FATAL ACCIDENTS IN PITTSBURG.

ing the Record of Sunday-Mine harvest truly is great, but the laborers are few; pray ye therefore the Lord Fire at the Primrose Colliery at Mahanoy City.

Pittsburg, Aug. 20 .- Four drownings and one death by burning is Pittsburg's fatal accident record for the day. The dead are: Chris. Paffenbach, aged 50, fell from a raft in the Allegheny river, was drowned: Edward G. Brillinger, 8 years old, fell from a raft while fishing in the Allegheny river and was drowned before he could be rescued; James Gallagher and Hugh McGrady, boys, were drowned together while swimming in the Monongahela. Mc-Grady got beyond his depth and Gallagher in attempting to rescue him was pulled under, and neither came to the surface again. Mrs. Mary C. Boyd, wife of the assistant superintendent of the New York and Cleveland Coal company at Oak Hill, was burned to death in a peculiar manner. She was clean-ing a rusty saw and was using what she thought was claine oil as a cleanser. She placed the five gallon can on the floor about six feet from the stove and turned around to get a rag. Immediately there was an explosion. She ran from the house a mass of flames, and though her husband quick-Mrs. Harrington had not re-1 ly wrapped her in a blanket and rned home yesterday and Harring- | smothered the flames, she was so badly burned that she died in agony three hours later. Mr. Boyd thinks his wife had the gasoline can instead of the oil can, which would account for the explosion. While the neighbors were working over Mrs. Boyd her house burned to the ground.

Battling With Mine Fire.

Mahanoy City, Pa., Aug. 20 .-- After many hours' of desperate battling with deadly white damp, one of the successive rescuing parties succeeded yester-day in locating the bodies of George and William Tompkins and Charles Iritis, who were entombed on Satur-day in the burning Primrose colliery. The bodies were found near the middle of the tunnel. They were lying in a heap. The three men were on their way down the slope to avoid the smoke, passed a surface air hole, and missed a chance to escape. The 60 mules which were in the mine when it was discovered on fire are also dead, and have been raised to the surface. The fire is still burning furiously, and the mine officials are bending every effort to extinguish the flames.

[Prepared by H. C. Lenington.] THE LESSON TEXT.

(Luke 10:1-11, 17-29.) 1. After these things the Lord appointed other 70 also, and sent them two and two before His face into every city and place. whither He Himself would come.

2. Therefore said He unto them, The

are few; pray ye therefore the Lord of the harvest, that He would send forth laborers into His harvest.

 Go your ways; behold, I send you forth as lambs among wolves.
 Carry neither purse, nor scrip, nor thoes; and salute no man by the way.

5. And into whatsoever house ye enter,

first say, Peace be to this house 6. And if the son of peace be there, your peace shall rest upon it; if not, it shall turn to you again.

7. And in the same house remain, eatfor the laborer is worthy of his hire. Go not from house to house

8. And into whatenever city ye enter, and they receive you, cut such things as are set before you.

9. And heal the sick that are therein. and say unto them. The kingdom of God is come nigh unto you.

10. But into whatsoever city ye enter, and they receive you not, go your ways out into the streets of the same, and say II. Even the very dust of your city, which cleaveth on us, we do wipe off against you; notwithstanding be ye sure of this, that the kingdom of God is come

nigh unto you. 17. And the 70 returned again with joy saying, Lord, even the devils are subject unto us through Thy name

18. And He said unto them, I beheld Satan as lightning fall from Heaven. 19. Behold I give unto you power to trend on serpents and scorptons, and over all the power of the enemy, as nothing shall by any means hurt you. Notwithstanding in this rejoice not, that the spirits are subject unto you;

but rather rejoice, because your names are written in Heaven. GOLDEN TEXT.—The barvest truly is great, but the laborers are few-

Luke 10:2, NOTES AND COMMENTS.

After the feast of tabernacles Jesus returned to Galilee. He was there but a short time when He prepared to leave on what He knew was His last journey to Jerusalem. He sent messengers into a Samaritan village to prepare a place for Him, but the Samaritans refused to Monday, Oct. 1, 1989 receive Him, so they were compelled to go to another town. On the way He was met by those who wanted to be followers, but were not quite ready. | Busgaman, James M., To them He said: "No man, having Brostus, John F., put his hand to the plow, and looking back, is fit for the kingdom of God."

