Sacrificed to Blood Poison.

Those who have never had Blood Poison can not know what a desperate condition it can produce. This terrible disease which the doctors are totally unable to cure, is communicated from one generation to another, inflicting its taint upon countless innocent ones.

taint upon countless innocent ones.

Some years ago I was inoculated with poison by a nurse who infected my babe with blood taint. The little one was usequal to the struggle, and its life was yielded up to the fearful poison. For six long years I suffered untold misery I was covered with sores and ulcers from head to foot, and no language can express my feelings of wee during those long years. I had the best medical treatment. Several physicians success

The Sixteenth Pennsylvania Regimes swells near Santiago brings to mind Leaves Jersey City For Home. New York, Oct. 18.—The United States transport Minnewaska arrived lander, who, at the time the first call here yesterday from Porto Rico. On board were General O. H. Ernst and for men was made, came home to join the cavalry troop of that city and go to war. His parents are wealthy, and he has always held a prominent position socially when at home, but when a show of patriottam was called for

staff, the Sixteenth Pennsylvania volunteers, about 100 men of the Third Wisconsin volunteers and a number of convalescents from the hospitals in Cuba and Porto Rico. There were also bout 50 civilians, among them W. S. Larber, of the postal commission. In all the Minnewaska brought about 1,200 passengers.

The quartermaster steamer General Meigs, in charge of Major Appel, and having on board Governor Hastings, of Pennsylvania; Dr. M. S. French, of the National Relief association, of Philadelphia; Mrs. Ernst and her two daughters, met the transport at quarantine. Dr. Appel expected to have to care for a large number of sick, but, although he took on board the Meigs from the transport 172 men, they were all convalescents. These men were taken to the Association Home, on East Fifteenth street, this city, where they will remain until completely restored to health or sufficiently recovered to depart to their homes in Pennsylvania and other states.

After the transfer of the sick to the General Meigs the Minnewaska steamed direct to the Erie railroad pier, and after unloading went to the Pennsylvania railroad pier at Jersey City, where six companies of the Sixteenth Pennsylvania were put ashore. This morn-

ing they left for their homes. The Sixteenth Pennsylvania had glorious record in Porto Rico. This regiment captured two sets of colors, which were presented to the president at the White House by Captain Harry Hall, who came from Porto Rico for the purpose. There are about 1,100 men in the regiment, which was engaed in some of the decisive engagements in Porto Rico.

When the men were released they refused to keep their word and they were ordered back to the guard house for struction on the foe! This modern trial by court marticl. warfare is simply annihilation. The

The offenders were arrested and sent to the guard house several days ago for conduct unbecoming a soldier, and on Sunday Lieutenant Gaujot, officer of the day, ordered them to clean up the company streets. They refused, and the officer reported them to Lieutenant Colonel Moore, who is in command of the regiment while Colonel Casteel is acting brigade commander. Colonel Mcore ordered the men to be tied up "spread eagle" fashion.

Colonel Moore says Mose, who was formerly in the regular army, is an old offender, and has given the officers much trouble. The other two enlisted at Shepardstown, W. Va., and they have had no previous military experience. Three other privates in this regiment were also manacled Sunday for missing roll call.
