OUR CANDIDATES.

On November 8th every freeman in Pennsylvania will be called upon to cast his ballot to elect a Governor and other officers for the ensuing terms. It is a sacred trust reposed in each and every individual to take part in the government of his county, state and nation. The republican party has placed itself on record as the party which has demonstrated its ability to govern this country through all manner of ordeals. After the direful control of Grover Cleveland, the Republican party restored business, encouraged industry and reconstructed the national policy in harmony with prosperity. For the important office of Governor of the Commonwealth the Republicans have nominated

COL. WM. A. STONE.

He with his colleagues on the state ticket, make up an array of soldier candidates. Gen. J. P. S. Gobin, for Lieutenant Governor, is a hero of two wars. In addition to this he served his state as the Commander of the 3rd Brigade of the National Guards of Pennsylvania, under whose gallant command the writer had the pleasure to serve for a term of enlistment. Gen. J. W. Latta for Secretary of Internal Affairs is a soldier of good repute among Snyder County veterans. W. W. Potter for the Supreme Court, Hon. Galusha A. Grow and Hon. S. A. Davenport for Congressmen-at-Large are not entirely unknown among the Republicans of Snyder County. The State ticket is certainly made up of a brilliant array of Republican war heroes and they will command the loyal support of every republican.

HON. T. M. MAHON.

Congressman Mahon is too well known to require an introduction at our hands. He was a faithful, loyal, patriotic soldier and has proven himself an able conscientious representative in the House of Representatives of the United States. He has carefully guarded and protected the interest of every soldier in his district. He has urged the department in more than 800 cases to hasten the consideration of pension claims at the Department. In the House, he has stood faithful to all legislation for the benefit of the country at large never forgetting the interests of the people of the Eighteenth Congressional district. His unanimous nomination at the recent conference at Harrisburg was a greater compliment than is usually extended to Congressmen for a third or fourth term. His past record is a sufficient guarantee of his future conduct.

DR. A. M. SMITH.

This is the year a legislature will be elected to convene in January, Dr. A. M. Smith won the nomination last January by a nice large majority and he will be elected on Nov. 8th. Dr. Smith is an affable gentleman, a skilled physician and will make an able representative. He descends from good stock, being a grandson of Hon. Ner Middleburgh who represented this section in Con-

gress during his prime. He is a gentleman of fine qualities, a progressive citizen and a ready talker. He was a soldier in the gallant 49th P. V. I. and his loyalty to the soldier's interests has been fully proven since the establishment of the pension board in this place. He promises to represent the interests of Snyder County and in doing this he is doing his full duty.

HON. Z. T. GEMBERLING.

There seems to be an unwritten law in the government of the Republican party of Snyder County, that if an office holder serves his people faithfully for one term, he should have a second term. This is Judge Gemberling's position at the present time. He is a poor man and deserves re-election.

G. A. BODDORF.

Last on the list comes the office of County Surveyor. It too is an important position. Mr. Boddorf resides at Freeburg and will make a faithful and dutiful official.

PHILIPPINE ANNEXATION.

Such an acquisition would not strengthen us in any respect. On the contrary, it would be a constant drain upon our resources without any substantial compensation for the outlay. Even when not in a state of actual insurrection, the people are turbulent, cruel, and unmindful of the rights of person and property, and it will require a most vigilant administration of the law by honest and capable officials to preserve order among them, even in the most enlightened parts of the islands, while in some parts it is at least doubtful whether this can be done at all. Spain has tried it for more than three centuries, except in the Sulu group, and has signally failed. Millions of dollars have been expended and thousands of lives have been lost in a vain effort to enforce obedience to the laws and customs of a country having a form of ecclesiastical and civil government which they were at least partially able to understand, and yet, when the hour of trial came, Spain found them her most malignant and savage enemies. If we acquire the islands we may have the same experience. Being incapable of self-government, they must be controlled for a long time, even as to their local concerns, by legislative and executive authorities of a government six thousand miles distant.

