"Given Up"

to die several times, yet I am spared to tell how I was saved," writes Mrs. A. A. Stowe, 237 N. 4th St., San Jose, Cal. "I had valvular heart trouble so severe that I was pronounced 'gone' two different times. The valves of my heart failed to work properly, and circulation was so sluggish that the slightest exertion produced fainting. 'There is no hope' said my physician, so I decided to try Dr. Miles' Heart Cure and the result I consider miraculous. I am satisfied it saved my life."

There is more catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constant failure to cure with local treatment, pronounced it incurable. Science has proved catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

A Mother Tells How She Saved Her Little Daughter's Life.

I am the mother of eight children and have had a great deal of experience with medicines. Last summer my little daughter had the dysentery in its worst form. We thought she would die. I tried everything I could think of, but nothing seemed to do her any good. I saw by an advertisement in our paper that Chamberlain's Colic, Cholera and Diarrhoea Remedy was highly recommended and sent and got a bottle at once. It proved to be one of the very best medicines we ever had in the house. It saved my little daughter's life. I am anxious for every mother to know what an excellent medicine it is. Had I known it at first it would have saved me a great deal of anxiety and my little daughter a great deal of suffering.—Yours truly, Mrs. Geo. F. Bennick, Diberty, R. I. For sale by all Druggists.

Drink Grain-O
 after you have concluded that you ought not to drink coffee. It is not a medicine but doctors order it because it is healthful, invigorating and appetizing. It is made from pure grains and has that rich seal brown color and tastes like the finest grade of coffee and costs about 1/2 as much. Children like it and thrive on it because it is the genuine food drink containing nothing but nourishment. Ask your grocer for Grain-O, the new food drink. 15 and 25c.

Nearly Fifty-Eight Years Old!

 It's a long life, but devotion to the true interests and prosperity of the American People has won for it new friends as the years rolled by and the original members of its family passed to their reward, and these admirers are loyal and steadfast today, with faith in its teachings, and confidence in the information which it brings to their homes and firesides.
 As a natural consequence it enjoys in its old age all the vitality and vigor of its youth, strengthened and ripened by the experiences of over half a century.
 It has lived on its merits, and on the cordial support of progressive Americans.
 It is the "New York Weekly Tribune," acknowledged the country over as the leading National Family Newspaper.
 Recognizing its value to those who desire all the news of the State and Nation, the publisher of THE POST, (your own favorite home paper), has entered into an alliance with "The New York Weekly Tribune" which enables him to furnish both papers at the trifling sum of \$1.25 per year.
 Every farmer and every village owes to himself, to his family, and to the community in which he lives a cordial support of his local newspaper as it words constantly and untriflingly for his interests in every paper brings to his home all the news and happenings of his neighborhood, the doings of his friends, the condition and prospects for different crops, the prices in home markets, and, in fact, is a weekly visitor which should be found in every wide-awake, progressive family.
 Just think of it! Both these papers for only \$1.25 a year.
