**Don't Experiment.**

When grip attacks a person of nervous temperament there is usually a great depression of spirits, the patient is plunged in despair, and no amount of argument or rallery has any effect on his misery. The man or woman whose nerves become so scattered that it is a torture to remain in bed, and the night is passed in a vain attempt to get a little sleep is on the down grade to nervous prostration, insanity and death. There is no time than to experiment with new and untried remedies. Neglect or delay in this respect may prove a fatal mistake.

Dr. Miles' Nervine is the best of all medicines for the nervous, tired and sleepless victim of the grip, just as it is the best remedy for all other weaknesses and disorders of the nervous system. It attacks the minute germs of impurity clustered in the blood and thoroughly routs them out of every hidden corner of the body.

"I was extremely nervous and although I doctored with several physicians I could not gain strength. My nerves become so completely unstrung that I could scarcely sleep at all, and I thought I should surely die. I began taking Dr. Miles' Nervine and in less than a week I was feeling very much better. After taking six bottles I was completely restored to health."

C. E. HACKETT, Greene, N. Y.

A trial package of Dr. Miles' favorite treatment for the grip, consisting of Dr. Miles' Nervine, Dr. Miles' Nerve and Liver Pills, will be sent absolutely free to any person sending name and address on a postal card, requesting the samples and mentioning the name of the Post. Address, Dr. Miles Medical Co., Elkhart, Indiana.

**Give the Children a Drink**

called Grain-O. It is delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children, as well as adults, can drink it with great benefit. Costs about 1/2 as much as coffee.

**THE GREATEST PLACE TO BUY FURNITURE**

This is the place where every one comes to buy FURNITURE. If one is invited away from home they naturally anticipate not only pleasant company but other surroundings.

What a contrast between the methods of this Furniture Store and those of the usual furniture specialist. How long can we afford to sell it? is the all absorbing question there. How long can we afford to sell it? is our greatest problem. We are after profit, that's true enough, but we plan differently. We try to make a small margin on a large volume of business, where others figure on large profits from a small volume of trade. We are selling just now more furniture every day than any store in our county has ever sold. We say this boldly because we thoroughly believe it to be so, and that prices like this and nothing else are at the bottom of it:

- Oak Rockers, worth \$2.75, reduced to \$1.98.
- Antique Oak Sideboards, worth \$12, reduced to \$8.75.
- Extension Tables, worth \$6.00, reduced to \$4.29.
- Velour Couches, 54 springs, worth \$15, reduced to \$11.29.
- White Enameled Beds, worth \$7, reduced to \$4.67.
- Antique Oak Suits, worth \$20, reduced to \$15.75.
