DEAR SIR:—Some days since a package of your GRAIN-O preparation was left at my office. I took it home and gave it a trial, and I have to say I was very much pleased with it, as a substitute for coffee. We have always used the best Java and Mocha in our family, but I am free to say I like the GRAIN-O as well as the best coffee I ever drank.

Respectfully yours,
A. C. JACKSON, M. D.

The streets in the vicinity resembled a country fair. Buildings were decorated with bunting and booths on the sidewalks were filled with things that delight the Italian palate. American and Italian flags were displayed.

GENTLEMEN:—Our family realize so much from the use of GRAIN-O that I feel I must say a word to induce others to use it. If people are interested in their health and the welfare of their children they will use no other beverage. I used them all, but GRAIN-O I have found superior to any, for the reason that it is solid grain. Yours for health,
C. F. MYERS.
