What does it do? it centre the eligiands in the skin to basene more active, making the bair soft and glowy, procinely as

man and a man dandraf and then removes one of the great causes of baldness.

It makes a better circulation in the scalp and stops the hair from coming out.

It Prevents and It Cupes Baldness

Ayer's Hair Vigor will surely make hair grow on bald heads, provided only there is any life remaining in the hair bulbs.

It restores color to gray or white hair. It does not do this in a moment, as will a hair dye; but in a short time the gray color of age gradually disappears and the darker color of youth takes its place.

Would you like a copy of our book on the Hair and Scalp? It is free.

If you do not obtain all the benefits you expected from the use of the Viger write the Doctor about it. Address, DR. J. C. AYER, Lowell, Mass.

A Shanghal special, dated Aug. 6, says: "Li Hung Chang has officially informed the consuls that the ministers left Pekin for Tien Tsin last Friday, Aug. 3, with Gen. Yung Lu in command of the escort. The consuls are by no means disposed to credit Earl Li's statement. All other reports that have reached London up to this hour indicate that the ministers have not left Pekin."

HEAVY LOSS OF THE ALLIES.

Commander Taussig Reports Twelve Hundred Killed and Wounded.

Washington, Aug. 7 .- The announcement received through Admiral Remey and Commander Taussig of reported heavy fighting on the road beyond Tien Tsin was the news of interest in the Chinese situation yesterday. Little doubt was expressed at the navy department that the news was substantially correct. It is probable that a later report may reduce the list of casualties among the international forces, but it is evident that the move on Pekin is at last fairly under way. and that strong opposition has been encountered. The first dispatch, received from Commander Taussig, of the Yorktown, was dated Chefoo, Aug. 6, and was as follows:

"British Fame reports, unofficial, engagement at Peitsang Sunday morning. 3 to 10.30. Allied loss, killed and wounded, 1.200, chiefly Russians and Japanese. Chinese retreating."

The dispatch from Admiral Remey, also dated Chefoo, follows:

"Unofficial report believed reliable. About 16,000 allies heavily engaged Chinese at Peitsang daylight of the Sth.

Peitsang is the first railroad station about eight miles northwest of Tien Tsin, on the way to Pekin.

Opinion among the various officials now in Withington is somewhat divided as to just what is presaged by yesterday's events. The more optim-istic are inclined, to think that such a severe blow as the Chinese must have received at Peitsang will result in the speedy disintegration of the forces now opposing the march of the international column. In line with this prediction it was prohesied that the Chinese government would find means to send the ministers from Pekin under escort, and thus stave off the advance upon the capital. On the other hand there were a number of officers, in a position to judge equally well, who held that the fight at Peitsang was only the beginning of a strenuous resistance that would be continued to the gates of Pekin or beyond. It was urged in sup-port of this view that the Chinese had a hundred men to lose against one of the allies; that they were all well armed with modern guns and had apparently an abundance of ammunition.
