Our Troops Occupy Philippine Towns Without Resistance.

HARDSHIPS OF YOUNG'S TROOPS.

The Infantry Shoeless After a Hundred Mile March and the Cavalry Horses Worn Out—Cunningham's Scouts Chasing Aguinaldo.

Manila, Dec. 12.—The advance guard of General Grant's command, under Major Spence, arrived at Olangapo, Subig bay, during Saturday night, which place was occupied with little resistance, the enemy fleeing. Major Spence had an arduous march over the mountain trails from Dinalupihan.

Sunday morning the Baltimore and Oregon and a chartered transport arrived at Olangapo from Manila. The navy was disappointed to find the army in possession of the place, which they had hoped to capture. A detachment of marines, under Captain Myers, occupied the navy yard at Olangapo, and will hold and occupy it as a naval station. The yard consists of seven new large buildings and some repairing and machinery shops, all damaged by the bombardment of Sept. 23.

During Sunday morning the navy transported Major Spence's command from Olangapo to the town of Subig, five miles distant. The enemy was seen deserting Subig as the troops landed, and the latter occupied it without resistance. They found the place abandoned by the retreating enemy, who fired a few shots. The Americans deployed to the right and left of the town and killed one of the enemy.

General Grant and the remainder of his command arrived at Olangapo Sunday afternoon. He proceeded yesterday to Subig and joined Major Spence. General Grant will move north along the coast and will effect a juncture with the Twenty-fifth infantry, under Colonel Andrew S. Burt, who was reported eight miles from Iba Dec. 7. The enemy encountered in General Grant's advance fled to the mountains and scattered. General Grant is not garrisoning the towns he occupies. No casualties are reported in his command.

Dispatches dated Concepcion, Dec. 2, from a press correspondent with the detachment pursuing Aguinaldo, have just reached Manila by messenger. The military wires on all lines to the northward are continually cut by the natives or are crowded with government business when working.

According to these advices General Young was at Condon Nov. 29, having three troops of the Third cavalry, Cunningham's scouts and Major March's battalion of the Thirty-third infantry. The nominal strength of his command had been reduced one-third by sickness. The horses were worn out and handicapped by lack of shoes. The infantry, after a march of a hundred miles from San Jacinto, were shoeless and all were living on the country. The troops had no ammunition except that in their belts.

General Young, having been without communication with General Lawton for ten days and not knowing the disposition of the other troops or whether support was being sent forward, resolved to keep moving.

Having received information that the insurgent General Tino, with a thousand men, was somewhere to the north, and that Aguinaldo, with General Pilar, five women and 400 soldiers of his faithful Bulacan battalion, was in the mountains to the east, General Young decided, on Nov. 30, to divide his forces. He proceeded himself toward Vigan, hoping to attack General Tino, with his handful of men, and to prevent him joining Aguinaldo. Major March, with his battalion, and Cunningham's scouts started over the mountains toward Cervantes, after Aguinaldo, who was reported to have been there on Nov. 29. This column marched for 13 hours without food.

The correspondent goes on to say: "The Americans found that the insurgents had impressed the Igorotes, compelling them to dig trenches and to construct pitfalls along the trails, which were fearful traveling at the best. One stream had to be forded 12 times in the course of a mile. These inoffensive, stupid creatures, usually pictured as bloodthirsty savages, cheerfully turned to undo their own work and actually went foraging for the Americans."

"The Ilocos region is the richest the Americans have entered on the north-western campaign. The people are prosperous, intelligent and more than half civilized. They have excellent horses and carry on flourishing industries. Many of them are evidently rich. Several towns received the troops with bands and the ringing of church bells. Cattle were killed and houses were opened to the troops."

"How much of this display was sincere and how much due to a desire to propitiate the conquerors it would be hard to say. There were evidences that similar hospitality had been extended to Aguinaldo. The people described him as cheerful, hugging the hope of salvation through American politics, and everywhere trying to retain support by proclaiming with seeming sincerity that the United States congress would certainly recognize the independence of the Filipino republic in December."

"Many of the natives exhibited notes from Lieutenant Gillmore and other American prisoners, in which the captives were commended to the Americans on the score of kindness shown to the writers. There are 27 Americans with Lieutenant Gillmore. Another party of 14 were taken through Ilocos a week ahead of General Young. They were ragged and dirty, and the natives say some of them were urged forward at the point of the bayonet."

Ex-Attorney General Arraigned.
Lansing, Mich., Dec. 12.—Ex-Attorney General Fred A. Maynard, of Grand Rapids, was yesterday arraigned on an indictment found against him last week by the grand jury. He pleaded not guilty and was released on bail. The indictment contains 40 counts, and charges that Mr. Maynard compelled his stenographer, George H. Kuhns, to give up \$40 a month of his salary, \$1,000 in all.

