A GRAPHOPHONE CAMPAIGN.

Republican Orators Aid in Launching a Novel Scheme.

From the Public Ledger.

WASHINGTON, July 12.—Political entertainment, embracing music and oratory for every cross-roads and corner grocery, is a dream of some Republicans for the Presidential campaign. If the National Committee sanctions the plan, reproductions of political speeches by the graphophone will figure largely in the campaign.

Several Republican speakers have been learning to talk into a graphophone in a professional manner, and then listening to the results as turned out of a brass funnel. The orators include Senator Depew, of New York, and Representative Cannon, of Illinois.

Representative Mercer, of Nebraska, repeated this evening his speech of May 8, 1898, on the passage of the \$50,000,000 appropriation to prepare for war with Spain. Two or three separate cylinders were made and then the graphophones were moved across the Capitol to the Committee on Appropriations, where Mr. Cannon talked for a few minutes about Porto Rico, reading part of the speech he delivered when the Porto Rican bill was before the House of Representatives. Mr. Hull, of Iowa, spoke part of his speech on the transport service, and Representative Cousins, of Iowa, repeated a portion of his famous effort, which concluded with Kipling's "Let Us Forget."

Senatorial talkers were equally numerous. Parts of speeches by Senators Allison, Spooner, Wolcott, Fairbanks and Depew were skillfully inscribed in wax with all the shading of tones and emphatic climaxes.

Scores of cylinders inscribed with these gems of political oratory will be shipped to Philadelphia, and an exhibition given before the members of the National Committee. It will remain with them to decide the fate of the project.

Kilmer & Co's Fire.

The fire which destroyed the immense Swamp Root medicine plant of Dr. Kilmer & Co., July 1, was the most disastrous which has ever occurred in Binghamton. However, the Kilmers resumed business next morning, though not at the old stand, which is a heap of smouldering ashes. While the firm were setting up a new stand on the burning Chicago street establishment, the Kilmers were arranging to do business somewhere else.

That this great industry might not be crippled for a moment, through the courtesy of other prominent firms and citizens, the large factory and adjoining buildings on South street were vacated for the benefit of the Swamp Root people and possession was taken immediately, and here, by Monday, July 3, this new, temporary factory will be turning out Swamp Root, the great Kidney Remedy, in quantities of about 60,000 bottles per day, and in two or three weeks' time the full capacity of more than four times that amount will be produced. The immense demand for Swamp Root will thus in no way be interfered with.

On the old site, with adjoining property which has just been purchased, will be erected immediately an absolutely fire-proof six-story structure, plans for which have been nearly completed.

DEAR SIR:—Some days since a package of your GRAIN-O preparation was left at my office. I took it home and gave it a trial, and I have to say I was very much pleased with it, as a substitute for coffee. We have always used the best Java and Mocha in our family, but I am free to say I like the GRAIN-O as well as the best coffee I ever drank. Respectfully yours, A. C. JACKSON, M. D.

GENTLEMEN:—Our family realize so much from the use of GRAIN-O that I feel I must say a word to induce others to use it. If people are interested in their health and the welfare of their children they will use no other beverage. I used them all, but GRAIN-O I have found superior to any, for the reason that it is solid grain. Yours for health, C. F. MYERS.