THEY WILL CONSTITUTE THE MOST EXPOSED PARTS OF OUR NATIONAL DOMAIN,

and will require a much larger expenditure for protection than any other equal area within its limits. In all great wars the nations having colonies and outlying dependents have found them to be her most vulnerable parts; and nearly every island in the seas has passed, at some period in its history, from one sovereign to another by the operations of war, most of them having changed masters many times. If we acquire the Philippines, we will find it more difficult to defend them against any great European naval power than it will be to defend the coast of the United States against the same power. They will add comparatively nothing to our strength or prosperity in time of peace, and they will be a positive weakness to us in time of war.—JOHN G. CARLISLE, in *Harper's Weekly*.

ITEMS OF STATE NEWS.

Franklin, Pa., Oct. 22.—A couple of horses dashing wildly around with a wagonload of nitro-glycerine at their heels started a stampede of workmen on the poor farm near here today. As the men fled the runaway followed them, and every moment they expected to be blown to bits. The team, with its swaying load, finally came to a standstill, the men came out from their cover and no time was lost in unhitching.

Philadelphia, Oct. 22.—The United States court of appeals yesterday affirmed the decision of Judge Acheson, in the United States circuit court at Pittsburg, sustaining the Mita patent for the use of aluminum in the manufacture of steel ingots and castings. The litigation has lasted nearly four years, the suit having been brought by the United States Mita company against the Carnegie Steel company to restrain the latter from alleged infringement of the patent. The Carnegie company has now taken a license under the patent and made settlement for past infringement.

Shamokin, Pa., Oct. 22.—In order to finish disbursing funds among the employes in the lumber camp of Monroe H. Kulp & Co., in the mountains, 18 miles northwest of Lewisburg, last evening, Gilbert G. Kulp, a member of the firm, boarded a handcar, in company with three others. Congressman Monroe H. Kulp decided not to go with them, but to wait for a special engine. Soon after the car started down a steep grade the brake block would not work. William Berger, a timberman, escaped by jumping. John Kreisler, a Lewisburg bookkeeper, and James Dird, foreman of construction, next jumped. The handcar struck a train and was reduced to kindling wood. Kulp was hurled into a clump of laurel and but little hurt.

Harrisburg, Oct. 25.—Disbelieving in his insanity when he committed the deed the jury last evening, after having been out 61 minutes, found Joseph Hollinger, a Derry township farmer, guilty of the murder of his wife on the afternoon of Aug. 24 last. Hollinger cut his wife's throat with a pocketknife in the presence of several witnesses, while the latter were gathering grapes at Hollinger's home. Hollinger put in a plea of not guilty through his counsel, but later changed it to voluntary manslaughter. Hollinger's two children testified to hearing their father threaten more than once to kill their mother. The prisoner testified that he did not intend to kill his wife, and "did not know what he was doing at the time." Witnesses testified that insanity ran in the family, and that the prisoner was known in the neighborhood as "Crazy Joe." A new trial will be asked for.

Aguinaldo's Rival Arrested. Manila, P. I., Oct. 25.—General Rido del Pilar, who is looked upon as being the foremost rival of Aguinaldo for the leadership of the Philippine insurgents, has been summoned to Malolos, the insurgent headquarters, and arrested. The charge against him is disregarding Aguinaldo's authority and attempting to defy the Americans. Aguinaldo has tried to remove several of the insurgent officers who are uneducated and unfitted for their positions, but he has been compelled to reinstate them. Aguinaldo is desirous of going to Paris for the purpose of appearing before the peace commissioners, but he is prevented from so doing by the jealousies existing between the insurgent leaders.

B. and O. Reorganization Assured. Baltimore, Oct. 25.—Judges Morris and Goff, in the United States circuit court here yesterday, dissolved the injunction previously issued at the instance of the holders of the preferred stock of the Baltimore and Ohio Railway company, and granted to the trustees of the various mortgages the right to foreclose, thus clearing the way for a complete reorganization of the system.

The Buffalo Sails For Manila. New York, Oct. 25.—The cruiser Buffalo left the navy yard for Manila today. Sailing orders were received yesterday, and work was rushed all day long to get the vessel's supply of coal and stores aboard. The Buffalo will cross the Atlantic and go through the Suez canal, and it is expected she will arrive at her destination before the battleships Iowa and Oregon.
