Just as a boat which went to their rescue reached his side he loosened his grasp on the women and they sank out of sight. The women were taken ashore, and although the usual methods for resuscitation were resorted to they could not be brought back to life. Schwab's body was not recovered.

ALLIES ENTER PEKIN.

Empress Dowager and Emperor Left Before Entry of Allies.

IMPERIAL PALACE UNDER SIEGE.

Chinese Soldiers Surrounded by Troops of Different Powers and Are Making a Last Stand—Application For Peace Negotiations.

Washington, Aug. 21.—From Gen. Chaffee the war department has received official confirmation of the fall of Peking and the rescue of the besieged legation. Following is the text of the dispatch from Gen. Chaffee, dated Peking, Aug. 15, as made public by the war department: "We entered legation grounds at 5 o'clock last night with Fourteenth and light battery. Eight wounded during day's fighting; otherwise all well." Only two battalions of the Fourteenth regiment are with Gen. Chaffee. They comprise about 800 men. This would indicate that only about one-third of Gen. Chaffee's force actually had entered the city at the time he sent his dispatch. Admiral Remey has telegraphed a list of the casualties in the late fighting, among whom are Lieut. Smedley

LIEUT. SMEDLEY D. BUTLER.

D. Butler, Privates Greene and Wardell, all slight. This is the second time Lieut. Butler has been wounded. The Japanese minister, Mr. Takahira, has received the following advice from the Japanese foreign office at Tokio: "The Japanese consul at Chefoo wired under date of Aug. 17 to the following effect: 'The foreign forces attacked on the eastern side of Peking on Wednesday morning. The enemy obstinately resisted. In the evening the Japanese entered the city through the gate and the Tung Chih gate of the Tartar city and succeeded in entering. In the meantime other foreign forces entered the Chinese city by the Tung Pien gate. Detachments were sent immediately to the legations and opened communications. The ministers and staffs were found safe. The Japanese loss was over 100, including three officers, namely, Capt. Michiye and Lieut. Watanabe wounded, while Lieut. Yazaki was killed. The Chinese loss computed at about 400.'"

"After entry in Peking was effected by the allied troops, the Chinese troops on Aug. 15, betook themselves to and remained in the imperial palace, and there they met with obstinate resistance by the Chinese troops. Fighting is still going on. The headquarters of the Japanese army is in the legation, and the division is mainly quartered in the villages outside of An Ting Men." Now that the primary object for which the allied armies marched upon Peking, viz., the rescue of the besieged legations, has been accomplished, the drift of discussion in official and diplomatic circles revert to the next step to be taken. The presumption here is that the next move made will be an agreement for an armistice. This may be undertaken by the commanders of the Chinese army and those of the allies on the spot where the fighting appears still to be in progress. This accomplished, the question of the withdrawal of the foreign armies, the payment of indemnities, and many other problems may be left to commissions duly appointed to adjudicate them.

There are 11 nations which have suffered as a result of the Chinese disturbances. All will expect a settlement of damages which have resulted from the boxer outbreak, the murder of missionaries, and the destruction of legation property. Spain is one of these and, although she has not participated in the relief expedition, she has suffered alike with others and will expect to be indemnified for her losses. The dispatches seem to make clear that the emperor and the empress dowager have made their escape from Peking, and that about the only present service of the imperial palace and grounds is an asylum in which the demoralized Chinese soldiers are making a last stand. The Japanese legation's advice show that the banners of the imperial cortege were seen leaving Peking on the 12th, and that probably the empress dowager, as well as the emperor, had left the city. Consul General Goodnow advised the state department that he had information from Chinese sources that the empress dowager had left Peking.

China's latest application for peace negotiations was received early in the day at the Chinese legation, and was transmitted by Mr. Wu to the state department. Earl Li's request is that the United States shall name Minister Conger, or some other official, to act as peace envoy for the cessation of hostilities. He expressed his willingness to go to such point as the powers may desire, and under the intimations made it is thought that Peking or Tien Tsin would be selected for the negotiations. The Chinese envoy proposed no terms as to the withdrawal of troops, and made no other suggestion as to what was to come before the commis-

IS YOUR HAIR TURNING GRAY? What does your mirror say? Does it tell you of some little streaks of gray? Are you pleased? Do your friends of the same age show this loss of power also? Just remember that gray hair never becomes darker without help, while dark hair rapidly becomes gray when once the change begins. Ayer's Hair Vigor will bring back to your hair the color of youth. It never fails. It is just as sure as that heat melts snow, or that water quenches fire. It cleanses the scalp also and prevents the formation of dandruff. It feeds and nourishes the bulbs of the hair making them produce a luxuriant growth. It stops the hair from falling out and gives a fine soft finish to the hair as well. We have a book on the Hair and Scalp which you may obtain free upon request. If you do not obtain all the benefits you expect from the use of the Vigor, write the doctor about it. Address, Dr. J. C. Ayer, Lowell, Mass.

his sole anxiety being to secure the cessation of hostilities. The application is understood also to have been made to the other powers in the hope that if all would name a commissioner there would be a general council of peace between Li Hung Chang on the one hand and the several representatives of the nations on the other. Aside from the fact that the conditions of Aug. 12 have not yet been complied with by China, it is probable that the government would desire to take sufficient time to learn what the other powers intend doing on the same line, as all are acting in unison. Moreover, there are some unexplained features of Li Hung Chang's application, one of them being that while he asks the allies to cease hostilities, he gives no assurance that he has the power to make the Chinese army and the rebellious Boxers cease hostilities.

Russians Defeat Chinese. St. Petersburg, Aug. 21.—Gen. Orloff, chief of staff to the Russian forces in China, reports to the Russian war office the defeat of 7,000 Chinese after a hard fight, the capture of Yik Shi Pass and the occupation of Meduchai. An imperial ukase has been issued prohibiting the exportation of arms or ammunition to China.

POWERS FOUND GUILTY

Of Complicity in the Killing of William Goebel. Georgetown, Ky., Aug. 20.—Caleb Powers, former secretary of state, was on Saturday found guilty of complicity in the shooting of Senator Goebel and was sentenced to imprisonment for life. There was a great crowd in and around the court house when the verdict was returned and sentence pronounced. The jury was out only about 45 minutes. Only one ballot was taken. It resulted unanimously in favor of life imprisonment. The jury was composed of eight Goebel Democrats, three anti-Goebel Democrats and one Republican.

Several of Powers' friends crowded around and expressed their sympathy with him. Powers seemed dazed. For a few moments he was at the point of fainting, but he recovered himself with an effort. "It is an unjust verdict," he said as he turned to go with Jailer Reid. There was no sort of demonstration following the verdict, and the vast crowd fled out of the court house almost in silence. Powers remained in the court room for some time after the verdict was rendered, in conference with his attorneys, who will at once move for a new trial, and, failing in that, will take an appeal.
