

Quality

Never experiment with so important an article as the human food

It is the high quality of Royal Baking Powder that has established its great and world-wide reputation.

Every housewife knows she can rely upon it; that it makes the bread and biscuit more delicious and wholesome—always the finest that can be baked.

It is economy and every way better to use the Royal, whose work is always certain, never experimental.

There are many imitation baking powders, made from alum. They may cost less per pound, but their use is at the cost of health.

Dr. W. W. Lamb, of Philadelphia, a former Snyder cousin, recently had a dream in which he was permitted a view of heaven and hell! It is supposed that this is a rare opportunity, more especially, the privilege of telling the newspaper reporter about it.

SELINGSGROVE.

J. H. Malick and wife of Iowa spent several days in town. They were former residents here, but many years have resided in the west. Mrs. W. H. Hilbish of McClure is visiting her parents, W. J. Lutz and wife. The cornerstone of All Saints Episcopal church was laid on Sunday afternoon. A choir of about 30 surpliced boys and young men of Sunbury rendered the music assisted by a cornet and trombone. G. F. Hunsicker of Philadelphia, father of Mrs. Rev. Gensler, spent nearly a week at the 1st Lutheran parsonage. Peter Kantz met with a painful accident on Saturday last. He slipped off a load of straw and fell on his head cutting and bruising it severely. He might have been killed. Kitty Potter, daughter of A. W. Potter, Esq., at this writing is quite sick but is slowly improving. An effort is being put forth to furnish another reading room. Squire Long desired to use the former one as an office. M. L. Wagenseller left for Philadelphia on Monday morning where he expects to remain during the busy season. The Lord's Supper was administered on Sunday morning last in the college church. Chas. Snyder of Philadelphia is stopping at the Keystone. Mr. Snyder was a former resident of our town; it is his custom annually to take a trip to fish and generally lands at his old home. Mrs. Ed. M. Hummel has gone to Philadelphia for a few days.

KREAMER.

Ralph Gift of Paxtonville was the guest of A. C. Smith on Sunday. G. Stueck is nursing a crushed finger. Chas. Lenig took a trip to Philadelphia last Sunday. Quite a number of people attended the fair at Lewistown last week. The youngest child of W. A. Gordon is seriously ill at present. A. C. Smith and wife are spending the week at Philadelphia buying in a new supply of fall and winter goods. Miss Cora Row is at present visiting friends at Paxinos. John Miller and Miss Carrie Keeler of Freeburg were the guests of Miss Mame Row on Sunday. Some of our hunters are apparently unfamiliar with the present game law. At least reports of guns are heard in every direction already. We would advise them to read the law, and be careful what they shoot. Game is reported to be very scarce in this locality with the exception of rabbits. Frank Thomas had a public sale of cattle on Wednesday. Frank had some choice stock on sale.

SALEM.

The farmers around here are every near through cutting corn and picking. Phares Gemberling bought a driving horse at Banks Yoder's sale last week. He also sold four horses recently. Yet one week for the Lutherans to determine to build a parsonage at this place. There are nearly all kinds of insurance companies in the county, fire, life and accident. But an insurance company which would insure domestic happiness to young married couples might do a flourishing business in the county and throughout the state. It is quite a thing when people soak the oats in whiskey in order to get more life in their horses when they attend fair, does it do any good, boys? Some people are wild at the idea of Dewey running for President. Others are frightened so that they are giving McKinley the credit for the Manila victory. Woodruff and Gemberling took a trip to Troxelville, Beavertown and Adamsburg on Saturday. The Christian Endeavor Society at this place was well attended on Sunday evening. Words of encouragement were spoken by two able young men of Susquehanna University, viz. Burns and Renalds. Moyer and son expect about eight hundred bushels of apples this season. Chas. L. Gemberling has charge of the Clifford coal yard this winter, giving more chance for the poor little cotton tails to escape death.

PAXTONVILLE.

