STROUPTOWN.

(Too late for last week ok.) David Kerstetter is very sick at this writing. The oats and potato crops are short on account of drought. L. S. Gelnert, our merchant, is doing a hustling business and is getting in his fall stock. The sad news reached us that Thomas Graybill, of Richfield, dropped over dead at Oriental Saturday. He was a preacher and noted for pow-wowing for all diseases. People came for miles to him. Frederick Wochley is putting up a new house; it is well under roof. E. S. Stroup, of Swineford, Pa., is contractor and builder. E. D. Rhoads made a business trip to Northumberland last Saturday. The Arndt family is home again from burning brick for E. S. Stroup at Swineford and is as jolly as ever. The Clotfelter & Stroub Lumber Co. is manufacturing lumber by the wholesale. Water is scarce. They must haul it about a mile. The boys say the cakewalk and festival at Meiserville Saturday evening was well attended. A good chance for them to throw their harvest money away which they earned by the sweat of their brow. Such nuisances ought to be abolished. A change in mail route—No. 10,731, Richfield to Oriental, is superseded by a route from Knousetown through Strouptown to Mt. Pleasant Mills. Proposals for carrying the mail over the new route will be included in the general adv. for carrying mail on stage routes in the state of Pa., which will be issued on Sept. 15 of this year.

Does Your Head Ache? Are your nerves weak? Can't you sleep well? Pain in your back? Lack energy? Appetite bad? Digestion poor? Boils or pimples? These are sure signs of poisoning. From what poisons? From poisons that are always found in constipated bowels. If the contents of the bowels are not removed from the body each day, as nature intended, these poisonous substances are sure to be absorbed into the blood, always causing suffering and frequently causing severe disease. There is a common sense cure. AYER'S PILLS They daily insure an easy and natural movement of the bowels. You will find that the use of Ayer's Sarsaparilla with the pills will hasten recovery. It cleanses the blood from all impurities and is a great tonic to the nerves. Write the Doctor. Our Medical Department has one of the most eminent physicians in the United States. Tell the doctor just how you are suffering. You will receive the best medical advice without cost. Address, Dr. J. C. AYER, Lowell, Mass.

NEGRO DESPERADO SHOT TO PIECES.

Had Killed Five Persons and Started a Reign of Terror. New Orleans, July 28.—After a desperate battle, lasting for several hours, in which he succeeded in killing Sergeant Gabriel Porteus, Andy Van Kuren, keeper of the police jail, and Alfred J. Bloomfield, a young boy, fatally wounding Sergeant John F. Lally, John Banville, ex-Policeman Frank H. Evans, A. S. Locher, one of the leading confectioners of the city, and more or less seriously shooting several citizens, the negro desperado, Robert Charles, who killed Captain Day and Patrolman Lamb and badly wounded Officer Mora, was smoked out of his hiding place in the residence section of the city and literally shot to pieces. The trouble was started Tuesday. The police were informed that two suspicious negroes were hanging around a quiet neighborhood. When the police went to investigate the negroes showed fight, and Officer Mora was seriously shot. One negro was arrested, but Robert Charles, who did the shooting, took refuge in a shanty. While the police were searching for him at night Charles killed Captain Day and Officer Lamb and made his escape. Since then he has been hunted for by mobs, and many negroes have been attacked, the mobs becoming so disorderly that the governor ordered out troops. A complete list of the casualties shows that six negroes and five whites have been killed and ten negroes and twenty whites wounded since the trouble began. His companion, Leonard Pierson, is safe in jail.

Tugboat Boiler Burst, Two Killed.

The balance of the crew, including Capt. Oliver Crowder, were more or less injured, but it is thought all will recover. The Templar had in tow the schooner Nellie P. Morse, and was just rounding into port at Canton Hollow when the boilers burst, and she literally disappeared from the face of the water, leaving nothing but a mass of splintered wood to show that she had ever existed. The survivors were picked up by the police tug Lannan.

Our Minister to Settle the Question of His Deliverance.

Washington, July 31.—The effect of yesterday's news from China was to freshen the hope that the government can soon get in direct communication with Minister Conger. The mass of testimony as to his being alive as late as the 22d inst. is now so great as to warrant the department in resuming the consideration of projects for the future. With all of its anxiety to get Mr. Conger and the Americans in Peking safely away the department is proceeding with proper caution and is by no means disposed to accept any proposition that would unduly jeopardize their lives. Such might be the result of an official acceptance of the proposition to have the Chinese government deliver the foreign ministers at Tien Tsin, for it is realized that the escort might be overpowered by superior forces of Boxers on the way to the sea. The state department has come to the conclusion that Mr. Conger himself is the best person to judge of the conditions under which his deliverance shall be effected, and therefore, it is again looking to the Chinese government to place it in communication with Mr. Conger in order that it may be advised by him. That requirement was the first of the conditions laid down by President McKinley in his answer to the appeal of the Chinese emperor, so that the situation diplomatically cannot be said to have been materially changed. The state department was inclined to regard Consul Fowler's communication as the most valuable piece of confirmatory evidence yet received touching the safety of the Peking diplomats. According to this dispatch the ministers (except the German minister) were safe July 22, though some of the legionnaires had been killed. The German loss was 10 dead and 12 wounded. Ten battalions of Chinese shelled the legation from June 29 to July 17. Up to a late hour no answer had been received to the second Conger message, but in view of Consul Fowler's news the officials were inclined to look forward to an early reply. Gen. Caffre reported yesterday his arrival at Taku in advance of the expected time.

Mollineux Gets a Long Delay.

New York, July 31.—Judge Dugro, of the supreme court, yesterday handed down a decision denying the petition of Weeks and Battle, attorneys for Roland B. Mollineux, for a writ of mandamus to compel Recorder Goft to summarily decide the Mollineux appeal papers. Judge Dugro's decision means a delay of many months in Mollineux's case, during which time the condemned man must stay in the death cell.
