TUESDAY EVENING.
Oration, "Footprints of Time," by S. G. Snyder, Richfield, Pa.
The high anticipations which were formed from the afternoon's address by Dr. Hull were more than gratified by his admirable, pleasing and instructive lecture, "Three Elements of Success," which was delivered to a large and appreciative audience. Dr. Hull is a fluent speaker with high aims and noble purposes and possesses the power to impress his auditors with his own lofty motives. A sound body, sound head and sound heart are the "Three Elements of Success."
WEDNESDAY FORENOON.
Devotional exercises were held by Rev. Shambach.
"Synthetic and Analytic Methods" was ably presented by Dr. Hartzler. The pupils should be taught to invent, construct and think for himself.
Dr. Hull again took up his favorite subject "Arithmetic." The two objects of Arithmetic are to prepare for business and develop thought power. Several mistakes in teaching Arithmetic were pointed out.
Dr. Lyte continued his "loosening up" of Infinitives and Particles. He is an author of a series of text books on Grammar and is recognized as a leading authority on the subject.

"Immaturity and Degeneracy" was discussed in a very scholarly and able way which evinced that the speaker had a very deep insight into the laws of psychology. A clear line was drawn between the immature and the degenerate pupil.
"Practical Education" was the subject presented by Dr. Hull in his characteristic way. "We are practical people, living in a practical age and require a practical education combined with broad culture."
WEDNESDAY EVENING.
Hon. Lee Fairchild of New York City lectured on "Stumping" to a large audience. Droll humor, clearness of expression and beauty of style characterized the lecture. Frequent applause and laughter greeted him.

Miss Margaret McCloskey of Edinboro S. N. S. presented the subject of "Primary Reading."
THURSDAY AFTERNOON.
This was the Directors' Day. A large number of directors were present and after a few well chosen remarks by Supt. Bowersox they were made to feel at home. Ira C. Schoch, Pres. of the Directors' Association, presided. The following programme rendered:—Report on the Directors' State Convention, J. S. Yearick; "Are the Interests of Our Schools Best Preserved by the Election of 'Home Teachers'?" W. F. Sanders; "How Can Directors

Assist Schools in the Procurement of School Libraries?" J. D. Riegle; "Frequency and Manner of School Directors' Visits," by J. A. Snyder. The addresses were all timely and practical and showed that our directors take an active interest in the public schools.

Miss McCloskey gave a very instructive talk on the Decoration of Schools.
Dr. J. C. Hartzler made a few remarks concerning the duties and responsibilities of the director.

The entertainment was of a high order and consisted of singing by the "Carol" four ladies, and humorous impersonations by Mr. Rood.
FRIDAY FORENOON.
