Last Saturday the Lewistown Democrat and Sentinel began to publish semi-weekly. The publication has always been a sprightly weekly, and we hope to learn that abundant support will be given to the semi-weekly.

SHOES AT COST.—They must go at any price. We would like to get cost for them, but if we can not they must go for less. Come at once while there is a better chance for sizes. Special bargains in buggy whips and soap.

BARBER SIMONTON.

The Middlecreek township school board recently raised the wages of their teachers for the coming winter from \$20 to \$25 per month. This is a decided move in the right direction. If a teacher's services are not worth \$25 per month, he is absolutely worthless and should not be employed. Middlecreek township is to be congratulated upon their happy movement. Let other districts follow her example.

A mad dog scare prevailed in Selinsgrove Sunday to an alarming extent. A strange hound ran about the streets, showing all the symptoms of hydrophobia. It bit a dog valued at \$100, belonging to H. D. Schnure, president of the First National Bank. Another dog owned by Constable Michael Moyer, and two more, belonging to Laundryman Fisher, are known to have been bitten. They will be killed.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

It nourishes and feeds the system. The children can drink it freely with great benefit. It is the strengthening substance of pure grains. Get a package today from your grocer, follow the directions in making it and you will have a delicious and healthful table beverage for old and young. 15c. and 25c.

Of Interest to Farmers.

Here is something from an exchange that many farmers should read and profit thereby: "It has been decided by the courts that if a bicycle rider falls or sustains injury on account of a dog barking or snapping at him, that the owner of the animal is responsible for damages. In a recent case the cyclist obtained \$500 damages by reason of being thrown from a wheel on account of a vicious dog attacking him."

Drink Grain-O

after you have concluded that you ought not to drink coffee. It is not a medicine but doctors order it because it is healthful, invigorating and appetizing. It is made from pure grains and has that rich seal brown color and tastes like the finest grade of coffee and costs about as much. Children like it and thrive on it because it is the genuine food drink containing nothing but nourishment. Ask your grocer for Grain-O, the new food drink. 15 and 25c.

Law as to Old Judgments.

Important Opinion by Judge McClure of Union County.

Judge McClure of Union County handed down an opinion recently involving a principle of law which is seldom called into requisition and which is of more than ordinary interest to the legal profession and to parties who hold judgments of more than twenty years' standing against debtors.

The case was one where the plaintiff held a judgment against the defendant for twenty two years without having ever been revived. A few months ago an attachment execution was issued against the share of the defendant in his deceased father's estate. The defendant thereupon moved the court to strike off the attachment because the latter was more than twenty years old, and setting up the doctrine that the presumption of payment had arisen after twenty years.

The plaintiff proved a payment of a few dollars on the judgment before the full twenty years had expired, and the court in the opinion says that the payment revived the twenty years more from the date of payment, and therefore refused to strike off the attachment.

The court holds that slight evidence of payment of any part of a judgment within twenty years rebuts the presumption of payment of a judgment more than twenty years old.

CANCER IS DEADLY!

Results Fatally in Nine Cases Out of Ten—A Cure Found at Last.

This fearful disease often first appears as a mere scratch, a pimple, or lump in the breast, too small to attract any notice, until, in many cases, the deadly disease is fully developed. Cancer can not be cured by a surgical operation, because the disease is a virulent poison in the blood, circulating throughout the system, and although the sore or ulcer—known as the Cancer—may be cut away, the poison remains in the blood, and promptly breaks out afresh, with renewed violence.

The wonderful success of S. S. S. in curing obstinate, deep-seated blood diseases which were considered incurable, induced a few despairing sufferers to try it for Cancer, after exhausting the skill of the physicians without a cure. Much to their delight S. S. S. proved equal to the disease and promptly effected a cure. The glad news spread rapidly, and it was soon demonstrated beyond doubt that a cure had at last been found for deadly Cancer. Evidence has accumulated which is incontrovertible, of which the following is a specimen:

"Cancer is hereditary in our family, my father, a sister and an aunt having died from this dreadful disease. My feelings may be imagined when the horrible disease made its appearance on my side. It was a malignant Cancer, eating inwardly in such a way as to cause great alarm. The disease seemed beyond the skill of the doctors, for their treatment did no good whatever, the Cancer growing worse all the while. Numerous remedies were used for it, but the Cancer grew steadily worse, until it seemed that I was doomed to follow the others of the family, for I know how deadly Cancer is, especially when inherited. I was advised to try Swift's Specific (S. S. S.), which, from the first day, forced out the poison. I continued its use until I had taken eighteen bottles, when I was cured sound and well, and have had no symptoms of the dreadful affliction, though many years have elapsed. S. S. S. is the only cure for Cancer.—Mrs. S. M. Idol, Winston, N. C.

Our book on Cancer, containing other testimonials and valuable information, will be sent free to any address by the Swift Specific Company, Atlanta, Georgia.
