If this justifies Demo- WHO IS Women as well as men eratic predictions of 1896, the country will listen with equanimity to more of the same sort in 1900,

The Omaha World-Herald, Mr. Bryan's personal organ, states that population of the United States and provide for future growth, and inquires, "why choose a tropical climate in which the Anglo-Saxon race has never been able to live?" The expansion proposition, so-called, looks to an increase of market for husking their corn. our products and closer relation with territory which produces the his brother-in-law, Frank Ewen, things which we must continually buy. The tropical territory of which spent a few days here last week it talks, of itself offers a market for hunting. \$100,000,000 of our products anunally, and will prove the door through which hundreds of millions more will pass to other adjacent markets, while the islands will, at markets, while the islands will, at the same time, furnish tropical products for which we are now sending over \$200,000,000 annually of our good money to other countries for articles which we must consume and Mr. F. W. Pierce started for the same time, furnish tropical products for which we are now sending over \$200,000,000 annually of our good money to other countries for articles which we must consume and the same time, furnish tropical products for which we are now sending over \$200,000,000 annually of our good money to other countries for articles which we must consume and the same time, furnish tropical products for which we are now sending over \$200,000,000 annually of our good money to other countries for articles which we must consume and articles which we must consume and buying up old rubbers. which we do not produce at home.

The attention of Mr. Bryan is respectfully called to the fact developed from the recent report of the last four hundred years has been

The total gold production of the world, from the discovery of America to the present time is, in round terms, ten billion dollars, or, to be exact, \$9,833,059,600, and of this amount \$5,341,855,600 or over one-Subscription \$1.50 per year. halt has been produced since 1860, which must be paid in advance when sent out- and \$2,540,260,400 or over one-side the county.) fourth since 1885. The average production prior to 1860 was about \$12,000,000 per annum; from 1860 to 1890, about ten times that average per annum, and in 1899 is at the rate of \$325,000,000 per annum. These startling facts, showing the rapid increase in gold production, demonstrate the absurdity of the claim that the money metal of the world is not being increased at a rate necessary to keep pace with the increased population or increased demands of commerce.

> "I wish to express my thanks to the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy, for having put on the market such a wonderful medicine," says W. W Missingill, of Beaumont, Tex. There are many thousands of mothers whose children have been saved from attacks of dysentery and cholera infantum who must also feel thankful. It is for sale by all Drug-
