As to its efficacy, I have been informed by scores of persons of the good results they have received from it, and know its value from the use of it in my own household. Lovely Women in the Lagar at the Quinto Colletros, Portugal. Girls treading Grapes, to music, wearing short jackets and short linen pants, but a great variety of headgear. A violinist, seated on the edge of the vat, adds while one or two of the damsels join in with their voices, keeping time with their feet, treading the grapes. Rubber Rollers are Used for Crushing the Grapes to Make Speer's Port, Burgundy, Claret and Other Wines. Which, as is well known, rival the world in excellence, for invalids and aged persons, and are made from the Oporto grape grown on vines imported from Portugal forty years ago. The soil of northern New Jersey, containing iron, is just suited for them. Mr. Speer, however, uses the improved way of mashing the grapes. He employs large rollers of rubber run by an engine which crush grapes at the rate of a barrel a minute. Speer's Wines, especially the Port and Burgundy now in market, are of very old vintage, and have no superior. Physicians far and near prescribe them for weakly females and aged persons. They are blood-making, adding iron to the system, and tend to prolong life. Extensively used at parties, weddings and general family use. SOLD BY DRUGGISTS AND GROCERS WHO DEAL IN WINES.
