What a contrast between the methods of this Furniture Store and those of the usual furniture specialist. How much will it bring? is the all absorbing question there How long can we afford to sell it? is our greatest problem. We are after profit, that true enough, but we plan differently. We try to make a small margin on a large vo ume of business, where others figure on large profits from a small volume of trade. We are selling just now more furniture every day than any store in our county has ever sold We say this boldly because we thoroughly believe it to be so, and that prices like thi and nothing else are at the bottom of it:

Oak Rockers, worth \$2.75, reduced to \$1.98. Extension Tables, worth \$6.00, reduced to \$4.29. White Enameled Beds, worth \$7, reduced to \$4.67.

Antique Oak Sideboards, worth \$12, reduced to \$8.7 Velour Couches, 54 springs, worth \$15, reduced to \$11.3 Antique Oak Suits, worth \$20, reduced to \$15.78.

"A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The oft repeated experiences of trustworthy persons may be taken for knowledge. Mr. W. M. Terry says Chamberlain's Cough Remedy gives better, satisfaction than any other in the market. He has been in the drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. Sold by all Druggists.

Does Coffee Agree With You?

If not, drink Grain-O—made from pure grains. A lady writes: "The first time I make Grain-O I did not like it but after using it for one week nothing would induce me to go back to coffee." It nourishes and feeds the system. The children can drink it freely with great benefit. It is the strengthening substance of pure grains. Get a package today from your grocer, follow the directions in making it and you will have a delicious and healthful table beverage for old and young. 15c. and 25c.
