It is made from pure grains and has that rich seal brown color and tastes like the finest grade of coffee and costs about 1/4 as much. Children like it and thrive on it because it is the genuine food drink containing nothing but nourishment. Ask your grocer for Grain-O. The new food drink. 15 and 25c.

The Greatest Place to Buy Furniture!

This is the place where every one comes to buy FURNITURE. If one is invited away from home they naturally anticipate not only pleasant company but other surroundings.

What a contrast between the methods of this Furniture Store and those of a usual furniture specialist. How much will it bring? is the all absorbing question the How long can we afford to sell it? is our greatest problem. We are after profit, the true enough, but we plan differently. We try to make a small margin on a large volume of business, where others figure on large profits from a small volume of trade. We are selling just now more furniture every day than any store in our county has ever so. We say this boldly because we thoroughly believe it to be so, and that prices like this and nothing else are at the bottom of it:

- Oak Rockers, worth \$2.75, reduced to \$1.98.
- Extension Tables, worth \$6.00, reduced to \$4.29.
- White Enameled Beds, worth \$7, reduced to \$4.67.
- Antique Oak Sideboards, worth \$12, reduced to \$8.
- Velour Couches, 54 springs, worth \$15, reduced to \$11.
- Antique Oak Suits, worth \$20, reduced to \$15.78.