The Seventy Sent Forth (Verses 1, 2.). -Once Jesus had appointed 12 disciples to be with Him, learn of Him, and Herbster, Charles H., Farmer, preach His evangel. Now He appoints | Hummel, Reuben, Laborer, 70 others for a special service. They were to go two by two into those places where Jesus was to come. Their work was to be a great one in visible results. The harvest, declared Jesus, was great. but the laborers few. They were not only to work themsesives, but were to pray earnestly that God should prepare the hearts of others that they might go into the same work.

Instructions to the Seventy (Verses 3-11.).-For their journey Jesus tells them not to be burdened by unnecessary baggage, carrying only what they could wear. This was because there was need of haste. The same reason applies to the command to "salute no man by the way." We are told that the Jewish salutations were elaborately formal, and occupied so much time as to be a serious hindrance when there | Beachel, John W., Farmer, was reason for haste. When accosted by the conventional "Peace be with Bluger, Jesse, Farmer, thee!" they were to reply: "On thee be peace!" and pass on without stopping for further formalities. Expedition was to be their watchword.

When they arrived in a town they were to partake of whatever hospitality it afforded. If they were welcomed, their peace was to be upon the house and in the town in which they staid. They were not to go from house to house, as was the custom of travelers, but were to attend strictly to their mission, that of healing the sick and preaching the coming of the kingdom of God.

When met with opposition they were to retaliate in no way, but simply go on after warning them that the kingdom of God had come near them, and that from thenceforth the responsibility would be upon themselves for its

Result of Their Labors (Verses 17-19.) .- The 70 did as instructed and returned to Jesus. Their mission had been highly successful. Even the demons had been subject to them in the name of Jesus. Even Jesus had seen a vision of what He was to accomplish, for He had seen the fall of Satan from his power over the hearts of men. as swift and unmistakable as a lightning flash in the skies.

A Warning to Disciples .- However Jesus feels He must warn His disciples against the elation coming from uccess. "Rather," He says, "Rejoice. because your names are written in Rejoicing because of sucess would have been a selfish feeling. but rejoicing because of salvation, while it may at first seem more selfish, keeps the disciple on the watch for the unseen enemies of the soul.

The instructions to the 70 disciples suggest an effective method of work for to-day. Let there be no show, no self-seeking, and no unnecessary ex-

# CONTAGIOUS BLOOD POISON

Contagious Blood Poison is the most degrading and destructive of all diseases, The first sore or ulcer is followed by little red pimples on the body, mouth and throat become sore, the glands enlarge and inflame, copper colored splotches appear, and hair and eyebrows fall out. These are some of the milder symptoms; they increase in severity, finally attacking the vital organs; the body is tortured with rheumatic pains and covered with offensive eating sores.

It is a peculiar poison, and so highly contagious that an innocent person handling the same articles

Mrs.T.W. Lee, Montgomery, Ala, writes:
"Several years ago I was inoculated with polson by a diseased nurse, who infected my taby, and for six long years I suffered untold misery. My body was covered with sores and ulcers. Several physicians treated me, but all to no purpose. The mercury and potash they gave me seemed to add fuel to the awful flame which was devouring me. Friends advised me to try S.S. S. I begantaking it and improved from the start, and a complete and perfect cure was the result."

It is a peculiar poison, and so highly contagious that an innocent person handling the same articles used by one infected with this loathsome disease, may be inoculated with the virus. It can be transmitted from parent to child, appearing as the same disease or in a modified form—like Eczema or Scrofula.

Many an old sore or stubborn skin trouble appearing in middle life, is due and traceable to blood poison contracted in early life. You may have taken potash and mercury faithfully for two or three years and thought you were cured, but you were not, for these poisonous minerals never cure this disease; they drive it from the outside, but it is doing its work on the inside, and will show up again sooner or later. You may not recognize it as the same old taint, but it is. S. S. S. has cured thousands of cases of Contagious Blood Poison, and it will cure you. It is the only purely vegetable blood purifier known, and the only antidote for this poison. S. S. S. cleanses the blood thoroughly of every particle of the poison—there is never any return of the disease. poison - there is never any return of the disease.

CURE YOURSELF AT HOME. Send for our from freatment in all which gives a history of the discuss in all stages, and is the result of many years of close study of blood poison and actual experience in treatat home, and your secret is your own. Should you need any information or medical advice at any time, write to our physicians. They have made a life study of blood diseases, and will give your letter prompt and careful attention.
