from a hot Royal Baking Powder biscuit whets the appetite. The taste of such a biscuit—sweet, creamy, delicate and crispy—is a joy to the most fastidious.

**ROYAL Baking Powder** improves the flavor and adds to the healthfulness of all risen flour-foods. It renders the biscuit, bread and cake more digestible and nutritious.

Royal Baking Powder makes hot breads wholesome. Food raised with Royal will not distress persons of delicate or enfeebled digestion, though eaten warm and fresh.

Imitation baking powders almost invariably contain alum. Alum makes the food unwholesome.

## Capt. W. H. Wolfe's Reserve Company.

EDITOR OF THE MIDDLEBURG POST:—Please announce through your valuable paper that Capt. Wolfe cannot get his company admitted at present; maybe before long. His recruits still keep up courage, and are bound to have their company organized and be called a company of Reserved Guards of Snyder County. Every man will wear his own uniform of navy blue with scarlet trimming. It will be the finest company in appearance that will be in the State. There are at present 22 names on roll. If there are any young men from 18 to 45 through the county who wish to join this grand company, please forward your name and address to Capt. Wolfe, Selinsgrove. There will be several patriotic speakers present and the Selinsgrove band. Old Snyder always stood loyal to its country and rising generation of the 19th century, and are just as patriotic and loyal as our forefathers, where a part of Sergt. Wolfe's company took part in the parade in Selinsgrove Sept. 12. The issue of several papers called them rough walkers. It is true that walking was rough, on the cobble stones that were placed on the streets, but for all that his company took the first prize, his company attracted the people, and received all the cheers of the great multitude that were packed on the pavement. The Sergeant is congratulated by everybody for his courage and loyalty towards his country and native county for trying his level best to have a company in this county. The citizens of Snyder county are respectfully invited to lend a helping hand, on the 25th of Oct. 1899. There will be a parade of the new company in uniform.

Think not the hero dead,  
Held he walks, he lifts his head  
His eager sword's from scabbard sped.

## THE DAY FIXED.

Governor Stone has fixed Wednesday, November 15th, as the day when Edward Cressinger shall pay the penalty for murdering sixteen-year-old Daisy Smith on the 10th of October last by hanging. Sheriff Zerling has not received the death warrant.

A representative of the *Sunbury Daily* called on Col. C. M. Clement, one of the murderer's counsel, Thursday morning. When questioned as to the fixing of the day of execution he said: "All I know is what I see in the city papers. But you can say that Edward Cressinger will not be executed on the 15th day of November next. My reason for making this statement is: Mr. Oram and myself have received official notification that we will be heard before the Supreme Court at Pittsburg, which convenes on the 9th of October next, and if the decision is against us there we will take the last resort and apply to the state board of pardons at Harrisburg. The board is in session at the Capitol the second Tuesday of each month, but we will hardly have time to make preparation to present the case to them before the second Tuesday in December, so you can see there will be a delay. The governor will likely grant a respite, as he did in the case of the three men in Susquehanna Co. Wednesday, who were to hang on the 26th of September."

## Freight Train Riders to be Fined.

The Pennsylvania Railroad and the Philadelphia & Reading Railway Company have decided to make an effort to put a stop to illegal car riding, and to do the work more effectively have asked the policemen along their lines to co-operate with the railroad officers in this move. Every illegal rider will be heavily fined, and if he cannot pay he will be punished by imprisonment.

## Four Sets of Twins.

Mrs. Amos Crisp, wife of a well-to-do farmer near Middleburg, Ind., is obeying the Biblical injunction to increase and multiply. Though but little beyond 30 she is the mother of nine children. Eight of the nine are twins, the last pair having been born last week. All the children and mother are robust and give promise of long life. Physicians say this fecundity beats the record.

## The "Penny" Pensioners.

The Pennsylvania Railroad pension fund will become operative the first of the year, and on January 1, there will be placed on the pension roll of the company 775 men. Of this number 672 will be 70 years old and over, the others ranging in age from 65 to 69 years. They have been in the service of the company for thirty years or more and are disqualified or incapacitated for work.

## Fair Juniata.

O, dear Juniata how grand are thy scenes,  
Thy beauties we see in thy murmuring streams:  
While calmly glide that old apple-trees wing,  
O, dear Juniata, to thee I will sing.

The white crested pigeon in yonder plain flies,  
The hawk from its nest in the willow now cries:  
And wild in the woodland the mocking-thrust sings,  
And sweetly re-echoes the peace that it brings.

How verdant thy hills with their thorn-ridge fold,  
And rocks stained in scarlet have many a tale to tell,  
O, where can we find a more bliss land than thee,  
Thy name, Juniata, is borne back to me.

Thy murmuring pines in yon meadow we hear,  
Thy music, O, long! be it ever so dear:  
As borne on the night winds of summery breeze,  
Which carries the song to the neighboring trees.

