Phila-delphia, September 2, 1749. We find that on the same ressel among the list of passengers are ecorded the names of John and Valentine school. We have been informed through fam ily tradition that Matthias Scho serve a redemption period of six years to pay his passage. Family legend also says he came with others, George and John, and two sist One of his sisters married a Mr. Spangler, the other to a Mr. Saltzgiver, both reported to have Matthia-, himself, is said to have first settled here and that he moved to this location Penns township, Cumberland Co., about the yea 1760, and that he acquired his first lands by trading a gun to a native Indian chief. Whether this be correct or not we cannot vouch, but he was known to have always been on friendly terms with the red men. At the time of the great runaway, July. 1778, he was warned by a offered a fervent prayer, after which triendly Indian chief coming to his home after nightfall and urging him to take his family away, as he, the chief, could no longer be resible for the actions of his people. Matthias and his family were thus saved the dire conse quences which befell some of his more luckle neighbors. The stuck Massacre occurred just above this place. He took up his first tract of public land, called "Brantree," of 7s acres, surveyed on application, entered in the land office August 5, 1766, and another called "Pennsburg" of 238 acres, 121 perches, with allowances of 8 per cent. on both tracts, surveyed in pursuance of two warrants and dated June 4, 1769, and then took but the patent deed for the whole 306 acres June 29, 1790, paying 15 pounds and 12 shillings for the first and 51 pounds and 17 shillings for the second tract, that including interest from the time the application was made for the warrant. He ocated his home just west of the little village above us, now known as Smith grove, on the south side of the public road and near where the old log fort still stands. This fort is erroneously published in "The Forts of Pennsylvania" as the Hendricks fort. The fort was built by Matthias Schoch as a refuge from attacks by the Indians and is a low log building with heavy plank floors of eight-inch thickness about seven feet from the ground with two small openings in the second story, 8x12 inches on the north side, with only an entrance from the outside to the second story ; the lower part or this building being used as a place of storage. This land was never in the possession of the Hendricks family. It ramained the property of Matthias Schoch until 1816, when it became the property of his son, Michael Schoch, who, in 1843 - Roush, who, in 1834 sold to Chas. Keek, who has been the owner from that time to the present day, proving conclusively the ex-ror in its being called the "Hendricks" fort Further, the west tract was taken up by Peter Godsbalk, while west of this tract was the original Hendricks tract. - It is unfortunate that matters of family history should be thus erroneously recorded, proving that as a family we have been too careless in the preservation of records

Matthias Schoch was twice married and had eleven children. Two died in infancy, First wife's maiden name we have not been able to learn. Her given name was Margaret. She died in 1785. By this marriage had five sons and one daughter, viz: John, Henry, Michael Peter, Jacob and Catherine. Second wife's maiden name, Catherine Lips.