ITEMS OF STATE NEWS.

Reynoldsville, Pa., Dec. 9.—While two sisters named Smith, employed in the silk mill, were on their way to work yesterday they were struck by a train on the Allegheny Valley road and killed.

Scranton, Pa., Dec. 9.—By a fall of a roof at Grassy Island mine in Olyphant last night William Fitzsimmons, a laborer, 30 years old, was killed and his father, Patrick Fitzsimmons, a miner, was so badly injured that he will die.

Allentown, Pa., Dec. 11.—Charles Weiss, aged 55 years, of this city, and Harrison Boyle, aged 30 years, of Quakertown, were killed last evening on the Lehigh Valley railroad, in this city. They were walking on the track, when a freight came along and ran them down.

Johnstown, Pa., Dec. 11.—William H. Foor, a farmer living near Everett, was killed by the accidental discharge of his shotgun while returning from a hunting trip Saturday. The entire load of shot struck him in the neck, killing him instantly. He was 39 years of age, and leave a widow and child.

Altoona, Pa., Dec. 11.—Ralph and Clyde Hendry, brothers, aged 13 and 11 years, respectively, and Albert Schilling, aged 14 years, while skating on McCoy's pond at Gallitzin Saturday afternoon, broke through the ice and were drowned in sight of a number of young companions.

Hazleton, Pa., Dec. 12.—The annual report of Mine Inspector William Davies, for the Fifth anthracite mining district, shows that 42 miners were killed in the mines in this section during the last year, an increase of 15 over 1898, when 78 accidents, 27 fatal and 51 non-fatal, occurred. This year a total of 129 accidents are reported, 42 of them fatal and 87 non-fatal, leaving 25 widows and 89 orphans, an increase over last year of 9 widows and 59 orphans.

Altoona, Pa., Dec. 12.—Mrs. Margaret L. Shepherd, the ex-nun, who precipitated riots in Pittsburgh and Johnstown recently, with her anti-Catholic lecture, came here yesterday and rented Woodcock's Hall. Five hundred women flocked to hear her, and half as many more were turned away. Her lecture was stopped by the police, who demanded \$100, and after that was paid refused to allow her to lecture because the hall was without fire escapes. She will lecture today if a hall can be secured.

Altoona, Pa., Dec. 11.—Unless the Standard Steel company, of Lewistown, Pa., can get a consignment of coal within the next few days the entire works, employing 2,500 men, will be forced to shut down. A representative of the company was at Windber, near here, Saturday, to see the Berwind-White Coal company officers about getting coal, but failed to get any. He also visited all the local operators, but was unable to procure a ton. He goes into the Clearfield district today. Scarcity of cars is given as the reason.

Wilkesbarre, Pa., Dec. 11.—The big miners' strike at Nanticoke is ended at last. At a meeting of the strikers yesterday afternoon they resolved to waive the demands of the pump runners and accept the Susquehanna Coal company's terms. At a conference held a week ago between the officials of the company and a committee of the strikers a satisfactory wage scale was arranged, but no agreement could be reached on the question of reinstating the old pump runners. It is expected that the 4,000 strikers will be back to work by tomorrow.

Pittsburg, Dec. 9.—The biggest baseball deal made in this city since 1885, when Pittsburg purchased the entire Columbus club, was consummated yesterday. Harry Pulliam, who succeeded Barney Dreyfuss as president of the Louisville club, came to the city and after a conference with Messrs. Kerr, Auten and Dreyfuss announced that he had sold to Pittsburg 14 Louisville players, the consideration being \$25,000 in cash and four members of the local club. All declare positively that there is nothing akin to syndicate ball in the move, but solely an endeavor to put a pennant winner in this city. A radical change from the past policy of the Pittsburg club will be the playing of Sunday games next season.

Bradford, Pa., Dec. 11.—The nitrogenizer magazine of the Pennsylvania Torpedo company, located in Bollivar Hollow, one and a half miles from this city, blew up yesterday with a report that was heard for 30 miles. The magazine in the earth 15 feet deep and a hole made in circumference. Trees were torn into splinters at the scene of the explosion and the brick of which the magazine walls were constructed was reduced to reddish powder, which covered the snow over a wide area. Much damage was done in this city and vicinity by the breaking of glass, overturning of chimneys, etc. It is not believed any one was killed. An oil stove, fed automatically, is believed to have caused the explosion.

Dublin's Anti-War Demonstration.

Dublin, Dec. 12.—The lord mayor of Dublin, Daniel Tallon, presided at a meeting of the corporation yesterday, called to protest against the Transatlantic war. The lord mayor made a statement, in which he declared that the war was "unwanted and unprovoked aggression undertaken by Mr. Chamberlain and capitalists against a handful of farmers." He further declared that America was "opposed to this iniquitous war." In the meantime the members shouted "no quorum" and "order," and the tumult in the galleries drowned all the speeches. Eventually the lord mayor left the chair with the galleries cheering for President Kruger. No attempt was made to adopt the previously prepared resolution against the war.