J. W. Swartz and family of Middleburgh were visiting at John Ernest's last Sunday. John Ernest and wife left this week for a trip through the Allegheny mountains, Cammal being the end of their destination, where they will stay a few weeks and visit their son, Anderson. Mrs. Warren Ernest of Shamokin is visiting friends at this place at present. Mr. Smith, the proprietor of the Paxtonville Roller Mill, moved to this place last week. Our best wishes are with him for abundance of success while engaged in the new enterprise at this place. Dr. C. G. Smith of Adamsburg passed through town one evening last week. Clark Boyer went to Lewistown last Monday and has there secured employment as brakeman on the S. & L. R. R. Harry Howell moved to Beavertown last week. We are sorry for his absence from this place, for he was one of the most respectable young men in our community. Last week Wm. Brunner left for Cumberland, Md., where, if conveniences prove satisfactory, he intends to stay the greater part of this fall. After staying there a while he intends to travel through some of the southern states. Our best wishes go with him for a pleasant trip during his sojourn in the South. Last week the citizens purchased the bell which used to be on the Middleburgh school house. The bell was at once brought to this place and placed on the Paxtonville school house. The citizens of town should (and I think they do) receive the congratulations of all people in our community for taking that step forward in purchasing a bell for the school house. It is something that should be done by the patrons of all our schools in the township. We agree with some of our kind people with the insignificant expression that "A little round bell in a little round dome on a little red school house has nothing to do with the teaching qualities within the school room. But how pleasant it is to hear the echoes of the school bell resounding among these lonely hills, where all earth and skies are smiling upon us in silent adoration!" Mrs. Grant Yoder of Globe Mills made a fashionable call at this place on Saturday. Last Sunday night a week ago Rev. Joshua Shambach of Middleburgh delivered a very able and interesting sermon in the Evangelical church at this place. He had selected for his text Proverbs 18th chapter and part of the 24th verse which reads: "A man that hath friends must show himself friendly." During his discourse he referred to the friendliness of Solomon and also to the friendliness that William Penn showed toward the Indians in Pennsylvania. He said that friendliness is the brightest star that shines from the dome of man. About the reverse of friendliness he said that when the heart is possessed with enmity. It causes grudge, therefore we should try to meet every frown with a smile.

BEAVERTOWN.

(Too late for last issue.)

Engle is building an addition to his house. A. W. Bowersox left for Philadelphia on Tuesday to buy in a supply of fall and winter goods. Charles E. Shirk, who had been working at Lewistown, returned home Friday. His father thinks he cannot get along very well without him. Jacob Bobb's had his baby baptized which received the name, Amanda Jennie Ruthy Lily May

Bobb. Ner. A. Fees contemplates in the near future to sink his coal shaft which is about 35 feet to the depth of 50 feet now. The writer has seen genuine specimens of coal taken out of this shaft, and while many doubt the veracity of a coal deposit in that section, we can truthfully say there are coal deposits there. And we hope in a short time to give you a more definite report. The clay opened on said tract is said to be a superior quality of Kaolin. There is a vein of which is fully 6 feet. Why do our citizens not make an effort to get some good concern interested thus giving employment to hundreds of our men? Fred Lindig, photographer, expects to leave this town next Saturday.

ADAMSBURG.

Mrs. I. P. Zimmerman and daughter, Ruth, attended the convention held by the W. H. & F. M. S. at Allentown last week. E. B. Smith and F. A. Benfer attended the Lewisburg fair. Dr. C. G. A number of our people attended the children's day exercises at Grubb's church on Sunday night. At Verdilla P. O. can be seen a sweet potato weighing 4½ pounds raised by Allen S. Sechrist, Esq. If any one can beat it, let us hear from you. Dr. H. M. Krebs of Herndon spent Sunday on this side of the river. A number of our people are working in the new brush factory at Herndon. H. F. Blessing had seven hundred bushels of potatoes in his cellar. He says he must haul them away or he has no place to store winter cider. The teachers of our township organized a teachers' meeting at Keiser's school house last Wednesday night.
