James Steely is agent for the electric wall paper and is busy taking orders for the same. There is some talk of the Lowell store changing hands in the near future. Alex Treaster and Wm. Dr. Steely has the reputation of extracting teeth with lots of pain and no charge. For reference inquire of the 'squire. Tuesday the old soldiers were busy attending to their well-earned claims they hold against Uncle Sam, and he is always willing to settle up with the deserving ones.

"A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The fit reported experiences of thousands of persons may be taken for knowledge. Mr. W. M. Terry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in the drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the Worcester Enterprise recently, which leads me to write this. I can truthfully say I never used any remedy equal to it for colic and diarrhoea. I have never had to use more than one or two doses to cure the worst case with myself or children. W. A. Stroup, Popomoke City, Md. For sale by all Druggists.

Rine of McKees, Henry Hoover and wife of Herndon, Stewart Hall of Mahan-tongo, Lizzie Shrey of Aqueduct spent Sunday in town. A. F. Does Coffee Agree With You?

If not, drink Grain-O—made from pure grains. A lady writes: "The first time I make Grain-O I did not like it but after using it for one week nothing would induce me to go back to coffee." It nourishes and feeds the system. The children can drink it freely with great benefit. It is the strengthening substance of pure grains. Get a package today from your grocer, follow the directions in making it and you will have a delicious and healthful beverage for old and young. 15c. and 25c.

SHAMOKIN DAM.

Mrs. Amelia Schoelt of Muncy was a visitor at Geo. Gaugler's over Easter. Edgar Derr, who was working for M. H. Kulp near Lewisburg, made his home with Wm. Snyder of this place for the summer. The Easter entertainment held in the Lutheran church on Sunday was well attended, and rendered one of the finest programs. Did you find April with your eyes opened or shut or did you not find it yet? How about it, George? The Sunday schools of Monroe township will hold a convention in the M. E. church of this place Friday and Saturday evenings, April 7th and 8th. Jno. Walter of Chestnut Ridge was a visitor in this place last week. He would be a wise man if he would move his shop here also. Our young sport, Sherman Borden, went to Philadelphia where he is employed in the Baldwin Locomotive Works, wishing the young man speedy success. Wm. Logan and his lady friend of Williamsport were visitors in our place over Easter. The best thing that ever happened was at the moving of George Row, who moved to Buffalo Valley last week. What was it? There was something round like a bottle, but what was in it? You must ask Philip Nace. He received it from George. He was afraid George could not handle it with care so he kept it in his possession and it got a pneumatic puncture and the remains got Philip's head so that he could not eat his dinner, but he had his desert.

Drink Grain-O

after you have concluded that you ought not to drink coffee. It is not a medicine but doctors order it because it is healthful, invigorating and appetizing. It is made from pure grains and has that rich seal brown color and tastes like the finest grade of coffee and costs about 1/3 as much. Children like it and thrive on it because it is the genuine food drink containing nothing but nourishment. Ask your grocer for Grain-O, the new food drink. 15c. and 25c.

The Greatest Place to Buy Furniture!

This is the place where every one comes to buy FURNITURE. If one is invited away from home they naturally anticipate not only pleasant company but other surroundings.

What a contrast between the methods of this Furniture Store and those of the usual furniture specialist. How much will it bring? is the all absorbing question there. How long can we afford to sell it? is our greatest problem. We are after profit, that's true enough, but we plan differently. We try to make a small margin on a large volume of business, where others figure on large profits from a small volume of trade. We are selling just now more furniture every day than any store in our county has ever sold. We say this boldly because we thoroughly believe it to be so, and that prices like this and nothing else are at the bottom of it:

- Oak Rockers, worth \$2.75, reduced to \$1.98.
- Extension Tables, worth \$6.00, reduced to \$4.29.
- White Enamelled Beds, worth \$7, reduced to \$4.67.
- Antique Oak Sideboards, worth \$12, reduced to \$8.78.
- Velour Couches, 54 springs, worth \$15, reduced to \$11.29.
- Antique Oak Suits, worth \$20, reduced to \$15.78.
