He Was Bred in Lower Augusta.

When Ed. Crissinger stood one day, in his dear cottage far away, And to him those days all nature seemed so grand, For the deed he has committed, We think he'll be harshly treated, For the murder of Daisy Smith by his own hand. He is sitting all alone in a cell far from his home, While Daisy sleeps soundly beneath the ground. But then I think some day, Some one else will have the say, When Ed. Crissinger will have to come down, — CHOKES — He was bred in Lower Augusta, Where he was most kindly trusted, But he took his gun one day, And on the Smith farm he say, "I was out for hunting rabbits, When this awful murder happened," And he is sitting in jail for it to-day. Many days have passed away, Since that we'll remember day, That Ed. and Daisy met upon the spot, But his gun did its work, And with a rope he'll need our jerk, When he's thinking of the life he took away, But the day will soon draw near, When his parents will fear, That he is hanging on the scaffold high, For he is doomed to death, And we think they'll let him rest, For his parents will feel no need to try. — CONTINUED.

Many people bear the name christian, and are not worthy of that name because they have not had the true christian faith and that the spirit of Christ must be everywhere."

Deafness Cannot be Cured.

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give ONE HUNDRED DOLLARS for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

FILIPINOS AS RULERS.

Negros Establishes the First Autonomous Government.

ELECTION HELD LAST MONTH.

Only Fifty-two Hundred Votes Were Cast, Suffrage Being Determined by Property Qualification and Ability to Read and Write.

Manila, Nov. 7.—At Bacolod, in the Island of Negros, the first autonomous government of the Filipinos was established yesterday. General Smith, governor of the Island of Negros, administered the oath of office to the judge of the supreme court, who in turn swore in the governor, three judges, 12 councilmen, the auditor and the secretary of the interior. The natives of the entire island attended the ceremony. The officers from Iloilo were also present. Three days' feasting will follow, in celebration of the new government and the first anniversary of the surrender of the Spaniards to the Negros revolutionists. American flags are displayed in the village. The celebration consisted of horse racing and other sports, music, religious functions and an illumination. The ball last night attracted the wives of the wealthy planters, and there was as great a display of rich costumes and costly jewels as would be seen at a similar affair in America or Europe. Elections were held Oct. 2, the number of votes cast being 5,248. There were 40 candidates for the various offices. Melecio Reverino was elected governor, receiving 1,305 votes. Senor Galme received 1,277 votes. Suffrage was determined by property qualification and ability to read and write.

Colonel Miner welcomed the officials on behalf of the United States. In the course of his remarks he said: "Negros leads in the van of civil government in the Philippines. Your honor lies in adding a new star to freedom's flag."

General Smith, during a speech which he delivered, said: "Your future promises as brightly as Japan's, who today is recognized as among the civilized nations of the world."

Senor Severino, in replying, said that the best thing for the future of Negros was the continuance of close relations with the United States.

General Smith then announced the granting of freedom to the political prisoners in commemoration of the event.

A recently organized revolutionary movement has been discovered in northern Negros, and the leaders have been forced to withdraw to Panay. A number of bandits, under the leadership of Papa Iasio, a religious charlatan, have been driven into the mountains, but it is expected that they will give more trouble. A force of 250 native soldiers, armed with Springfield rifles, are helping the Americans, and are found to be valuable scouts.

To Abolish "Tipping." Chicago, Nov. 7.—The Record says that George H. Daniels, general passenger agent of the New York Central railroad, is at the head of a movement to abolish the practice of "tipping" on dining and sleeping cars. The movement already has found hearty approval and backing among officials of several of the trunk lines.
