Put Your Finger on Your Pulse

You feel the blood rushing along. But what kind of blood? That is the question. Is it pure blood or impure blood? If the blood is impure then you are weak and languid; your appetite is poor and your digestion is weak. You cannot sleep well and the morning finds you unprepared for the work of the day. Your cheeks are pale and your complexion is sallow. You are troubled with pimples, boils, or some eruption of the skin. Why not purify your blood?

Ayer's Sarsaparilla will do it. Take it a few days and then put your finger on your pulse again. You can feel the difference. It is stronger and your circulation better. Send for our book on Impure Blood. If you are bilious, take Ayer's Pills. They greatly aid the Sarsaparilla. They cure constipation also. Write to our Doctors. Write them freely all the particulars to your agent. You will receive a copy of our book without cost. J. C. AYER, Lowell, Mass.
