

A Young Girl Saved!

So remarkable are the facts; so strongly are they substantiated; so important are they to all who are suffering, that there is no necessity of publishing them under the disguise of news or other false colors.

Few men in Detroit Real Estate Circles are better known than Frank E. Trout. None place a higher value on their reputation.

Mr. Trout has reason to believe in the potency of Dr. Williams' Pink Pills, and he does not hesitate to say so.

Dr. Williams' Pink Pills saved the life of his daughter.

Saved her when eminent physicians failed; when the pharmacopoeia was exhausted; when science acknowledged defeat.

The gratitude of the father overbalances the natural conservatism of the man, and he tells the world his story that others may be benefited.

"At the age of fourteen" said Mr. Trout, "we had to take our daughter from school owing to her health. She began to fall away and became pale and languid. She was so weak she would fall down every time she tried to walk unsupported."

"When she was fifteen she weighed only ninety pounds.

"She was actually fading away.

"Several physicians said she might outgrow it, but that it would no doubt terminate in consumption."

"She was growing weaker every day; we concluded we must lose our child.

"The medical profession had exhausted their skill, we had tried all the well known remedies. Finally I bought a box of Dr. Williams' Pink Pills for Pale People and

took them home to her. Before she had taken all of the first box we noticed a change for the better.

"She gained strength daily.

"Every one noticed the change; I bought two more boxes. When she had taken them she was strong enough to leave her bed, and in less than six months was something like herself."

"To-day she is entirely cured, and is a big, strong, healthy girl, weighing 130 pounds, and has never had a sick day since."

"I know Dr. Williams' Pink Pills saved my daughter's life and I am glad to recommend them to the world."

To further verify this statement Mr. Trout made affidavit to its truthfulness before Robert E. Hull, Jr., Notary Public.

The last decade of the nineteenth century has been marked by some of the most important discoveries in the history of the world. None have done more to benefit mankind than Dr. Williams' Pink Pills for Pale People. Some of the cures effected by this wonderful remedy almost equal the miracles of old. Diseases long supposed incurable have succumbed to their potency. The paralyzed have walked; the weak and ailing have stepped from their beds well and strong. The evidence is irrefutable. The fact stands supreme that Dr. Williams' Pink Pills are the greatest blessing ever bestowed on suffering humanity.

Dr. Williams' Pink Pills are sold by druggists throughout the land.

Too Eloquent by Far.

Counsel for the defense had pleaded with such earnest and pathetic eloquence on behalf of his client, who stood charged with pocket-picking, that the audience was moved to tears, and the prisoner himself was rubbing his eyes with a silk handkerchief. At that moment the barrister, happening to glance in his direction, suddenly stopped in his speech and exclaimed: "Why, the rascal is using my handkerchief!"—Tit-Bits.

She Knew.

"No," she said, "you don't really love me."

"Yes, I swear I do," he protested. "I love you with all my soul. I would ask you to be my wife to-morrow if I were properly situated."

But his plea was useless. She had studied human nature, and knew that when a man is really in love he doesn't stop to consider whether he can afford to marry or not.—Cleveland Leader.

Where It Draws the Line.
