SATURDAY'S PRIMARY.

Saturday the Republicans of this county held their annual primary election and it passed off very quietly. The results in detail are given in another part of this paper. Some surprises, and heartaches were to be expected and those who were not prepared to expect them, of course, were disappointed. The vote was not as heavy as usual, when the primary is held earlier, but the later primary seems to have been more satisfactory than the early ones. The candidates have had better weather.

The defeat of Judge Specht, who made one of the most popular sheriffs the county ever had, is a singular result. Judge Specht was very popular and that induced Senator Hummel to recommend him to Governor Hastings for appointment as Associate Judge. The defeat of Judge Specht is not his own defeat as it is a slap at Senator Hummel. We predicted months ago that Senator Hummel was not representing his people by insisting on voting for Quay and now the people have spoken and they have severely rebuked Senator Hummel for the course he has taken.

The nominees for county offices are all good men and we predict for them handsome majorities.

HELP THE TOWN.

We now have a shoe factory assured and we have at our disposal a proposition for a gun factory. What are our moneyed men and business men going to do about it? The shoe factory stock was raised mostly by small subscriptions ranging from \$50 to \$500. The gun factory needs \$25,000 on bonds and \$3,500 for building. This means, of course, that all must pull harder and that those who are better able must pull good and strong. This proposed industry means a great deal to Middleburgh. The gun factory people agree to employ 300 hands by the close of the second year. What does this mean? It means that before two years have expired there will be a necessity here for 200 new houses if we get nothing more. It means more than this as the town would need not only new citizens and workmen for the gun factory, but carpenters and other mechanics must come to help erect these many buildings. If we all pull together we can easily make a town in the Middlecreek Valley having a population of 5,000 or 6,000 people in five or six years. If we do not do this, there are other towns in our immediate vicinity who are waiting anxiously for us to say that we can not raise the amount of money needed. This is a very large bite for us to take, but it means so much to us that we dare not in justice to ourselves let it slip out of our grasp. Do your duty.

FOR SALE.—I offer for sale fifteen acres of farm land, twenty acres of partly cleared land and twenty-four acres of timber land, all situated at New Berlin in Limestone township, Union Co. If so desired, it will be sold in lots. For particulars inquire of A. T. Taylor, Kishacoquillas, Pa. 3-23-3mo.

REGISTERING DEEDS.

Before long the new system of registering deeds will go into practice. Although that time has not been definitely learned yet, preparations are being perfected in the county commissioners' office for the putting of this new system of registering deeds into operation. As we all know, the measure authorizing such a system was passed at the recent session of the Legislature. Several days ago it was approved by Governor Stone.

It is an understood fact that this system will not be put into full operation until a certified copy of the act gets into the hands of the county commissioners. They expect to receive it any day, and it is thought that by the middle of next week the compulsory registration of every deed transferring real estate in Snyder county, will be in full force and effect in this county.

The general opinion is that this move is a good one and that the act is most opportune.

Every county in the State, in which the inhabitants number more than 5,000 will be effected by this new measure.

One good advantage can be found in it, if no other can, and this is, it will have a tendency to keep the books straight. This system has been in use for years in the cities of Pittsburg and Allegheny. The idea is to keep the assessment books in straight condition, while, at the same time, it will enable the assessors of the different boroughs and cities to keep track of the various transfers and assess the property accordingly. In addition to this, the system will be worked by what is called the slip method. No deed can be accepted by the recorder unless it bears the stamp of the county commissioners' office, thus showing that it has been registered there. Those who have deeds to be recorded and the county officials will be spared much trouble from now on simply because they will go first to the commissioners' office and have their deeds registered before they enter them in the recorder's office for record.

An official, speaking of the new act, this morning said: "In five years' time the operation of this act will work a revolution in the matter of assessing all properties in this county. I have no doubt that there is a great deal of property in this county which is not on the valuation books of the county commissioners' office, through the difficulty of making accurate and complete assessments. In many cases it is so difficult to describe property that its location is almost an impossibility. Then, again property which is assessed at so much per acre may be entered as containing a less number of acres than it really does."

"I have no doubt that when the system gets into thorough operation the county will be the gainer by thousands of dollars in its yearly assessment, which now slips through as the result of the present way of doing things."

It will be noticed that sooner or later all the property, through the medium of this system of registering, will be a matter of record on the valuation books of the county commissioners' office.

REMARKABLE RELIO.

The Middleburgh Post under date of June 30, 1870, says: "We learn from the Lewistown Gazette that Gen. J. P. Taylor, who resides in Kiscoquoquillas Valley, Mifflin County, less than a mile from the camp and spring of Chief Logan, in digging to repair the foundation of an old house that has stood sixty-five or seventy years, lately, found imbedded in the earth, about 4 feet under the surface, a silver tea spoon with the name Wm. Penn, handsomely engraved upon it, also the name of the maker, trade mark, etc. The spoon is perfect and the engraving perfectly legible. Is it part of the purchase money given by Penn to the Indians for Pennsylvania? And may it not have once been the property of the great Chief Logan?"

Professional Evidence.

In these days when there are hundreds of unscrupulous adventurers who are advertising new remedies as "the only sure cure" for the grip and its terrible after effects, it is a relief to read the experience a man who has spent his life in supplying medicines to the public. Mr. John Metz, Ph. D., who owns a drug store in Lena, Ills., sends the following letter "DR. MILES MEDICAL CO.

Gentlemen:—I can always recommend Dr. Miles' Nerve to my customers as it cured my daughter of a severe attack of Lagrippe when that dread disease was raging through the country some years ago. Since that time I have sold hundreds of bottles under your guarantee and have had none returned."

Dr. Miles' Nerve is sold by all druggists on a guarantee that first bottle benefits or money refunded.

A trial package of Dr. Miles' favorite treatment for the grip, consisting of Dr. Miles' Nerve, Dr. Miles' Nerve and Liver Pills, will be sent absolutely free to any person sending name and address on a postal card, requesting the samples and mentioning the name of the Post.

Address, Dr. Miles Medical Co., Elkhart, Indiana.

A Cure for Nervous Headaches. For eight years I suffered from constipation and severe headache, the headache usually lasting three days at a time. Headache powders relieved me temporarily, but left too bad an effect. Since I began taking Colery King I have greatly improved in health, seldom or never have headache, have gained in flesh, and feel decidedly well.—Mrs. E. S. Haren, Temple, N. H.; Colery King for the Nerves, Liver and Kidneys is sold in 50c and 25c packages by W. H. Herman, Trosville, Middleburgh & Ulah, McClure; H. A. Knight, Alto.
