Headache and Neuralgia cured by Dr. Miles' Pain Expeller. "One cent a cure."

To Stay in Selinsgrove.

That Susquehanna University will remain in Selinsgrove has been settled.

Work will begin in a few days on a new building, and the uncertain condition of affairs which has existed since June has by reason of the weak cause of the uninformed agitators gravitated back to the former and normal basis.

The Rev. A. N. Warner, it is stated, will invest a goodly amount of his private purse to push on the new buildings to completion.

During the civil war, as well as in our late war with Spain, diarrhoea was one of the most troublesome diseases the army had to contend with. In many instances it became chronic and old soldiers still suffer from it. Mr. David Taylor, of Wind Ridge, Greene Co., Pa., is one of these. He uses Chamberlain's Colic, Cholera and Diarrhoea Remedy and says he never found anything that would give him such quick relief. It is for sale by all druggists.

BRITONS OPTIMISTIC.

They Now Believe the Foreign Ministers Safe in Peking.

BRITISH MINISTER HEARD FROM.

Sir Claude Macdonald Sends a Cipher Message Telling of the Safety of the Legation—State Department Expects to Hear From Conger Soon.

London, July 31.—A cipher message yesterday from Sir Claude Macdonald, the British minister at Peking, and dated July 21, is accepted on all sides as dispelling any doubts that might still have existed regarding the genuineness of the dispatches. Owing to an error in transmission the message fails to show the number of wounded. David Oliphant and Warren were two student interpreters. Sir Claude's message is as follows:

"British legation, Peking, June 20 to July 16 repeatedly attacked by Chinese troops on all sides. Both rifle and artillery fire. Since July 16 an armistice, but a cordon is strictly drawn on both sides of the position. Chinese barricades close to ours. All women and children in the British legation. Casualties to date 32 killed, including Capt. Strouts. A number of wounded in hospital, including Capt. Halliday. Rest of legation all well except David Oliphant and Warren, killed."

The message fails to mention the other legations and other matters of pressing importance to know, but it should be borne in mind that the British minister may not be aware that all his previous dispatches have been suppressed. He may be under the impression that the government is fully posted regarding all recent occurrences.

Apart from this dispatch there is practically no fresh news, although a special from Tien Tsin asserts that the British and American forces are getting ready to advance within 48 hours.

Li Hung Chang remains at Shanghai. He says that the great heat prevents him continuing the journey to Peking.

Dispatches received on Sunday declared that the ambassadors were "held as hostages pending the result of overtures for the abandonment of hostilities against China."

Catawissa has a number of cases of typhoid fever.

Monster Strike Threatened.
 Cincinnati, July 31.—Charles H. Davis, of Newport, Ky., vice president of the Amalgamated Association of Iron and Steel Workers, stated today that a strike of 24,000 puddlers in the United States is probable. They demanded an increase of from \$5 to \$5.50 a tap, and the committees from the unions and employers have failed to agree. The independent mills are willing to grant the demands, according to Davis, but the others are not, and if the demands are not granted within two weeks Davis declares a general strike will be ordered.

Roger Wolcott For Italian Mission.
 Washington, July 31.—The president has tendered the appointment of ambassador to Italy to former Governor Roger Wolcott, of Massachusetts. The Italian government has been asked whether Mr. Wolcott would be acceptable to it in such a capacity, a formal way observed in international relations. So far no response has been received to either of the inquiries. Mr. Wolcott is supposed to be in France, and the president has communicated with him by cable, so that an early answer is expected.

GENTLEMEN:—Our family realize so much from the use of GRAIN-O that I feel I must say a word to induce others to use it. If people are interested in their health and the welfare of their children they will use no other beverage. I used them all, but GRAIN-O I have found superior to any, for the reason that it is solid grain. Yours for health,
 C. F. MYERS.