How pleasant thy scenes I behold with my eyes,  
Thy mountains now seemingly reach to the sky,  
And all the wild flowers in fragrance declare,  
Thy scenes, Juniata, are ever so fair.

How gently thy brooks through the green meadows flow,  
How fondly we study their music to know:  
Their calm rippling music it seemeth to say,  
Fair, fair Juniata, the theme of my lay.

—SALMAUS COLEBA.

## Ten New and Original Songs Which Can Be Had Free.

What will the great metropolitan papers do with this? This is the question some one asks nearly every day. But there is one which leads to others. It has gained the sobriquet of "America's Greatest Newspaper" by just such remarkable pieces of enterprise as the one which has just now attracted the attention of the press all over the country.

Last week the N. Y. Sunday World announced that it would give away an album of new and original music, consisting of ten of the up-to-date class of songs that are now so popular, such as songs of sentiment, "coon" songs, "cakewalks," etc. These ten songs the Sunday World proposes to distribute one each week, with every copy of the Sunday World. When it is considered that the average price of new music, written and composed by popular authors, is from 80 to 45 cents, the unparalleled enterprise of the World in giving the song away with a big Sunday newspaper, for which only 5 cents is charged, is apparent. The World requests that we publish the following announcement:

A Music Album free. From Sept. 3 to Nov. 5 the Sunday World will issue weekly a song in sheet music form, with handsome colored cover. The entire set will be mailed, postage paid, for 50c. Remittances received after 5 will get the back numbers and each new number free. The World's "Ten New Songs" which is a colored Art Portfolio, which is a marvel of journalism, its Sunday Magazine, which equals the monthly periodicals, and its Comic World, which is a masterpiece of art, in the United States except two, and in its comic scope equals these two best publications.

Write a postal card to the Sunday World Music Editor, Publisher Building, N. Y., for a list of the songs.

We go to press to early to give a complete report of the re-union.

## MILTON FAIR.

The Fifteenth Annual Fair of the Milton Driving Park and Fair Association will be held at Milton, Pa., October 3, 4, 5 and 6, 1899. The outlook indicates the most successful Fair in the history of the Association. A new road has been opened to the ground, by which they may be reached by those persons whose horses shy at trolley cars. The trolley road running by grounds affords the best facilities for handling crowds. Both electric and steam roads issue special rates and special service. Trains stop at entrance. The premium list has been revised, offering great inducements to owners of fast horses, stock raisers, farmers, and manufacturers generally. Competition unrestricted. Grand Stand has been remodelled, track worked and accommodations generally improved. Trials of speed in harness each day, bicycle races each day. Full particulars in pamphlets may be had by addressing EDWIN PAUL, Secretary, Milton, Pa.

## Small-Pox in Twenty-one Counties.

Small-pox is in this state according to the State Board of Health, which has issued a circular to municipal councils, boards of health, county commissioners and others throughout the state. It reads:

"Since the disease was first reported in Bedford county, in the month of November, 1898, it has made its appearance in twenty-one counties and more than 100 different localities. The number of cases reported has been about 900 and the number of deaths seven.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

## S. B. Simonton.

## Wrought Iron Range Company.

FOUNDED IN 1864.

PAID UP CAPITAL, \$1,000,000.

See what the people of Snyder County, who have been using the Home Comfort Range, have to say:

McKees Half Falls, Pa., Aug. 7, 1899. Our New Home Comfort Range has proved to be just as the salesman represented it to be and I would not part with it for anything in reason. We have never seen a stove or a range that would in any way near equal it for cooking, baking or broiling. Suffice it to say, we think it is the acme of perfection. J. R. HALL, LEWIS FISHER, E. STAHL.

McKees Half Falls, Pa., Aug. 7, 1899. We purchased a Home Comfort Range six years ago and like it. It is a good baker and heater also a fuel saver and convenient. I am well satisfied. G. S. HINE.

Dundore, Pa., Aug. 7, 1899. I wish to say to the public that our Home Comfort Range is the best range claimed for it. It does not use half as much fuel as our old stove did. I put half a bucket of coal in the range at 9 A. M. and cooked dinner with the same fuel and had plenty of fire at 1 P. M. The tank is just the thing for washing. No steam escapes from it. If this does not satisfy any one, they can come and see and I will show them how it works. D. G. WITMER.

Snyder County, Pa., Aug. 7, 1899. Having bought one of your improved Home Comfort Ranges, I take great pleasure in saying that it has proven entirely satisfactory. It bakes perfectly, heats quickly and requires but little fuel; furnishes plenty of hot water for all purposes; in fact it is to the home what improved machinery is to the farm and as such we cheerfully recommend it to our neighbors and friends. LEVI STAHL.