Icebound New Foundland.

St. Johns, N. F., Dec. 12.—The annual ice blockade of the northern coast of the island has begun. Vessels now arriving report innumerable icebergs and impassable floes, drifting in a southerly direction, choking the bays and threatening to close navigation with the present week. Already the straits of Belle Isle are closed for the winter. The ice is packed thickly along the Labrador coast. Within the next fortnight transatlantic steamers will be in danger of collision with bergs crossing their route.

Common Sense Talk With Women

If a person is ill and needs a medicine it is not wise to get one that has stood the test of time and has hundreds of thousands of cures to its credit?

A great many women who are ill try everything they hear of in the way of medicine, and this experimenting with unknown drugs is a constant menace to their already impaired health.

This seems to us very unwise, for there are remedies which are no experiments and have been known years and years to be doing only good.

Take for instance Lydia E. Pinkham's Vegetable Compound; for thirty years its record has been one unbroken chain of success. No medicine for female ills the world has ever known has such a record for cures.

It seems so strange that some people will take medicines about which they really know nothing, some of which might be, and are, really harmful; while on the other hand it is easily proved that over one million women have been restored to health by Lydia E. Pinkham's Vegetable Compound.

We have published in the newspapers of the United States more genuine testimonial letters than have ever been published in the interest of any other medicine.

All this should, and does, produce a spirit of confidence in the hearts of women which is difficult to dislodge, and when they are asked to take something else they say, "No, we want Lydia E. Pinkham's Vegetable Compound, which has been tried, and never found wanting, whose reliability is established far beyond the experimental stage."

We have thousands of letters like the following addressed to Mrs. Pinkham, showing that

Monthly Suffering is Always Cured by Lydia E. Pinkham's Vegetable Compound, also Backache and Bearing-down Pains.

"I suffered untold agony every month and could get no relief until I tried your medicine; your letter of advice and a few bottles of Lydia E. Pinkham's Vegetable Compound have made me the happiest woman alive. I shall bless you as long as I live."—Miss JOIE SAUL, Dover, Mich.

"Four years ago I had almost given up hope of ever being well again. I was afflicted with those dreadful headache spells which would sometimes last three or four days. Also had backache, bearing-down pains, leucorrhoea, dizziness, and terrible pains at monthly periods, confining me to my bed. After reading so many testimonials for your medicine, I concluded to try it. I began to pick up after taking the first bottle, and have continued to gain rapidly, and now feel like a different woman. I can recommend Lydia E. Pinkham's Vegetable Compound in highest terms to all sick women."—Miss ROSA HELDEN, 126 W. Cleveland Ave., Canton, O.

Two Letters Which Prove That Lydia E. Pinkham's Vegetable Compound Will Remove Tumor and Cure Other Weakness.

"Two years ago I was a great sufferer from womb trouble and profuse flowing each month, and tumors would form in the womb. I had four tumors in two years. I went through treatment with doctors, but they did me no good, and I thought I would have to resort to morphine.

The doctor said that all that could help me was to have an operation and have the womb removed, but I had heard of Mrs. Pinkham's medicine and decided to try it, and wrote for her advice, and after taking her Vegetable Compound the tumors were expelled and I began to get stronger right along, and am as well as ever before. Can truly say that I would never have gotten well had it not been for Lydia E. Pinkham's Compound."—MARY A. STAHL, Watertown, Pa.

"After following the directions given in your kind letter for the treatment of leucorrhoea, I can say that I have been entirely cured by the use of Lydia E. Pinkham's remedies, and will gladly recommend them to my friends."—A. B. DAVIDS, Binghamton, N. Y.

Another Case of Womb, Kidney and Bladder Trouble Cured by Lydia E. Pinkham's Vegetable Compound.

"DEAR FRIEND—Two years ago I had child-bed fever and womb trouble in its worst form. For eight months after birth of babe I was not able to sit up. Doctors treated me, but with no help. I had bearing-down pains, burning in stomach, kidney and bladder trouble and my back was so stiff and sore, the right ovary was badly affected and everything I ate distressed me, and there was a bad discharge.

"I was confined to my bed when I wrote to you for advice and followed your directions faithfully, taking Lydia E. Pinkham's Vegetable Compound, Liver Pills and using the Wash, and am now able to do the most of my household. I believe I should have died if it had not been for your Compound. I hope this letter may be the result of benefiting some other suffering woman. I recommend your Compound to every one."—Mrs. MARY VAUGHN, Trimble, Pulaski Co., Ky.
