

KANTZ.

PALLAS NEWS.

With pleasure we note that feeding of the caterpillar on our apple tree is not leaving the disastrous effects which we had anticipated, as the trees which had been entirely dried of their foliage are putting out new leaves and soon the old nests alone show what an army of worms had passed through this county. Last Thursday one of Harry Bickel's most valuable cows fell down through a hole in the hay mow into which she had walked, breaking four ribs and her backbone, necessitating, of course, the killing of the animal. This is the second cow Mr. Bickel has had the misfortune to lose this summer. Mrs. M. A. Bailey has a fine large cow for sale. Will be fresh in a few days. Next Saturday evening, June 16, a fair will be held at Pallas. S. S. Straub, the enterprising farmer and family, of Mt. Pleasant, Pa., were the guests of his brother-in-law, Samuel Bilger and family, of this place. Wednesday evening practice will be held for Children's day exercises at the church. An excellent sermon was delivered at the church last Sunday. We trust the minister will remain.

DUNDORE.

The common people like to read the Post. Harry Shaffer and wife intend starting up housekeeping shortly. If prosperity continues much longer there will be no single person in town by the time the Presidential election is over. Some say that the Democrats are to be blamed for the total eclipse we had, and that it is a sure sign of McKinley's re-election. Ira Witmer is working for Ira Hoover. The Hoover's United Evangelical church will be dedicated next Sunday. Henry Reichenbach, of "Toe Hill," one of the suburbs of town, made a trip to Selin's Grove on business. Sara C. Eyer and her best friend, of Selin's Grove, called on Maria W. Dundore. A. S. Seelrich is selling strawberries that make a man's mouth water. His prices are tempting. J. P. Wise, the master carpenter, is roofing several buildings for N. T. Dundore. Our farmers are planting considerable corn. The different parties of Union township have returned from court much elated as all claim that they have scored a point. Excitement in "Toe Hill." Ad sees a snake on a tree, women with children in arms run, John kills the snake with a stick, Abel pounds it with a stone. The streets of our town look fine at present. The telephone poles on water street give it a business-like appearance. Chestnut street with its fine shade trees is much admired and Walnut street affords a grand view of town, the beautiful rolling Susquehanna river and the much admired Mahanoy beyond. E. S. Aecker, with his fine horse, was observed driving through town. Dolly Reichenbach is living with Chas. Aecker. Our young people say they never ate finer strawberries than they had at the festival last Saturday evening at Port Treverton. Esquire Seelrich supplies this and other towns with choice fruit in season. He furnished the strawberries for the Port Treverton festival. Our farmers have formed a trust, and it is hoped it will do them more good than the sugar trust. They trust it will in the near future rain abundantly and save the last vestige of the hay crop. The mosquito dehornor of Union township has caught the wave of prosperity. He is now clipping caterpillars for a firm in New York to supply them with fleecy down, and cremating potato bugs for a Baltimore house that manufactures phosphate and are in need of an unlimited supply of potash. G. Shrey and wife were seen on our streets last Saturday. Our school board is determined to raise the standard of education. Our young people had a delightful trip across the river last Sunday evening to attend Children's Day exercises at Herndon.
