THE GREATEST PLACE TO BUY FURNITURE

THE GREATEST PLACE TO BUY FURNITURE

This is the place where every one comes to buy FURNITURE. If one is invited away from home they naturally anticipate not only pleasant company but other surroundings.

What a contrast between the methods of this Furniture Store and those of the usual furniture specialist. How much will it bring? is the all absorbing question there. How long can we afford to sell it? is our greatest problem. We are after profit, that's true enough, but we plan differently. We try to make a small margin on a large volume of business, where others figure on large profits from a small volume of trade. We are selling just now more furniture every day than any store in our county has ever sold. We say this boldly because we thoroughly believe it to be so, and that prices like this and nothing else are at the bottom of it:

Oak Rockers, worth \$2.75, reduced to \$1.98. Extension Tables, worth \$6.00, reduced to \$4.29. White Enameled Beds, worth \$7, reduced to \$4.67. Antique Oak Sideboards, worth \$12, reduced to \$8.78. Velour Couches, 54 springs, worth \$15, reduced to \$11.29. Antique Oak Suits, worth \$20, reduced to \$15.78.

We Head the List

Pennsylvania has more legal holidays than any other state in the Union. The number is eleven. New York has ten. Three of these holidays occur in the shortest month in the year, February. They are Lincoln's birthday, February 12th, election day, 21st, and Washington's birthday, 22nd.

Put Him Wrong.

It is said that a jeweler in a neighboring town in putting a watch together put the minute hand on the hour pivot and vice versa. When the customer got his watch he went almost crazy, and for a week did nothing but get up and go to bed again in his endeavor to keep up with his watch.

Does Coffee Agree With You?

If not, drink Grain-O—made from pure grains. A lady writes: "The first time I make Grain-O I did not like it but after using it for one week nothing would induce me to go back to coffee." It nourishes and feeds the system. The children can drink it freely with great benefit. It is the strengthening substance of pure grains. Get a package today from your grocer, follow the directions in making it and you will have a delicious and healthful table beverage for old and young. 15c. and 25c.
